Twentieth catalog issued by Lamar Institute of Technology with announcements for 2013-2014.

Lamar Institute of Technology is a member of The Texas State University System.

The provisions of this bulletin do not constitute a contract, expressed or implied, between any applicant, student or faculty member in Lamar Institute of Technology. Lamar Institute of Technology reserves the right to withdraw courses at any time and to change fees, calendars, curricula, graduation procedures, and any other requirements affecting students. Changes become effective when the proper authorities so determine the application to both prospective students and the students already enrolled. For an updated catalog, check www.lit.edu.

Lamar Institute of Technology is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award degrees at the associate level. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call (404) 679-4500, at http://www.sacs.org for questions about the accreditation of Lamar Institute of Technology.

There is no summer graduation ceremony.
Welcome From Our President

Welcome to Lamar Institute of Technology.

Thank you for exploring your postsecondary educational opportunities available at Lamar Institute of Technology. We focus on teaching excellence, student success and community engagement. We are accessible, affordable and fully accredited. LIT is an open-door postsecondary institution ready to serve all students. We are prepared to help you achieve the dreams you dream. We are committed to serving you — our student.

LIT provides a curriculum consisting of more than 50 degree and certificate programs covering a wide range of career and technical educational opportunities both college credit and college non-credit. Our faculty are committed to teaching excellence and are excited about serving you. Our student service team is willing and able to provide the professional assistance you may need to help you successfully reach your educational goals. Come join us to achieve the degrees of success leading to great careers.

Join us and let us serve you.

Sincerely,

[Signature]

Dr. Paul J. Szuch
Lamar Institute of Technology

Accreditation

Lamar Institute of Technology is accredited by the Southern Association of Colleges and Schools, Commission on Colleges to award degrees at the associate level. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, or call (404) 679-4500 for questions about the accreditation of Lamar Institute of Technology.

The Lamar Institute of Technology Dental Hygiene Program is accredited by the American Dental Association Commission on Dental Accreditation. The Respiratory Therapy Program is accredited by the Commission on Accreditation for Respiratory Care. The Diagnostic Medical Sonography Programs are accredited by The Commission on Accreditation of Allied Health Education Programs. The Radiologic Technology Program is accredited by The Joint Review Committee for Education in Radiologic Technology. The Commission on Accreditation for Health Informatics and Information Management accredits the Health Information Technology Program.

Government

A board of nine regents, appointed by the Governor and confirmed by the State Senate for terms of six years, governs The Texas State University System. The Board of Regents delegates the direction of affairs to the president, campus administrative officers, and faculty.

History

Lamar Institute of Technology traces its roots back to March 8, 1923, when the South Park School District in Beaumont authorized its superintendent to proceed with plans to open a “junior college of the first class.” On Sept. 17, 1923, South Park Junior College opened with 125 students and a faculty of 14. Located on the third floor of the South Park High School building, the college shared the library and athletic facilities with the high school. In 1932, separate facilities were provided, and the name of the institution was changed to Lamar College, to honor Mirabeau B. Lamar, second president of the Republic of Texas and the “Father of Education” in Texas.

On June 8, 1942, as a result of a public campaign, a new campus was purchased, and classes were held for the first time on the present-day campus in Beaumont. After World War II, the college grew to 1,079, and a bill to make Lamar a state-supported senior college was introduced in the House of Representatives. The legislature approved the Lamar bill (House Bill 52) on June 4, 1949, creating Lamar State College of Technology effective Sept. 1, 1951. Lamar was the first junior college in Texas to become a four-year, state-supported college. Uniquely, Lamar retained much of its traditional community college mission, particularly in vocational programs, while continuing to grow with strong programs in engineering, sciences, business, and education.

In 1962, a graduate school was established, offering master’s degrees in several fields. The Doctorate in Engineering was established in 1971. In the same year, House Bill 590 became law, changing the institution’s status to university. Lamar State College of Technology, with an enrollment of 10,874, officially became Lamar University on Aug. 23, 1971.

Vocational subjects were among the first courses offered by Lamar and played an important role in the development of Lamar. A Division of Vocations was established in 1946 and became the Lamar School of Vocations in 1955. In 1970, the name was changed to the School of Technical Arts, and in 1972, it became the College of Technical Arts. During 1971, the college began awarding Associate of Applied Science degrees in certain two-year programs.

In 1969, an extension center was opened in Orange, and in 1975, the long-standing private two-year Port Arthur College became Lamar University at Port Arthur. The Lamar University System was established by the 68th Session of the Texas Legislature with the passage of SB 620, which took effect in August 1983. On September 1, 1995, the Lamar University System was abolished, and the components became members of The Texas State University System.

On Sept. 1, 1995 the Institute of Technology was established as an educational center of Lamar University and a member of The Texas State University System. The Texas Legislature changed the name of the institution to Lamar Institute of Technology in 1999.

On Dec. 4, 2000, the Southern Association of Colleges and Schools granted separate accreditation to Lamar Institute of Technology.

Location

Lamar Institute of Technology, a member of The Texas State University System, and a state-supported institution, is located in Beaumont, Texas, one of the world’s largest petrochemical centers. Beaumont is a progressive city in the Sunbelt, offering private and public schools, churches, museums, shopping districts, and a wide range of leisure-time activities to serve a metropolitan statistical area of 388,745. A Jefferson County entertainment complex, a civic center, convention center, a performing arts theater, a downtown dining and entertainment district, and coliseum will draw professional entertainers and a wide variety of business, social, and professional groups to the city. Beaumont is convenient to major recreation facilities of Southeast Texas, including the Gulf of Mexico, large lakes and the Big Thicket National Preserve.
Vision and Mission Statements

Vision Statement
Lamar Institute of Technology: focusing on innovative education, training, and career development for tomorrow’s workforce.

Mission Statement
Lamar Institute of Technology provides quality education and training that enable a diverse student population to achieve its educational goals. Programs are enhanced by developing and maintaining partnerships with business, industry, and the community. Faculty are dedicated to teaching, advising, and scholarship. Both faculty and staff work to serve the Institute and the community.

Goals
The Institute of Technology recognizes its obligation to make available to the community all the opportunities implicit in its function as a part of The Texas State University System. In an effort to achieve this goal, the specific objectives of the college are as follows:

I. Quality
   IA. To provide professionally competent faculty and staff.
   IB. To demonstrate excellent and effective teaching.
   IC. To provide student-oriented faculty and staff.
   ID. To provide competent graduates.
   IE. To create an environment conducive to academic excellence and growth for all students.
   IF. To provide and maintain safe, healthy physical facilities.
   IG. To provide an active student development program to foster student participation in Institute actions.
   IH. To develop programs to attract regional, state, and national recognition.
   II. To provide guidance services to assist each student in making an appropriate vocational choice.
   IJ. To provide education and training which allow graduates to advance rapidly in their chosen fields.
   IK. To instill in students the desires to learn, which will guide their growth in their professions.
   IL. To provide in-service training to persons currently employed in Southeast Texas.

II. Adaptability
   IIA. To respond to community needs by designing curriculum and instructional methodologies and to provide the technological equipment relevant to changing society.
   IIB. To ensure continued professional competence of faculty and staff in teaching, creative endeavors, and service.

III. Accessibility
   IIIA. To provide open access for those who wish to attend.
   IIIB. To recruit students for the technical and vocational post-secondary programs.
   IIIC. To provide services for the community.

IV. Diversity
   IVA. To promote a belief in the dignity, equality, and value of every person.
   IVB. To recruit and maintain a diverse student population.
   IVC. To decrease gender-bias stereotyping within traditional vocational/technical programs.

Core Values
The Institute of Technology adopted five Core Values in December 2010.

Community
We cultivate partnerships that develop solutions to community challenges which are important to economic vitality and quality of life.

Excellence
We strive for excellence in instruction and service by upholding high academic and professional standards, providing a quality educational environment, and continuously seeking improvement in all aspects of our work.

Innovation
We pursue excellence in teaching and learning through encouragement and support of creativity, experimentation, imagination, originality, entrepreneurial spirit and visionary leadership.

Integrity
We strive to demonstrate high standards of ethical conduct and to celebrate honesty, openness, and trust as keys to our relationships.

Respect
We recognize and value the uniqueness, diversity, and dignity of every individual.
Admission Information

Lamar Institute of Technology welcomes any student interested in education and personal improvement. The Office of Student Services provides complete admissions assistance for entering students. Professionally trained personnel assist prospective students in assembling all admission credentials so that a transition into the college environment can be as smooth and problem free as possible. Correspondence pertaining to admissions should be addressed to the Office of Student Services, Lamar Institute of Technology, P.O. Box 10043, Beaumont, TX 77710.

Lamar Institute of Technology, a two-year college in The Texas State University System, offers educational opportunities through an open admissions policy which admits students who can benefit from post-secondary education. Lamar Institute of Technology admits students without regard to race, color, creed, gender, age, national origin or disabilities. Lamar Institute of Technology does reserve the right to verify the citizenship and residency of any prospective student.

A student may be admitted to Lamar Institute of Technology based on one of the following criteria:

- High School Graduate
- High School Completer
- GED Certificate Holder
- Dual Enrollment Student
- Readmission Student
- Transfer Student
- International Student

All methods of admission listed above require completion of an Application for Admission. Applications can be found online at www.lit.edu or at the Office of Student Services.

Admission to Lamar Institute of Technology does not guarantee admission to specific courses or programs of study. Prerequisites and co-requisites are required for some courses. Lamar Institute of Technology reserves the right to refuse admission or readmission to any applicant who does not satisfy the admission criteria.

Bacterial Meningitis Vaccine

Effective January 1, 2012, students applying to Lamar Institute of Technology must have had a bacterial meningitis vaccine.

An entering student who has been admitted to an institution of higher education or private or independent institution of higher education, must show evidence of receipt of an initial bacterial meningitis vaccination dose or booster during the five-year period preceding and at least 10 days prior to the first day of the first semester in which the student initially enrolls at an institution, or following a break in enrollment of at least one fall or spring semester at the same or another institution. A student is exempt if 1) the student is 30 years of age or older by the first day of the start of the semester, or 2) the student is enrolled only in online or other distance education courses; or 3) the student is enrolled in a continuing education course or program that is less than 360 contact hours, or continuing education corporate training; or 4) the student is enrolled in a dual credit course which is taught at a public or private K-12 facility not located on a higher education institution campus; or 5) the student is incarcerated in a Texas prison.

Communicating with Students

Lamar Institute of Technology communicates with students via e-mail. In some instances, telephone messages are broadcast to select student groups. Examples of information communicated to students include policy announcements, emergency notices, event notifications, financial aid information, course syllabi and requirements, and correspondence between faculty and students. Such correspondence is e-mailed to the student’s official LIT e-mail address.

In order for students to receive e-mails and telephone communications, students must maintain an @lit.edu e-mail account. Students must also report any changes in telephone numbers and mailing address to the Office of Student Services.

High School Graduates (First Time in College)

High school graduates must submit an official high school transcript and an LIT Application for Admission. Students who plan to complete an Associate of Applied Science degree must submit the results of the TSI Assessment test. Students who plan to complete an Associate of Applied Science degree and register prior to August 22, 2013 must complete the COMPASS Test.

General Equivalency Diploma (GED) Holders

A holder of a General Equivalency Diploma (GED) certificate must submit GED scores with an LIT Application for Admission. If applicants do not have a certificate or copy of their GED scores, they should contact their local school districts to request a transcript.

Home School Graduates

The State of Texas considers successful completion of a nontraditional secondary education to be equivalent to graduation from a public high school. Therefore, home school graduates that have completed a ‘nontraditional secondary education’ may register for classes at Lamar Institute of Technology. Graduates must complete an LIT Application for Admissions and submit an official transcript. Graduates that apply and register after August 22, 2013 must complete the TSI Assessment Test. Graduates that apply and register prior to August 22, 2013 must complete the COMPASS Exam or an approved alternative test.
High School Completers

Students who do not have a high school diploma, have not passed the TAKS test nor received a GED may apply for admission to LIT through individual approval.

Individual Approval

A person who is 18 or over may be exempt from the admission requirements and admitted on “individual approval,” provided the admitting officer is convinced that the applicant’s record indicates ability to carry the college work assigned. Students admitted on this condition shall be subject to the same policies and regulations as all other students.

Dual Enrollment

Lamar Institute of Technology has articulation agreements with several school districts to offer dual enrollment or co-enrollment opportunities for high school students. Students must have a 3.0 GPA in high school coursework or show other evidence of special qualifications. High school students attending Lamar Institute of Technology are subject to all requirements regarding assessment, admissions, academic standards, and conduct. To enroll in dual enrollment courses, students must apply using www.ApplyTexas.com or submit a Dual Enrollment Application, Texas Residency Questionnaire, an official high school transcript, and a copy of their TAKS or STAAR scores. Parental permission and permission from the high school principal or designee is required. Dual enrollment students must meet the minimum TAKS scores of 2200 in math and/or 2200 in English / Language Arts with a writing sub score of 3 for academic courses. For technical courses, dual enrollment students must meet the minimum TAKS scores of 2100 in math and/or 2100 in English / Language Arts with a writing sub score of 3.

High school officials should contact LIT after July 2013 for minimum STAAR score requirements for dual enrollment courses.

Readmission

Students previously enrolled at Lamar Institute of Technology (out of school for one long semester or more) must submit an application for re-admission. Re-admission may require a student to complete new statewide testing requirements. Students with unsettled financial debts at any Lamar component or with incomplete records will not be allowed to register until such problems are resolved. Students on disciplinary probation or suspension and/or academic suspension are not eligible to return until the terms of their suspension are complete.

Transfer Students

Transfer students are considered for admission on the basis of their previous university and college records. Applicants must submit an Application for Admission and official transcripts from all universities and colleges attended. Students transferring to LIT must be “in good standing” at previous educational institutions attended. Students on academic suspension/probation from another institution must petition the Vice President for Academic Affairs and Workforce Development for acceptance. Likewise, students who wish to transfer from institutions where they are in disciplinary probation and/or suspension may enter LIT only with the approval of the Vice President of Student Services.

Transfer Students and the Texas Success Initiative (TSI)

Transfer students are subject to the Texas Success Initiative requirements (TSI). Students transferring to LIT from another Texas public institution must meet TSI requirements to enroll. Transfer students from outside Texas or from a private Texas college or university who have made a “C” or better in approved courses for all three skill areas are exempt from TSI. Contact a Student Services Transfer Students Advisor at (409) 880-8321 for more information.

Transferring Coursework

Official transcripts from all colleges or universities must be submitted for evaluation of transfer coursework. Additional documents that demonstrate completion of learning from formal courses sponsored by associations, business, government, industry, and unions will be evaluated to determine transfer of credit. In some instances, students may be asked to supply additional information to assist in the evaluation of transfer coursework. Failure to provide transcripts from all colleges or universities attended and/or other documentation of formal courses may result in denial of the awarding of credit.

Students will be notified of acceptance of transfer work. The period of evaluation may be completed prior to enrollment but may occur at the end of the first academic term in which the student is enrolled.

Acceptance of transfer coursework by Lamar Institute of Technology does not guarantee credit for specific courses within particular programs of study or admission to all programs.

Students are encouraged to inform their advisors of any transfer courses at the time of the initial advisement.

Transfer Guidelines

Lamar Institute of Technology accepts transfer coursework from regionally accredited colleges and universities, non-regionally accredited colleges and universities, military educational training facilities, foreign educational institutions, and limited non-collegiate training facilities.

1. Regionally accredited colleges and universities. Students must submit all official transcripts from all colleges attended.

2. Non-regionally accredited colleges and universities. Students must submit all official transcripts from all colleges attended. Official transcripts must be submitted. Additional documentation may be required prior to acceptance of credit. Coursework will be evaluated in terms of level, content, quality, comparability, and degree program relevance.

3. Military educational training programs. Evaluation of military credit is based upon the evaluation recommendations outlined in the American Council on Education (ACE) Guide to Evaluation of Educational Experiences in the Armed Services manual. Students must submit either a Form DD214 or Form DD256, and a Military Transcript Summary.
4. Foreign educational institutions. Students wishing to transfer college level work to Lamar Institute of Technology from foreign educational institutions must have their official transcripts evaluated by an evaluation service approved by Lamar Institute of Technology. Credit for courses taken at foreign institutions will be awarded according to the policies outlined for transfer students.

5. Non-collegiate training facilities. Credit may be awarded for successful completion of learning acquired from participation in formal courses sponsored by associations, business, government, industry, and unions to the extent that the material is applicable and official certification and/or documentation of skills or competencies achieved is provided. Transfer credit for work accomplished in a non-collegiate setting may also be granted upon individual review only for the programs listed and under the provisions expressed in the LIT Catalog. Many of the recommendations in the American Council on Education (ACE) publication The ‘National Guide to Educational Credit for Training Programs’ and ‘Transfer Credit Practices of Designated Educational Institutions’ are used to determine the award of credit.

The following guidelines may determine the extent of transfer courses, the impact of transfer coursework on grade point average, status at graduation (honors), and transcripted grades.

1. Grades of C or better will be accepted as transfer credit for a course within a degree plan.
2. Courses transferred and applied to a degree plan will be used in the calculation of the cumulative grade point average.
3. Grades of D will be accepted as transfer credit for a course not within a major. Some programs have additional policies that will not allow the transfer of a D. Students are advised to contact individual program advisors for policies about the transfer of a grade of D.
4. Grades of F will not transfer to LIT.
5. Courses transferred and applied to a degree plan will be used to determine ‘honors’ upon graduation.
6. At least 25 percent of the credit hours required for the degree must be earned through instruction offered by Lamar Institute of Technology.

Transfer Dispute

The following procedures shall be followed in the resolution of credit transfer disputes involving lower-division courses:

1. If Lamar Institute of Technology does not accept course credit earned by a student at another institution of higher education, LIT shall give written notice to the student and to the sending institution that transfer of the course credit is denied. LIT shall provide written notice of the reasons for denying credit for a particular course or set of courses at the request of the sending institution.
2. A student who receives notices as specified in item (1) of this section may dispute the denial of credit by contacting a designated official at either the sending or the receiving institution.
3. The two institutions and the student shall attempt to resolve the transfer of the course credit in accordance with The Texas Higher Education Coordinating Board rules and guidelines.
4. If the transfer dispute is not resolved to the satisfaction of the student or the sending institution within 45 days after the date the student received written notice of denial, the institution that denies the course credit for transfer shall notify the Commissioner of Higher Education of the student’s education and its denial and the reasons for the denial.

Veterans

Lamar Institute of Technology holds a contract for educating veterans under the Vocational Rehabilitation Law, known as Public Law Number 16, and is an approved institution of higher education for veterans under Public Law Number 346 and Public Law Number 550.

Lamar Institute of Technology is a Servicemember Opportunity College (SOC). Veterans are encouraged to complete admissions and testing requirements 90 to 120 days prior to the semester for which they wish to enroll. Additional information may be obtained by visiting the office or calling (409) 880-8437.

Veterans who are interested in continuing their education should secure approval from the Office of Veterans’ Affairs. The Veteran’s Affairs Office is available to assist veterans in obtaining their educational benefits. The office also provides advice on program and training opportunities, academic assistance, and advising. Veterans that apply to LIT are not required to complete an assessment test before enrolling in classes. However, they are strongly encouraged to take the TSI assessment to help determine the most successful course of action for their education.

The Veterans Support Office for LIT is located in the Cecil Beeson Building Room 121. For questions, contact 409-839-2007 or email va@lit.edu.

The Veterans’ Affairs Office is located in the Wimberly Student Services Building, Room 101 on the Lamar University campus. Students may communicate with the office in writing (Veteran’s Services, P.O. Box 10017, LU Station Beaumont, TX 77710) or by calling (409-880-8998).

International Student Services and Recruitment

Students from other countries holding a visa other than a permanent resident visa are considered inter-national students. Applicants to Lamar Institute of Technology may be accepted for admission and have a SEVIS I-20 (F-1 visa) or Form DS-2019 (J-1 visa) issued when all requirements have been met. These requirements include:

1. Application for admission.
   https://www.applytexas.org/adappc/gen/c_start.WBX?s_logo n_msg=Y
2. Official secondary school, college, or university records (if applicable) translated in English and evaluated for authentication by an evaluation company approved by LIT. Documents that have not been evaluated properly or that are photocopies are not acceptable. Both of these documents, foreign documents and translation, must be submitted with the application to the International Admissions Office. The transfer evaluation and document authentication must be complete.
completed for all documents in order for the student to be reviewed for admission and/or accepted by LIT. Records must show all subjects taken and grades or marks earned in each, both from the school and on tests given by the Ministry of Education. To evaluate documents, students may select from the following Web sites:
- www.sdr.netfirms.com
- www.gcevaluators.com
- www.JACEINET.com
- www.fcsa.biz/

3. Evidence of sufficient financial support for the current academic year by submitting the International Student Financial Statement, available online at: http://dept.lamar.edu/International/Docs/Financial%20Statement%202011-2012.pdf. This financial statement must be an original, dated within the past six months, and show funds in United States dollars.

4. Most international applicants whose first language is not English must take the Test of English as a Foreign Language (TOEFL), International English Language Testing System (IELTS) or Pearson Test of English (PTE) and have official scores issued directly to Lamar University by the testing agency. The Educational Testing Service will not issue official scores that are more than two years old. Exceptions to the language testing requirement are made for (a) students who have completed a degree or high school diploma in an English-speaking country (USA, Canada, UK, Ireland, Australia, New Zealand, South Africa) (b) students who have completed the highest level of English study at either Lamar Language Institute or the Texas International English Program or (c) students who have completed ELS level 112 at any ELS center. Undergraduate applicants who are required to submit English test scores must have a minimum of 500 on the paper-based TOEFL (61 internet based), 5.0 on the IELTS or 44 on the PTE.

5. $75 non-refundable application fee.

All international application forms, test scores, financial statements, and complete educational records must be on file in the Admissions Office by the dates indicated:
- Fall Semester: April 15
- Spring Semester: September 1
- Summer Semester: January 15

International students who plan to transfer to Lamar Institute of Technology from another college in the United States must be in compliance with the United States Citizenship & Immigration Service federal regulations. Questions concerning admissions should be addressed by the Admissions Office at (409) 880-8888, or by e-mail: internationaladmissions@lamar.edu. If students have questions related to immigration or their I-20, DS-2019 or submitting an acceptable financial statement they should contact international.recruiter@lamar.edu or call 409-880-8356.

Applicants accepted by Lamar Institute of Technology are required to attend a special orientation program for international students. Dates for the program are indicated in the acceptance letter and noted on Form I-20 or Form DS-2019, “Date of Arrival.” The program is designed to facilitate a smooth adjustment to campus. Students whose native language is not English will be tested for English language proficiency upon arrival. On the basis of these test scores, appropriate courses in English may be required.

International students must maintain proof of adequate health insurance coverage with the University Student Insurance Program for the duration of their stay in the United States. Students will not be permitted to register without proof of health insurance coverage with the Student Insurance Program. International students who plan to drive an automobile in the State of Texas must have liability insurance. Special application forms and details on the procedure to follow in making application for admission to Lamar Institute of Technology may be found at http://beacardinal.lamar.edu/international.

**Academic Record Appeals**

Students that completed previous coursework at LIT and have a lapse in attendance may appeal to disregard previous coursework. They may appeal to 1) disregard two successive semesters of coursework and 2) academic credits or grades that were earned at ten or more years prior to the semester in which enrollment is sought.

**Previous Coursework**

After an enrollment lapse of four (4) or more years from Lamar Institute of Technology, individuals may apply for an Academic Appeal. An Academic Appeal allows an individual to disregard a maximum of two entire successive semesters of courses previously completed at LIT. A student must have successfully completed twenty four (24) or more semester credit hours of coursework with a minimum 2.2 grade point average at LIT. A student may then petition to disregard a maximum of two entire successive semesters of courses previously completed at the Institute. The petition shall be filed with the department chair, whose recommendation will be forwarded to the Vice President for Academic Affairs and Workforce Development for a final decision. After being approved, disregarded work shall not count in determining the student’s grade point average for academic progress or for graduation.

**Academic Fresh Start**

Applicants that seek admission to LIT and have academic credits or grades that were earned ten or more years prior to the semester in which enrollment is sought, may elect enter under the terms of Academic Fresh Start Policy. The Academic Fresh Start Policy allows an applicant to petition LIT to not consider, in the admission process and graduation requirements, course credits or grades earned ten years or more years prior to admission. Applicants that want to seek entry under this section will not receive credit for courses taken ten or more years prior to enrollment. Applicants applying under Academic Fresh Start are subject to standard admission and testing criteria. Applicants must deliver a written request to the Vice President for Academic Affairs and Workforce Development two weeks prior to the semester the applicant plans to enroll.
Texas Success Initiative (TSI) Assessment

Effective August 22, 2013, the Texas Higher Education Coordinating Board will implement new TSI rules. Students registering after the first day of class in the Fall 2013 Semester will be required to take the TSI Assessment Exam to determine their college readiness before enrolling in a college credit bearing course.

Individuals should consult the website at www.LIT.edu for the most current information on TSI Assessment, testing, placement and exemptions. An assessment test is required by Texas law to ensure that all graduates of Texas public colleges possess the academic skills necessary to perform effectively in the workplace.

Prior to August 22, 2013, Students seeking an Associate of Applied Science Degree, unless otherwise exempt, are required to take the COMPASS® test or any other Texas state-approved placement test (ASSET or ACCUPLACER) before enrolling in courses. Prior to graduation with an Associate of Applied Science Degree, students must complete TSI requirements.

After August 22, 2013, students seeking an Associate of Applied Science Degree, unless otherwise exempt, are required to take the TSI Assessment Exam before enrolling in courses. Prior to graduation with an Associate of Applied Science Degree, students must complete TSI requirements.

The TSI Assessment Exam is a comprehensive computerized adaptive testing system that helps place students into appropriate college credit courses or developmental courses. Placement and diagnostics exams are offered in mathematics, reading, and writing. Scores are available to students upon completion of the exam.

To register for the TSI Assessment Exam, students must pay a testing fee at the Cashier’s Office then schedule an appointment to complete the TSI Assessment Exam in the Testing Center. Students may schedule a testing appointment for a specific day and time or may take the test immediately. Testing appointments are dependent upon the availability of computers in the Testing Center. For information about the hours of operation, contact the Testing Center or view the LIT Web site. All days and times are subject to change. For more information concerning the TSI Assessment Exam, please contact the Testing Center staff at (409) 839-2027 or testingcenter@lit.edu.

Developmental Education Guidelines
Effective through August 21, 2013

Math

<table>
<thead>
<tr>
<th>If students:</th>
<th>Then they:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Score 39 or higher on the COMPASS MATH, Score 32-38 on the COMPASS MATH</td>
<td>May enroll in MATH 1332 or MATH 1314.  May enroll in TMTH 0132 and MATH 1332 or TMTH 0114 and MATH 1314.</td>
</tr>
<tr>
<td>Score below 32 on the COMPASS MATH,</td>
<td>Must enroll in TMTH 0374 or TMTH 0375.</td>
</tr>
<tr>
<td>If students enrolled in TMTH 0375:</td>
<td>Then they:</td>
</tr>
<tr>
<td>Pass TMTH 0375.</td>
<td>May enroll in MATH 1314.</td>
</tr>
<tr>
<td>If students enrolled in TMTH 0375 or 0374:</td>
<td>Then they:</td>
</tr>
<tr>
<td>Score 39 on the COMPASS MATH during the semester,</td>
<td>May leave the class with the grade they have earned at that point and may enroll in MATH 1332 or MATH 1314 the next semester.</td>
</tr>
</tbody>
</table>

Writing

<table>
<thead>
<tr>
<th>If students:</th>
<th>Then they:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Score 59 or higher on the objective COMPASS Writing Skills Placement portion and 5 on the essay portion, OR a 6 on the essay regardless of objective score, Score below a 59 on the objective COMPASS Writing Skills Placement portion and below a 6 on the essay,</td>
<td>May enroll in ENGL 1301. Must enroll in BWRT 0372.</td>
</tr>
<tr>
<td>If students enrolled in BWRT 0372:</td>

<td>May leave BWRT 0372 with the grade they have earned up to that point in the semester in the course. May enroll in ENGL 1301 the following semester. May leave BWRT 0372 with an A in the course and may enroll in ENGL 1301 the following semester.</td>
</tr>
</tbody>
</table>

Reading

<table>
<thead>
<tr>
<th>If students:</th>
<th>Then they:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Score an 81 or higher on the COMPASS READING,</td>
<td>Have passed and may enroll in courses which require passing TSI Reading score as a prerequisite, such as HIST1301 or PSYC2301. Must enroll in BRDG 0372.</td>
</tr>
<tr>
<td>Score below an 81 on the COMPASS READING,</td>
<td></td>
</tr>
</tbody>
</table>
If students enrolled in BRDG 0372:  
Score an 81 during the semester,  
Pass BRDG 0372,  
Then they:  
May leave the class with the grade they have earned at that point.  
Have completed the Developmental Reading requirement.

Developmental Education Guidelines  
Effective after August 21, 2013 for new students.

Math  
If a student's degree plan requires MATH 1332:  
Score ≥350 on the TSI Assessment for Math  
Score ≥343 on the TSI Assessment for Math  
Score ≥336 on the TSI Assessment for Math  
Then they:  
May enroll in MATH 1332.  
Must enroll in TMTH 0132 and MATH 1332.  
Must enroll in TMTH 0374.

If a student's degree plan requires MATH 1314:  
Score ≥350 on the TSI Assessment for Math  
Score ≥346 on the TSI Assessment for Math  
Score ≥336 on the TSI Assessment for Math  
Then they:  
May enroll in MATH 1314.  
Must enroll in TMTH 0114 and MATH 1314.  
Must enroll in TMTH 0375.

Writing  
If students:  
Score ≥363 on the TSI Writing Exam and 4 on the essay portion, OR a 5 on the essay regardless of objective score,  
AND pass TSI Reading Exam,  
Score <363 on the TSI Writing Exam,  
If students are enrolled in BWRT 0372:  
Score ≥363 on the TSI Writing Exam and 4 on the essay portion, OR a 5 on the essay regardless of objective score,  
Then they:  
May enroll in ENGL 1301.  
Must enroll in BWRT 0372.

If students are enrolled in BWRT 0372:  
Score ≥363 on the TSI Writing Exam and 4 on the essay portion, OR a 5 on the essay regardless of objective score,  
Then they:  
May leave BWRT 0372 with the grade they have earned up to that point in the semester in the course. May enroll in ENGL 1301 the following semester.

Reading  
If students:  
Score ≥351 on the TSI Reading Exam  
Score ≥342 on the TSI Reading Exam  
If students enrolled in BRDG 0372:  
Score ≥351 on the TSI Reading Exam  
Then they:  
Have passed and may enroll in courses which require passing TSI Reading score as a prerequisite, such as HIST1301 or PSYC2301.  
Must enroll in BRDG 0372.  
May leave BRDG 0372 with the grade they have earned up to that point in the semester in the course. May enroll in ENGL 1301 the following semester.

Texas Success Initiative (TSI) Exemptions  
The following criteria are TSI exemptions:  
• A graduate with an associate or higher degree from a regionally accredited institution of higher education.  
• A student who transfers from a private or independent institution of higher education or an accredited out-of-state institution of higher education and who has satisfactorily completed college level course work of at least six equivalent credit hours (three algebra, three designated writing/reading courses) with a grade of “C” or better. The following courses are approved college level courses that must be used to satisfy TSI exemptions:  
  Writing  
  ENGL 1301 (Composition I); or  
  ENGL 1302 (Composition II)  
  Reading  
  HIST 1301, 1302 (U.S. History);  
  ENGL 1301 (Composition I);  
  ENGL 2321, 2322, 2323 (British Literature);  
  ENGL 2331, 2332, 2333 (World Literature);  
  ENGL 2326, 2327, 2328 (American Literature);  
  PSYC 2301 (General Psychology); or  
  GOVT 2301, 2302, 2305, 2306 (American Government)  
  Mathematics  
  MATH 1332 (College Mathematics);  
  MATH 1333 (College Mathematics);  
  MATH 1314 (College Algebra);  
  MATH 1316 (Plane Trigonometry); or  
  at the discretion of the institution, a grade of ‘C’ or better in a more advanced mathematics course for which any of the above are prerequisites.

• Partial exemption: At least three college-credit hours of College Algebra exempts students from the developmental math requirement, at least three college-credit hours of approved designated reading/writing classes exempts
students from developmental reading AND developmental writing.

- A student who transfers from any public Texas institution of higher education with completed requirements for Texas Success Initiative (TSI). Transcripts must be evaluated by the transcript evaluator.

- A student who is serving on active duty as a member of the armed forces of the United States, the Texas National Guard, or as a member of a reserve component of the armed forces of the United States and has been serving for at least three years preceding enrollment. Documentation is required.

- A student who, on or after August 1, 1990, was honorably discharged, retired, or released from active duty as a member of the armed forces of the United States or the Texas National Guard, or service as a member of a reserve component of the armed forces of the United States.

- Students not seeking a degree.

- ACT composite score of 23 with a minimum of 19 on both the English and Math tests. All scores must be attained in one sitting. Scores are valid for five years.

- SAT combined verbal and math scores of 1,070 with a minimum of 500 on both the verbal and math tests. All scores must be attained in one sitting. Scores are valid for five years.

- For a period of five (5) years from the date of testing, a student who is tested and performs at or above the following standards that cannot be raised by institutions:
  - A) on the Eleventh grade exit-level Texas Assessment of Knowledge and Skills (TAKS) with a minimum scale score of 2200 on the math section and/or a minimum scale score of 2200 on the English Language Arts section with a writing subsection score of at least 3, shall be exempt from the TSI Assessment required; or
  - B) STAAR end-of-course (EOC) with a minimum score of Level 2 on the English III shall be exempt from the TSI Assessment for both reading and writing, and a minimum score of Level 2 on the Algebra II EOC shall be exempt from the TSI Assessment for the mathematics section.

Lamar Institute of Technology reserves the right to change fees in keeping with acts of the Texas Legislature and The Texas State University System Board of Regents.

Tuition

Tuition is based upon the number of semester credit hours for which students register and is determined by the student’s classification as a Texas resident or a Non-Texas resident. Determination of legal residence for tuition purposes is determined by the statutes of the State of Texas by the Office of Admissions. The current rate is $113.80 per semester credit hour for Texas residents and $464.80 per semester credit hour for Non-Texas residents.

Residency Status

A student’s state of residency is determined prior to his or her first enrollment in accordance with rules and regulations established by the Texas State Legislature and Texas Higher Education Coordinating Board. Texas law specifies that if there is any question as to the student’s right to classification as a resident of Texas, it is the student’s responsibility to 1) have his or her classification officially determined, and 2) to register under the proper classification. It is also the student’s responsibility to notify the institution if his or her residency classification changes. Classification will follow the guidelines in the Texas Education Code, Title 3. Detailed information on residency is available in the Admissions Office and the Office of Student Services.

Tuition for Students with Excessive Credit Hours

In accordance with Senate Bill 345, any student who has attempted forty five (45) or more non-remedial, academic semester credit hours beyond the minimum number of semester credit hours required for completion of a baccalaureate degree program may be subject to non-resident tuition rates at a public four-year or health-related institution in Texas. These provisions affect students who initially enrolled as undergraduate students in any public institution of higher education after the Fall 1999 semester. Additional information may be found on the LIT website at www.lit.edu, under Tuition and Fees.

Louisiana Resident Exemptions

Residents of Louisiana who enroll in the Institute of Technology are eligible to pay in-state tuition.

Payment of Fees

A student is not registered until all fees are paid in full or the student has paid the equivalent of a down payment on the installment plan (if available). Payment may be made in person at the LIT Cashier's Office or online. Students may log on to BANNER Self Service to make electronic payments through the TouchNet system. Payment may be made by check, Master Card/Visa/Discover/AMEX, money order or currency. Checks and money orders should be made payable to the Lamar Institute of Technology and will be accepted subject to final payment. The Institute will not accept counter checks, post-dated checks, credit card checks or altered checks. Excess payments will be refunded via direct deposit. Students on a cash-only basis will be restricted to paying by Master Card/Visa/Discover/AMEX, money order,
Payment Amounts

Payment in Full. Students that have paid all their tuition and fees for the semester will be registered for classes.

More than 50% of tuition and fees paid. Students that pay more than 50% but less than 100% of their tuition and fees for a semester will be placed on the Installment Payment Plan.

Less than 50% of tuition and fees paid. Students that pay less than 50% of their tuition and fees for a semester will be dropped from all classes.

Tuition and Fee Refunds

Students may request a refund of tuition and/or fees for dropped courses or withdrawal from the Institute. Refunds are calculated as a percentage of total fees assessed, not as a percentage of partial payments on installments. Refunds are generally processed at the end of the second week past the 12th class day for fall and spring semesters, and two weeks after the 4th class day for summer sessions.

Refund for Dropped Courses

Students who drop courses during the drop period will receive a refund on tuition and fees, based on the following schedule:

Sixteen Week Semester (Fall & Spring Semesters)

During class days:
1. One through twelve......................... 100% of total fees
2. After the twelfth class day............... 0% of total fees

Twelve Week Semester (Fall Late Start & Spring Late Start Semesters)

During class days:
1. One through twelve......................... 100% of total fees
2. After the twelfth class day............... 0% of total fees

Eight Week Semester (Fall 2 & 3, Spring 2 & 3 Semesters)

During class days:
1. One through six............................ 100% of total fees
2. After the sixth class day................. 0% of total fees

Six Week Semester (Summer I, II, & III)

During class days:
1. One through four......................... 100% of total fees
2. After the fourth class day.............. 0% of total fees

Four Week Semester (Jump Start Semester)

During class days:
1. One through three......................... 100% of total fees
2. After the third class day.............. 0% of total fees

Mini Semester

During class days:
1. One through three......................... 100% of total fees
2. After the third class day.............. 0% of total fees

In order to receive a refund for dropped courses, a student must remain enrolled in the Institute. If a student withdraws, after having previously dropped one or more courses, no refunds will be given for the dropped course(s). Students should review Six Drop Rule to understand the limits regarding dropped courses.

Refund for Withdrawal

Students officially withdrawing during the refund period will receive a refund for tuition, Student Center Fee, Student Services Fee, course fee, Library Use Fee, and Technology Service Fee according to the refund schedule below.

Sixteen Week Semester (Fall & Spring Semesters)

Prior to the:
1. First day of class...................... 100% of total fees (less $15 matriculation fee)

During class days:
1. One through five..................... 80% of total fees
2. Six through ten......................... 70% of total fees
3. Eleven through fifteen............ 50% of total fees
4. Sixteen through twenty........ 25% of total fees
5. After the twentieth class day 0% of total fees

Twelve Week Semester (Fall & Spring Late Start Semesters)

Prior to the:
1. First day of class...................... 100% of total fees (less $15 matriculation fee)

During class days:
1. One through five..................... 80% of total fees
2. Six through ten......................... 70% of total fees
3. Eleven through fifteen............ 50% of total fees
4. Sixteen through twenty........ 25% of total fees
5. After the twentieth class day 0% of total fees

Eight Week Semester (Fall 2 & 3, Spring 2 & 3 Semesters)

Prior to the:
1. First day of class...................... 100% of total fees (less $15 matriculation fee)

During class days:
1. One through three..................... 80% of total fees
2. Four through six....................... 50% of total fees
3. After the sixth class day........... 0% of total fees

Six Week Semester (Summer I, II, & III Semesters)

Prior to the:
1. First day of class...................... 100% of total fees (less $15 matriculation fee)

During the class days:
1. One through three..................... 80% of total fees
2. Four through six....................... 50% of total fees
3. After the sixth class day........... 0% of total fees

Four Week Semester (Jump Start Semester)

Prior to the:
1. First day of class...................... 100% of total fees (less $15 matriculation fee)

During the class day:
1. One................................. 80% of total fees
2. Two................................. 50% of total fees
3. After the second class day......... 0% of total fees

Mini Semesters

Prior to the:
1. First class day........................ 100% of total fees (less a $15 matriculation fee)

During the class day:
1. One................................. 80% of total fees
2. Two................................. 50% of total fees
3. After the second class day......... 0% of total fees
The $10 property deposit is refundable upon written request by the student to the Cashier’s Office.

**Withdrawing from the Institute does not relieve the student of any financial obligations under the Installment Payment Program or for any student loans as these are the student’s legal financial commitments.**

**NOTE:** Students withdrawing from the Institute are required to surrender their student identification card and their parking permit. Also, withdrawal from the Institute precludes the student from receiving a refund for dropped courses.

### Summary of Registration Expenses

Each student must plan a budget carefully. It is possible to attend the Institute on a modest sum and yet participate in most of the Institute’s programs. To assist in planning registration expenses, the following estimates are furnished as a guide:

#### Texas resident enrolled in fifteen (15) Semester Credit Hours (Fall and Spring Semesters)*

Course Repeat
The Texas Administrative Code, Rule 13.105 allows institutions to charge a higher tuition rate to a student who 1) repeats a course more than twice or 2) enrolls for a second time in a completed course. Effective January 1, 2011, Lamar Institute of Technology will charge students a higher tuition for repeated courses that may not be submitted for formula funding. The tuition rate will be equal to three times the resident undergraduate rate.

A student is exempted from payment of higher tuition for any course repeated in the final semester or term before graduation, if the course(s) is taken for the purpose of receiving a grade that will satisfy a degree requirement. This exemption applies for only one semester.

A student is exempted from the payment of the higher tuition rate if the payment of the higher tuition rate will result in an economic hardship for the student. An economic hardship may be demonstrated if the student has been approved to receive financial aid.

The following types of hours are exempt and not subject to a higher tuition rate under the Repeated Course Policy:
1. Hours for remedial and developmental courses;
2. Hours for special topics courses;
3. Hours from remedial and developmental courses, workforce education courses, or other courses that would not generate academic credit that could be applied to a degree at the institution if the course work is within the 27 hour limit at two-year colleges;
4. Hours for courses that involve different or more advanced content each time they are taken, including but not limited to, workforce education courses and manual special topics courses; and
5. Hours for continuing education courses that must be repeated to retain professional certification.

The following schedule of fees is applicable to all students, including those in an audit status:

<table>
<thead>
<tr>

</tbody>
</table>

Fees
The following fees are in effect at press time and are used to determine the total amount of tuition and fees. The total amount of the fees assessed is typical of other state institutions in Texas though specific fees will vary from institution to institution. Note that the estimated total tuition and fees assumes that the student is enrolled only on the Institute campus.

Distance Education Fee: A Distance Education Fee of $20 per semester credit hour is assessed for online courses. Students registered for online courses only are not required to pay the

Tuition & Fees  21
Student Center Fee, Health Center Fee, and the Recreational Sports Center Fee if a waiver has been requested at the Cashiers Office. Other fees are required by the Board of Regents or state statute and cannot be waived.

Health Center Fee: The Health Center Fee is a general use fee of $36 per semester to support the Health Center. The fee for summer session is $18 per session.

Laboratory Fee: A Laboratory Fee of $3 is charged each semester for courses with a combined lecture and laboratory instruction.

Late Registration Fee: A charge of $10 is made for late registration or for payment after the start of the semester (not including the second or third payments under the installment plan).

Library Fee: The Library Fee is used to support the library. The rate is $6 per semester credit hour with a maximum of $60. (For more information about the library see Library.)

Matriculation Fee: A Matriculation Fee of $15 will be incurred by students who withdraw prior to the first day of class. This $15 fee will be deducted from refunds.

Parking Fee: Each student who pays the Parking Fee is issued a parking permit that allows the student to park a vehicle on campus. Parking Permits must be displayed as instructed in the official parking and traffic regulations, which are issued when the permit is purchased. Regulations are in effect 24 hours a day. The Parking Fee is assessed when tuition and fees are paid at the Cashier’s Office. Parking Fees are as follows:
- Fall Semester ....................................................... $60
- Spring Semester ..................................................... $40
- Summer Semester ............................................... $20

Only one registration is required during an academic year, and a student’s parking fee is honored until the end of Summer Session II.

Property Deposit: Each student is required to pay a $10 Property Deposit. Any unused portion of the $10 will be refunded upon written request after the students graduates or withdraws from LIT.

Recreational Sports Fee: The Recreational Sports Fee supports the Recreational Sports Center and its programs. The current rate is $75 per Fall and Spring Semester and $37 per summer session.

Student Center Fee: The Student Center Fee supports the Setzer Student Center and its programs. The current rate is $30 per Fall and Spring Semester and $15 per summer session. (For information about the Setzer Center, see Setzer Student Center.) Students that register for off-campus courses only are exempt from the Student Center Fee. Additional exemptions include students registered for cooperative education courses only.

Student Service Fee: The Student Service Fee supports student activities such as LIT’s student government, athletics, recreational sports, the University Press, and other student services. The current rate is $23.75 per semester credit hour with a maximum of $250.00.

Technology Service Fee: The Technology Service Fee supports the administrative mainframe computer and the academic mainframe computer. The rate is $18 per semester credit hour.

Continuing Education Fees
The fees for continuing education courses where students do not receive college credit are based on the cost per contact hour plus registration and laboratory fees.
- Registration fee .................................................... $5
- Laboratory fee ...................................................... $2-30
- Course fee .......................................................... $0-50 per contact hour

Dental Hygiene Fees
The following fees are charged for services provided by the Dental Hygiene Clinic.
- General Public .................................................... $25
- LIT/Lamar students ............................................. $15
- Senior Citizens (65+) ............................................ $15
- X-Rays only .......................................................... $10
- Patients on Public Assistance .............................. $10

Fine and Breakage Fee
A Fine and Breakage Fee may be assessed to a student. Fine and Breakage Fee may be assessed by the library, police department, academic programs, and other units of Lamar Institute of Technology. Fees may be assessed to a student for breakage of equipment, damage of equipment, missing equipment, and facilities or property. A Fine and Breakage Fee must be paid before a transcript may be issued and/or before a student may re-enter the Institute.

The Institute reserves the right to make a special assessment against any student guilty of inexcusable breakage or loss of instructional equipment or other Institute property.

Insufficient Funds Checks
Checks written in payment of registration fees and returned to the Institute due to insufficient funds will result in a $25 check charge plus a late $10 late registration fee or a $15 installment later penalty. Obligations paid by an insufficient funds check are considered delinquent. Students who write insufficient funds checks will be placed on a “cash only” basis.

Miscellaneous Fees
- Transcript Fee ..................................................... $5
- Advanced Standing Examination (per SCH) ............... $25
- Photo Identification Card ...................................... $5

Verification of Student Identity Fees
Students who register / enroll for a distance education course may be required to pay additional student charges associated with verification of student identity.

Tuition and Fee Exemptions and Waivers
Students who feel they may be exempted from some fees should contact the Student Financial Aid Office in the Beeson Building. Some examples of exemptions are:

Dual Campus Students
Students taking classes on both the Lamar Institute of Technology and Lamar University campuses will be entitled to a refund of one Student Center Fee, one Health Center Fee, and one Recreation
Center Fee. The Cashier's Office should be contacted for information regarding dual campus adjustment refunds.

Municipal Firefighters
Municipal firefighters enrolled in Fire Protection Technology courses are exempted from state tuition. To receive this exemption, firefighters must submit proof of employment from their fire departments. Contact the Fire Protection Technology program coordinator for additional information.

Off-Campus Courses
Students enrolled exclusively in off campus classes are not required to pay the Student Center Fee if a waiver has been requested. The student must apply for the waiver at the LIT Business Office.

Online Courses
An additional fee of $20 per semester credit hour will be assessed for online courses. Students enrolled exclusively in online classes are not required to pay the Student Center Fee, Health Center Fee, and the Recreational Center Fee. The student must request the waiver from the Cashier's Office.

Senior Citizen Exemption
Students older than 65 years of age are exempted from the payment of TUITION and DESIGNATED TUITION ONLY on a space-available basis for a maximum of six (6) semester credit hours per term. Seniors may also audit classes on a space-available basis. Contact the Office of Student Services for additional information.

Valedictorians
Valedictorians from accredited high schools in Texas are entitled to an exemption from payment of tuition and laboratory fees for two regular semesters following graduation. Other fees are not exempt. Valedictorians should notify the Admissions Office before registering for courses. The names of valedictorians of all Texas high schools are certified by principals to the Texas Education Agency, and the list is supplied to the Institute for reference.

Veterans (Hazlewood)
Persons who were citizens of Texas at the time of entry into the Armed Forces and who are no longer eligible for federal educational benefits (including Pell Grants) are exempt from tuition and laboratory fees, Student Center and Technology Service Charge fees. This applies to those who served in World War II, the Korean Conflict or the Vietnam War, and were honorably discharged. This exemption also applies to those veterans who entered service after January 1, 1977, and did not contribute under the VEAP program. To obtain this exemption, necessary papers must be presented prior to registration and approval obtained from the Office of Veterans’ Affairs.

The above exemption also extends to children of members of the Armed Forces who were killed in action or died while in the service of World War II, the Korean Conflict, or the Vietnam War. Students must provide a copy of their separation papers (DD 214) and a letter from the Veterans Administration stating that they have no remaining federal education entitlements (G.I. Bill).

Students who expect to attend under some veterans' benefit plan should contact the Office of Veterans’ Affairs 60 to 90 days prior to registration. The Office of Veterans’ Affairs advises veterans on program and training opportunities and provides academic assistance and counseling. Veterans interested in information in these areas should visit this office in the Wimberly Building on the Lamar University campus.

Debt
The Institute is not responsible for debts contracted by individual students or student organizations and will not act as a collection agency for organizations, firms or individuals to whom students may owe bills. Students and student organizations are expected to honor contractual obligations promptly, but in case of flagrant disregard of such obligations, the Business Office or the designated representative will take appropriate action.

Failure to pay all Institute fees by the specified date will result in suspension through the 12th week in the long semester and the fourth week in the summer term. After the 12th week in the long semester and the fourth week in the summer term, failure to pay all fees by the specified date will result in suspension at the end of the current semester and may include (a) denial of readmission, (b) withholding of grades and transcripts, and (c) withholding of degree. Delinquent obligations to the Institute will be sent to a collection agency and reported to credit bureaus. All costs of collections are paid by the student which is generally an additional 33.33% of the student's obligations to the Institute. Delinquent accounts must be paid at the collection agency. Payment cannot be accepted by the Lamar Institute of Technology if the account has been forwarded to a collection agency.

Financial Aid

Financial aid in the form of grants, loans, and/or campus employment is available to qualified students. Initial qualifications for awards and/or disbursements will be assessed based upon financial criteria as determined from results of the Free Application for Federal Student Aid (FAFSA) and any required documentation. Continued eligibility will be contingent on students' annual renewal of the FAFSA along with individually maintained satisfactory academic performance. Details related to these financial and academic requirements are provided in the following sections.

Information regarding programs, policies, rules, regulations, consumer information and eligibility criteria can be obtained from Lamar Institute of Technology, Office of Student Financial Aid, P.O. Box 10043, Beaumont, TX 77710.

How to Apply

Students wishing to apply for grants, loans, and/or work-study programs must file the Free Application for Federal Student Aid (FAFSA) with the Department of Education. This is the first step in
the application process, providing a federally determined degree of financial need for each student. FAFSA results are required for any student seeking financial assistance at LIT.

Students are encouraged to submit the FAFSA application via the Internet. Applying online can greatly reduce response time for initial results and may simplify the renewal process in subsequent years. The Internet address for FAFSA is www.fafsa.ed.gov/.

Students submitting the FAFSA online will receive e-mail notification of tentative eligibility from the Central Processing System. The school will receive an electronic version of this report for each student selecting Lamar Institute of Technology as a preferred school. The federal school code for LIT is 036273. A FAFSA worksheet is available to assist students with their online FAFSA. Worksheets can be obtained from the Office of Student Financial Aid, Lamar Institute of Technology, PO Box 10043, Beaumont, TX 77710.

Additional Requirements
Receipt of electronic FAFSA results will initiate campus based processing of individual student applications for financial assistance. Students are required to establish an official LIT e-mail account for access to important information and notifications. They will be directed to monitor their Self Service Banner Account (Financial Aid Tab) for information related to student status, outstanding requirements and award notifications.

Financial Aid Supplement
Required for all FAFSA applicants at LIT. Collects general information related to enrollment plans, potential outside resources, previous college attendance. Provides valuable information related to student rights and responsibilities with regard to admission, enrollment, satisfactory academic progress, etc.

Verification Documents
Required for all students selected for this federal quality assurance protocol. Requires submission of a verification worksheet along with hardcopy documentation of all household income sources from the specified base year.

Sources of Financial Assistance
Grants
The Pell Grant, designed for undergraduate students is the foundation source for all other need-based assistance programs. A student’s Pell Grant award is directly related to the family’s ability to contribute toward his/her education. The "Expected Family Contribution" is a direct result of the Free Application for Federal Student Aid (FAFSA). No other need-based assistance (grants, loans, work-study) can be awarded until the student’s eligibility for the Pell Grant is determined.

The Federal Supplemental Educational Opportunity Grant (FSEOG) is another federal grant intended for undergraduate students with exceptional levels of financial need, as determined by the FAFSA. Those students with the lowest "Expected Family Contribution", who also qualify for Pell Grants, will receive priority in the awarding process.

The Texas Public Education Grant (TPEG) is based on state provided funding sources and is available to students attending at least half-time on the LIT campus. Texas residents meeting the April 1 Priority Deadline will be given priority in the awarding process. Students with exceptional need as determined by the FAFSA may be awarded one of these grants.

The TEXAS Grant is a state appropriated fund designed for Texas residents. Recent high school graduates who have completed all parts of the "Recommended" or "Distinguished" high school curriculum may be eligible for these funds. These students must show financial need through the FAFSA and must be enrolled at least three-quarter time. An official transcript with the state seal indicating the type of curriculum completed must be submitted for a student to be considered for TEXAS Grant funds.

The Texas Educational Opportunity Grant may be available to Texas residents enrolled at least half-time in an associate’s degree or certificate program on the LIT campus with no eligibility for the original TEXAS grant.

Student Loans
Students interested in qualifying for federal Student Loan Programs may do so after eligibility levels have been determined through submission of the FAFSA. Students may be required to submit a Loan Request Form to the Financial Aid Office to indicate interest in a Student Loan. These long-term loans, with repayment scheduled after graduation, may be obtained under the William D. Ford Direct Loan Program, with Subsidized and/or Unsubsidized Loans available.

First-time borrowers at LIT are required to complete an online Entrance Counseling session. All required paperwork should already be completed for determination of eligibility for other types of aid. Loan Request Forms will be accepted only for those students who have successfully completed preliminary paperwork and passed the Entrance Counseling requirement. Federal guidelines require a mandatory 30 day delay on initial disbursement of any loan funds for first-time borrowers.

Student Employment
Employment opportunities under the Federal and/or State Work-Study Programs allow students to secure part-time jobs to help defray the educational costs incurred during a student’s college career. Positions are available on campus, and through some federally approved not-for-profit agencies. The work-study program allows students to work around their class schedules and gain valuable on the job experience.

When To Apply
The priority deadline for financial assistance at LIT is April 1st each year. Applications for financial assistance should be submitted online and processed by the Central Processing System by April 1st for the following academic year. Processing is completed on a first-come-first-served basis according to receipt of FAFSA results and individual student response to outstanding requirements. Notification of awards for eligible students are available in the BANNER Self Service Module. For students not meeting the priority deadline, processing will continue and awards will be made as long as funds are available. The most desirable types of
aid, however, are normally expended early. Students should make every effort to meet the April 1st deadline.

Summer Financial Aid

Summer is considered to be a "cross-over period" as related to the federal fiscal year and will be treated as a 'trailer' to the preceding academic year (Fall/Spring). Current (continuing) student status must be confirmed for students seeking financial assistance during the summer semesters must meet the following criteria must be met:

- Current Year FAFSA in place and all required paperwork completed
- Upcoming Year FAFSA completed and processed prior to April 1st
- Pre-register for a minimum of six (6) semester hours over the entire summer
- Preregister by posted deadline for summer enrollment for a specific year.
- Submit ‘Summer Aid Request’ form with summer schedule(s) attached. Form is available at www.lit.edu

Satisfactory Academic Progress

Students who want financial assistance for educational purposes must meet and maintain the satisfactory academic progress standards established by federal regulations and institutional policy for eligibility at Lamar Institute of Technology. Such progress will be measured at the beginning of each semester for which a student is applying for assistance. Evaluation will be based on cumulative academic performance to determine if a student is eligible to receive Title IV Student Financial Aid. To comply with the satisfactory academic progress standards and remain academically eligible for assistance, a student must:

- Be a regularly enrolled student in an approved degree or certificate program. Some certificate programs may not be approved for Title IV Funding. Students uncertain about declared majors should contact the LIT Student Financial Aid Office.
- Enroll in courses that are required for their declared degree or certificate program. Financial aid will not be approved for courses taken outside the approved program of study.
- A student may receive financial assistance for courses that must be retaken as a result of receiving less than a passing grade. A student may not receive financial assistance for coursework previously completed successfully, but repeated at the student’s discretion for the purpose of increasing his/her grade point average.
- Transfer credits that are accepted toward a student’s declared program of study will be counted toward both attempted and completed hours.

Qualitative Standards

**PACE** is the rate at which a student is progressing toward declared program of study. This has formerly been referred to as "completion rate" and is calculated using the following formula:

\[
PACE = \frac{Total\ number\ of\ hours\ successfully\ completed}{Total\ number\ of\ hours\ attempted\ over\ career} \times 100\%
\]

Students with a calculated PACE of less than 75% are considered to be "off-pace" with regard to completing the declared program of study and are no longer eligible for financial assistance.

**NOTE:** You DO NOT earn credit hours for the following grades: U, Q, F, or I

**MAXIMUM TIME FRAME** for an undergraduate program cannot exceed 150% of the published length of the declared program of study (degree or certificate). To determine if a student has exceeded the maximum time frame allowed for receiving financial aid for the declared program of study the following formula is used:

\[
MAX = \text{Credit Hours Required} \times 1.50
\]

Attempted Hours must be \( \leq \) MAX for declared program

A student’s academic history will be considered when determining maximum timeframe for eligibility for financial assistance. SAP Status "W" (warning) is assigned for students whose attempted hours are approaching 130% of declared program. Students reaching the 150% Maximum Time Frame are no longer eligible for financial assistance.

Quantitative Standards

**GRADE POINT AVERAGE** represents the average of all grades for a particular semester(s) and when calculated cumulatively for all grades from all semesters based on courses completed up to a given academic term. GPA is calculated using the following formula:

\[
GPA = \frac{Total\ number\ of\ Grade\ Points\ Earned}{Total\ number\ of\ Semester\ Credit\ Hours\ Attempted}
\]

Students with a calculated GPA of less than 2.0 are not considered to be maintaining satisfactory progress and are no longer eligible for financial assistance.

Failure to achieve satisfactory academic progress based on any of the previously defined criteria will result in Financial Aid Suspension and a loss of eligibility for all types of assistance.

Financial Aid Suspension

A student who does not meet one or all of the established standards for satisfactory academic progress will be placed on Financial Aid Suspension. This "Suspension" is separate from overall academic standing and in no way prevents subsequent enrollment by a student at LIT. A student on Financial Aid Suspension is not eligible for any type of financial assistance until such time as his/her cumulative statistics meet or exceed previously defined criteria (PACE, MAX, GPA), or until specific terms and conditions of any Financial Aid Probation agreement are satisfied.
Appealing the Loss of Financial Aid

A student who has been placed on Financial Aid Suspension based on failure to meet one or all of the established standards may file a Letter of Appeal for any of the following reasons:

- The death of a relative.
- An injury or illness of the student, or
- Other special circumstances.

To determine if a student qualifies to present "special circumstances" as the basis of appeal, a student must determine that mitigating circumstances existed which were so significant in nature as to have caused an entire semester(s) of academic performance to fall below acceptable standards. Any such circumstances must be supported by separate written documentation. Acceptable forms of documentation required to accompany a Letter of Appeal include: death certificates, court documents, affidavits, physician statements. Financial Aid personnel cannot be responsible for deciphering and/or interpreting large volumes of random medical records, bills, insurance statements, depositions or irrelevant paperwork.

All appeals and supporting documents must be submitted to the LIT Student Financial Aid office within ten business days of the most recent denial notice.

Student appeals will be considered by reviewing overall academic performance, previous appeal status, and any mitigating circumstances. Failure to present sufficient special circumstances or to provide written documentation to support the basis for an appeal will result in denial of the request.

Exit Counseling

Students that have received financial aid at any time must complete Exit Counseling during the semester they plan to graduate. Students should visit the Financial Aid Office to register for an Exit Counseling meeting.

Financial Aid Probation

If a Letter of Appeal is approved, the student will be placed on Financial Aid Probation. The terms of Financial Aid Probation will involve an Academic Plan designed assist the student in his/her efforts to achieve appropriate academic standing; allowing the student to maintain some or all of the previously awarded financial assistance while demonstrating that he/she can satisfy a set of specific performance related criteria. The student will be required to acknowledge the conditions of their probation, and must agree to abide by all conditions prior to disbursement of any assistance.

Financial Aid Appeals Process

Academic progress decisions are made at the school level and cannot be appealed to the Department of Education. Deadline for submitting financial aid appeals are set on a semester basis and letters and or supplemental documentation will not be accepted after the established dates. Appeal deadlines are as follows:

- Fall Semester: October 5th
- Spring Semester: March 9th

Students desiring to submit a Letter of Appeal should do so within ten (10) business days of their most recent denial. A Letter of Appeal and all supporting documentation should be addressed to the Financial Aid Coordinator; Lamar Institute of Technology; P.O. Box 10043; Beaumont, Texas 77710. Decisions regarding student eligibility will be made by the Financial Aid Department based on information provided by the student. Students who wish to dispute results of the appeal process may do so by submitting a written request for a personal interview with the Financial Aid Coordinator. If satisfaction if not obtained, a final review by the LIT Financial Aid Director may be requested in writing.

Return of Title IV Funds

The Department of Education has changed its policy for students who withdraw from school before the semester has been completed.

Students withdrawing during the first 60% of the semester will owe grant and/or loan funds to the government and/or Lamar Institute of Technology.

According to federal regulations (34 CFR 668.22):

- Any student receiving federal funding, who withdraws prior to completing 60% of the term, must return the unearned portions of any aid disbursed. The applicable returns will be calculated by the school and returned to the proper source within 30 days of the withdrawal, and according to the following sequence:
  1. Loans (Unsubsidized, then Subsidized)
  2. Federal Grants (PELL, then SEOG)
  3. State Assistance
  4. Student (if any credit has been calculated).

THERE IS NO EXCEPTION TO THIS RULE AND YOU CANNOT APPEAL THIS DECISION TO LAMAR INSTITUTE OF TECHNOLOGY

Students withdrawing after the first 60% of the semester at LIT will be responsible for 100% of their tuition and fees.

Referrals of Suspected Fraud or Criminal Misconduct

In the event that an applicant is suspected of participating in fraud or other criminal misconduct in connection with application for Title IV, H.E.A program assistance, the information will be referred to the appropriate college, state and/or federal authorities. These authorities may include, but are not limited to, College Discipline Officer, College Police, Municipal Police and the Office of the Inspector General of the U.S. Department of Education.

Scholarships

A wide variety of scholarships are offered each year to students at Lamar Institute of Technology. Scholarships are funds that cover all or a portion of the student’s educational expenses. There are two types of scholarships awarded through the Institute: those administered solely by LIT and those administered by the Institute at the request of donors, who determine criteria and select recipients themselves. A complete listing of available scholarship funds may be found on the LIT website at www.lit.edu.
Funds administered by the Scholarship Committee are awarded on the basis of academic achievement, programs of study, or special skills demonstrated by students. Consideration is given to extracurricular activities such as leadership positions, career accomplishments, or honors and awards received. Departmental scholarships may also be available based on a student’s chosen field of study.

Students applying for scholarships administered by the Institute of Technology should apply to the Office of Student Financial Aid by between December 15th and February 15th. An academic transcript must be submitted with the scholarship applications if a student wishes to be considered for awards in the upcoming academic year.

## Student Services

The Office of Student Services provides services and programs to enhance the general education and development of students, enrich the quality of student life, and support the teaching and service mission of Lamar Institute of Technology. The Office of Student Services is located in the Cecil Beeson Building, Room 121. Student Services administers policies and procedures related to student life and to the rights and responsibilities that accompany student citizenship. It is the student’s responsibility to be knowledgeable of established LIT policies and procedures and to comply with them.

## Computer Use Policy

Lamar Institute of Technology (LIT) computing facilities are intended to support the academic mission and the administrative functions of the Institute. Employee, Student, and Vendor users of LIT computers and computing facilities have no reasonable expectation of privacy and LIT reserves the right to access, at any time, computers and computing facilities, including any and all data contained therein. The Computer Use Policy states the principles regarding the use of the computing facilities. They complement and supplement other policies concerning appropriate conduct of staff, faculty, students, and vendors.

LIT computing facilities include any computer, computer-based network, computer, peripheral, operating system, software or any combination thereof, owned by Lamar Institute of Technology or under the custody or control of Lamar Institute of Technology. The following principles apply to all LIT staff, students, faculty, vendors, and visitors of the LIT computers and computing facilities. Users shall:

1. Be accountable for using these facilities in an effective, ethical, and lawful manner.
2. Use only those facilities for which they have authorization, whether these facilities are at LIT or at any other locations accessible through a network.
3. Take all reasonable steps to protect the integrity and privacy of the LIT computing facilities including software and. In particular, users shall not share with others the access codes, account numbers, passwords, or other authorization which has been assigned to them.
4. Adhere to the copyright laws regarding software, data, and authored files.
5. Adhere to the policies established by the administrators of external networks such as THENET, LEARN, and NSFNET when using such networks. Users will also adhere to the policies established by the administrators of local or remote computing facilities under the control of LIT.

6. Respect each other’s privacy. This includes, but is not limited to, abstaining from the unauthorized access to e-mail, files, data, and transmissions.
7. Not use the LIT computing facilities for unauthorized commercial activities or for personal financial gain.
8. Not use the LIT computing facilities for any illegal purposes. Such acts include accessing, destruction of, or alteration of data owned by others, interference with access to computing facilities, or harassment of users of such facilities at LIT or elsewhere; unauthorized disruption of LIT computing facilities; attempts to discover or alter passwords or to subvert security systems in any computing or network facility.
9. Not use the LIT computing facilities for any improper purpose, including but not necessarily limited to accessing sites determined, in the institute’s sole discretion, to be obscene or pornographic.
10. Properly identify themselves in any electronic correspondence and provide valid traceable identification if required by applications or servers within the LIT computing facilities or in establishing connections from the LIT computing facilities.
11. Have respect for intellectual labor and creativity. This applies to work of all authors and publishers in all media. It encompasses respect for the right to acknowledgement, right to privacy, and right to determine the form, manner, and terms of publication and distribution. Violation of authorial integrity, including plagiarism, invasion of privacy, unauthorized access, and trade secret and copyright violations, may be grounds for sanctions against computing facilities users.
12. Expect network and system administrators to treat the contents of electronic files as private and confidential. Users should further recognize that, as specified in the relevant administrative policies at LIT, authorized electronic files are private and confidential. Users should further recognize that, as specified in the relevant administrative policies at LIT, authorized LIT personnel has the obligation to take reasonable and appropriate steps to ensure the integrity of LIT computing facilities and to ensure that these policies are observed. Any intrusion into personal files must be in compliance with Institute policies and laws governing such acts; however, it must be recognized that the computers and network systems are the property of Lamar Institute of Technology. At any time supervisors, and other Institute administrative or security personnel may access the contents of any computer.
13. In the event that a user damages any equipment, the user may be held liable.
Maintenance, monitoring, and enforcement of this policy will reside with the LIT administrative body or State and Federal entity, with the support of the appropriate system administrative staff.

Any violation of this Policy may result in disciplinary action in accordance with Institute policies, or prosecution in accordance with state and Federal laws. Employees in violation of this policy may be subject to, and not limited to, disciplinary actions, loss of computing privileges, or termination. Students in violation of this policy may be subject to, and not limited to, disciplinary actions, loss of computing privileges, or dismissal. Vendors in violation of this policy may be subject to, and not limited to, loss of computing privileges. All users in violation of this policy may be subject to prosecution in accordance with State and Federal laws.

By obtaining a user ID and password, and logging onto centrally administered systems, it is implied that the user will adhere to this Computer Use Policy as well as Institutional Policies and Procedures concerning Information Resources.

Limited English Proficiency (LEP)

Lamar Institute of Technology offers support services to students who are classified as Limited English Proficient (LEP). The LEP Coordinator acts as a liaison between students, faculty, administration, and outside agencies. Students should complete the needs assessment (LSQ) form to become eligible for services. Additional forms are located in the LEP office located in the Beeson Building.

Students are encouraged to become a member of Student Offered Services (SOS), an LEP student organization. Services include, but are not limited to, career counseling/advising, bilingual services, translations, CELSA (Combined English Language Skills Assessment) testing for English as a Second Language (ESL) classes, registration assistance, and GED and TSI tutoring. For more information, contact the LEP Coordinator in the Beeson Building, Room 238, or call (409) 839-2094.

Major

Each student must select a major that reflects the program of study they plan to complete. If a student wants to change their major they must have the approval of the department chair of their current major and the department chair of their future major. Students may obtain a Change of Major Form from department offices and the Student Services Office. Change of majors must be requested and approved in writing on the Change of Major Form. Students who want to change their major from a Texas Success Initiative (TSI) waived certificate program to an Associate of Science Degree must request and be approved for the TSI Office. Once approved, the TSI status of the student will be changed.

Orientation

Student Orientation Sessions are planned every term to assist students in building a solid foundation for success at LIT. Orientation Sessions present information that is valuable to students. Information includes registration procedures, resources, and available services. Students are encouraged to complete the admission process and placement testing requirements (unless otherwise exempt) to be eligible to register for classes during orientation. Students will be able to meet with an academic advisor, select courses, and complete the fall registration process. Since the first semester at LIT is important to students’ continued success, all students who are entering for the first time are strongly encouraged to attend orientation.

Personal Information

Personal information, such as an address and telephone number, is used to communicate with students. Students are responsible for notifying Lamar Institute of Technology of any change of name, address, and/or telephone number. Changes must be reported to Student Services. Students may request that directory information not be shared. To prevent the sharing of directory information, students must complete a Release of Information Form and deliver it to the Records Office. The Release of Information Form may be obtained at the Student Services office.

Change of name due to marriage or correction of name because of spelling errors may be made by completing a name change card. All name changes must be accompanied by a copy of the legal document making the name change official. This document will be kept on file in the student’s confidential folder. Former student names will be displayed on all official transcripts.

Student Identification Card (ID)

Students registered for classes at Lamar Institute of Technology must purchase a Student Identification Card (ID). The Student Identification Card must be carried by the student when on the LIT campus. The ID is required to allow LIT students to use LIT student services and campus facilities. LIT faculty and staff have the authority to ask a student to produce a valid Student Identification Card. If a student is unable to produce a current Student Identification Card, they may be required to leave the campus.

Student Identification Cards must be purchased during the registration period. Lost Student Identification Cards must be reported to Student Services and replaced.

Special Populations

LIT offers support services to students who are classified as a Special Population student. Special Population students include: single parents, students with disabilities, displaced homemakers, students with majors nontraditional to their gender and students who are economically or academically disadvantaged. The Institute provides reasonable accommodations as defined in the Rehabilitation Act of 1973, Section 504 and the American Disabilities Act of 1990, to students with a “diagnosed” disability. Bus passes for the City of Beaumont are also available to Special Populations students.

Services provided include career counseling/advising, interpreter services, note takers, scribes, specialized testing arrangements, registration assistance, mobility/ accessibility accommodations, and procurement of assistive/adaptive equipment. Any student
Student Organizations

Student Government Association (SGA)
The Student Government Association services as the representative voice of students. All LIT students are members of the Student Government Association (SGA), which affords each student an opportunity to promote, support, and participate in a well-rounded student life program. The president, vice president, and secretary/treasurer are elected in a general student election in February. Student opinions may be expressed at meetings of the Association during open forums, or ideas, suggestions, and/or concerns may be submitted through the SGA office. The SGA encourages responsible student participation in the overall policy and decision making processes of LIT, investigates student problems and takes appropriate action, and provides the official voice through which student opinion may be expressed. The Student Government Association will help students connect with the variety of student organizations on campus. Students are encouraged to attend meetings or stop by the SGA office to learn how to become involved. Membership of SGA consists of representatives of each of the departmental organizations as well as members at large.

Student Organizations
Student American Dental Hygiene Association (SADHA)
American Welding Society (AWS)
Biology Association
Child Care Association
Computer Resource Association
Design Engineering Technologist
Diagnostic Medical Sonography
Health Information Technology
Instrumentation Association (IA)
Office Technology Association (OTA)
Operating Process Technology Club (OPT)
Phi Theta Kappa (PTK)
Process Operating Technology (PT)
Pulmonary Care
Radiologic Technology Student Organization (RTSO)
Respiratory Care
Restaurant Food Management
SkillsUSA®
Society of Associate Accounts (SOAA)
Students of Emergency Medical Services
Student Government Associate (SGA)
Students in Free Enterprise (SIFE)
Student Offered Services (SOS)

For more information about any of these organizations, visit the Student Government Association office located in the Cecil Beeson Building, Room 105 or call (409) 880-8894.

SKILLS, USA®
Skills USA is an international organization that serves students who are enrolled in training programs in technical, skilled, and service occupations. Skills USA prepares America’s high performance workers by providing quality educational experiences for students in leadership, teamwork, citizenship, and character development. Participation in Skills USA builds and reinforces self-confidence, work attitudes and communication skills while emphasizing total quality at work, high ethical standards, superior work skills, life-long education and pride in the dignity of work. Skills USA programs include local, state, national, and international competitions in which students demonstrate occupational and leadership skills.

Technology Services
Technology Services provides services to students who attend Lamar Institute of Technology. The services include student e-mail, internet connectivity from all the computer labs on campus, access to our learning management system, access to Self Service Banner, distance education support, registration, and additional services as needed.

Veterans’ Affairs
Lamar Institute of Technology is a Servicemember Opportunity College (SOC). A Veterans’ Affairs Office is located in Wimberly Student Services Building, Room 101 on the Lamar University campus to assist veterans in obtaining their educational benefits. Veterans are encouraged to complete admissions and testing requirements 90 to 120 days prior to the semester for which they wish to enroll. Additional information may be obtained by visiting the office or calling (409) 880-8437.

The Veterans Support Office for LIT is located in the Cecil Beeson Building Room 121. For questions, contact 409-839-2007 or email va@lit.edu.

WiFi
WiFi hotspots are available on campus for LIT students. Hotspot locations include Mega Bytes and the patio located in front of the Multipurpose Building.
Recreation

Athletic Events

LIT students are invited to attend Lamar University athletic events, except football games, free of charge by presenting their valid student IDs. Lamar University competes at the NCAA Division One level and is a member of the Southland Conference.

Fine Arts

LIT students are eligible to take full advantage of the visual and performing arts on the Lamar University campus. Students can visit the Dishman Art Museum, or attend one of many performances of the Lamar Theatre, Dance Company, and various bands.

Recreational Sports

LIT faculty, staff, and currently enrolled students with a valid student identification card have access to the recreational facilities and may participate in the wide variety of activities. The Recreation Sports Office is responsible for organizing the activities, which are arranged into three levels of involvement and competition.

The Recreation Program offers the use of Lamar University’s facilities for free-time recreation for LIT students. Published schedules and reservations allow the student, faculty or staff member to exercise and enjoy competition with friends at a leisurely pace. Sports equipment is available to be checked out for overnight and weekend excursions or club activities.

The Intramural Program provides an opportunity to participate in supervised, competitive sports. Persons not involved in varsity athletics are given further opportunity to develop skills learned at the high school level. Organizations may place teams in the All-Sports Division, which consists of competition in 22 different sports, or choose the independent division in which specialization in one or more sports may be chosen. The stated purpose of the Intramural Program is to promote human understanding, fair play, and behavioral control through the interrelationships occurring in athletic competition.

Sports clubs are made up of individuals who are interested in a specific sport and who seek off-campus competition. Further information on any facet of the Recreational Sports Program may be obtained from the Sheila Umphrey Recreational Sports Center.

Setzer Student Center

The Richard W. Setzer Student Center provides facilities for leisure-time recreation and is the center for many extracurricular activities. The Setzer Center includes an information center, game areas, a TV room, snack bar, reservations office, video lounge, ballroom, reading room, and various meeting rooms and lounges. The Setzer Center also houses the offices of Lamar Alive!, student organizations, student publications, and various staff members. Various dining options are available at Mirabeau's and the Cardinal Nest.

The Lamar Alive! Student programming board is responsible for providing the campus with a diverse schedule of programs and extracurricular activities. The programming board of Lamar Alive! consists of student directors and committees that develop social, educational, and cultural experiences for Lamar Institute of Technology and Lamar University students. Dedicated volunteers and committee members plan traditional events such as a Mardi Gras Celebration, AIDS Awareness, Diversity Week, Lectures, Cardinal Comedy Corner, Poetry night, and other special events. Membership is open to all students who meet the extracurricular activity standards as outlined in the Student Handbook. For more information, contact the Director at (409) 880-8722.

Alumni Association

The Lamar Institute of Technology Alumni Association, which includes graduates of degree, certificate and non-credit curriculums, and former students and friends of the Institute, is active on a year-round basis. The Alumni Office is located in the Cecil Beeson Building, Room 230, at 855 East Lavaca, Beaumont, Texas (409-829-2983). The office coordinates all activities and events for alumni ranging from fund-raising to social events. Activities and events are designed to provide a connection between LIT students and alumni.

Membership and activities are coordinated by the Executive Director of the LIT Foundation in cooperation with a volunteer Advisory Board. Officers and new Advisory Board members are nominated and appointed annually. Officers serve for a one-year term beginning on installation.

Books

The Barnes and Noble Bookstore is located in the Setzer Student Center. The Bookstore offers new and used textbooks for the current semester, course materials, school supplies, and officially licensed merchandise. Students also have the opportunity to sell books to the bookstore.

The bookstore is open Monday through Thursday, 7:45 a.m. to 5 p.m., and Friday, 7:45 a.m. to 3 p.m. during fall and spring semesters. Summer semester hours are Monday through Thursday, 7:45 a.m. to 4 p.m., and Friday, 7:45 a.m. to 2 p.m. Extended hours are posted during peak periods, usually at the beginning and end of each semester. A satellite bookstore may be open at Lamar Institute of Technology during the beginning of each semester.

Students may review the bookstore at www.Lamar.bkstore.com

Recreation
Campus Ministries
Several campus ministries that provide fellowship, worship, and recreational activities for students have established student centers adjacent to campus. They include the Baptist Student Ministry, Church of Christ Bible Chair, Church of Jesus Christ of Latter-day Saints, Episcopal Center, Catholic Student Center, and Wesley Foundation (United Methodist).

Dental Hygiene Clinic
The Dental Hygiene Program manages a clinical facility located in the Multipurpose Building. Dental hygiene students provide dental hygiene services to the public. The services are provided under the supervision of licensed dental and dental hygiene faculty and include patient education, dental x-rays, cleaning, oral and dental examinations, periodontal examinations, polishing, fluoride treatments, pit and fissure sealants, and nutritional counseling.

Individuals interested in scheduling an appointment should call the Dental Hygiene Clinic at (409) 880-8860.

Food Service
Mega Bytes, a snack bar, is located in the Beeson Building for the convenience of LIT students, faculty, and staff. Breakfast, lunch, and dinner are served Monday through Thursday, and breakfast and lunch are served on Fridays. Grill and “grab and go” items are available. Mega Bytes also offers catering services for special events. Please contact the director at (409) 880-2105 for catering details.

Health Center
The Student Health Center offers various medical services to currently enrolled students. A physician and/or nurse practitioner is available to treat students for minor illnesses or injuries not requiring constant supervisor. Students with chronic and/or serious conditions will require treatment off campus by their personal physician. Most health center services are available in the health center on a walk-in basis, and most of the medications prescribed are available in the health center pharmacy at a reduced cost. Students are charged only for medications, lab tests, and supplies, not for the office visit. All charges incurred are entered on the student account, thus no payment is required at the time of service.

Gynecological services and family planning are provided by female nurse practitioners at a reduced charge. There is a lab charge for most gynecological services. Licensed staff, in collaboration with student peer educators, offer health education to organizations, residence halls, classes, or individuals on a variety of health-related issues pertinent to the university population. The Health Center is also staffed with licensed counselors offering short-term psychological counseling, individual and group therapy, and mental health workshops at no charge. After hours, on weekends and when the university is not in session, healthcare becomes the individual student’s responsibility. Any expenses incurred for ambulance service or off-campus medical needs are also the responsibility of the student.

Students are encouraged to maintain some form of health insurance to cover these expenses, as they can be quite costly. Detailed information regarding health center services is available at http://dept.lamar.edu/healthcenter/.

Placement Information
Each semester LIT Student Services sponsors Project Interview to give students practice in actual interview situations with employers. Electronic resume service is also available for students at https://www.myinterFase.com/lit/student/

Police
The Police Department is on campus to serve students in the protection of their person, their property, and the Institute’s property. The police department is also charged with the enforcement of campus regulations and all state, local and federal laws. Officers are licensed peace officers for the State of Texas. Engravers are available at the police department should students wish to engrave their valuables to aid in recovery in the case of theft or loss. Emergency phones are located at LIT and Lamar for your safety.

The police department is located at 211 Redbird Lane, in the Post Office building, and is open 24 hours a day, 7 days a week.

Emergency police response: (409) 880-8311.

Post Office
The campus Post Office, a contract facility, is officially designated as Lamar University 77710. The Post Office is located at 211 Redbird Lane in the Services Building. Hours of operation are 8 a.m. to 4:45 p.m. Monday through Friday for all window services. Postal boxes are rented to students, staff and faculty by semester and/or year. The cost is $5 a semester, with Summer I/II considered as one full term, or $15 yearly, which includes spring, fall and summer. Box sharing is prohibited.

Mail is received by United States Postal Services at 6:45 a.m. daily Monday through Friday. Outbound stamped and metered mail is dispatched daily at 5:00 p.m. Express deliveries are accepted from Airborne, DHL, Federal Express, Federal USPS, Mail Express, Pony Express, RPS, and United Parcel Service. It is the student’s responsibility to notify the post office of any change of address.

Shuttle
The Lamar University Office of Student Affairs in conjunction with Lamar University police offers a free shuttle service daily. Students utilizing this service must have a valid ID. The shuttle service provides transportation for students on campus within the immediate vicinity of the campus. The pick-up point for students is located in front of the Mary and John Gray Library, beginning at 5:30 p.m. and stops running in correlation with the library hours. The shuttle does not run during holiday breaks. Students should call 880-2264 for this service and for more information. For emergency police response, call 880-8311. For all other police business, call 880-8305 or 911.
Lamar Institute of Technology, an open door institution, recognizes the rights of its students guaranteed by the Constitution of the United States and the Constitution of the State of Texas. The Institute further recognizes and identifies students’ rights to equal access to all programs, information, freedom of speech, inquiry and assembly, to the peace pursuit of an education, and to the reasonable use of services and facilities of the Institute.

As a dynamic, learning-center educational institutional, LIT is committed to serving the educational needs and interests of our community. As a teaching and learning community, relationships among students, faculty and staff are marked by mutual respect and appreciation for each other’s roles and responsibilities.

Further, LIT strives to maintain an educational environment that supports the academic, professional, and/or personal development of all members of the community and identifies responsibilities assigned to students as members of the learning community.

LIT has established a “Statement of Student Rights” and a “Statement of Student Responsibilities” to educate students about the manner in which they are to pursue their own educational objectives as well as support the objectives of others. These statements identify the rights to which students are entitled through membership in the LIT learning community along with the responsible behaviors in which students should be engaged as members of the learning community.

Statement of Student Rights

As members of LIT’s learning community, students are entitled to certain rights and provisions, including a quality education and quality services. In addition, students have the right to know:

- The Institute’s admissions requirements.
- The degrees and certificates offered.
- The types of career and personal development resources available.
- Course offerings and requirements.
- Policy on class attendance and participation.
- Grading policies and procedures.
- The cost of attendance.
- Financial aid availability.
- How financial aid eligibility is determined.
- How financial aid is awarded.
- The Institute and financial aid satisfactory academic progress requirements and their implications.
- The Institute’s refund policy.
- The Institute’s policies and procedures.
- The availability of academic and other support services.
- Student activities availability.
- The campus’ crime statistics.
- Graduation rates.
- Job placement rates.
- Emergency procedures.
- Institute operational hours.
- The accommodations provided under the Americans with Disabilities Act (ADA) Section 504 of the Rehabilitation Services Act of 1973.
- Grievance procedures.

Statement of Student Responsibilities

Listed below are the responsibilities that LIT students accept through membership in the Institute’s learning community. Each student should approach academic endeavors, relationships, and personal responsibilities with a strong commitment to personal integrity and mutual respect. As members of LIT’s teaching and learning community, students have a responsibility to:

- Read the LIT Catalog and Student Handbook.
- Become knowledgeable about Institute policies and procedures.
- Provide accurate information on Institute forms and update that information when necessary.
- Meet financial obligations to the Institute.
- Attend regularly scheduled classes.
- Complete assignments and exams based upon course syllabus information.
- Participate in class.
- Fulfill their academic responsibilities in an honest and forthright manner.
- Utilize appropriate support services when needed.
- Abide by Institute policies and procedures.
- Abide by the established computer use procedures.
- Be aware of academic and graduation requirements.
- Seek help from faculty when needed.
- Seek out answers to questions.
- Abide by the equipment usage policy.
- Meet published deadlines.
- Notify Institute officials if a condition exists which is in violation of a student’s rights, Institute policies, rules, standards, or procedures.
- Join/seek out groups and individuals who will help students achieve their goals.
- Abide by state and federal laws.
- Conduct themselves in a responsible manner in and out of the classroom.
- Protect, support, and contribute to a safe environment within the learning community.
- Show regard for the property of the Institute, its community members and visitors.

Student Publications

Student publications include 'The University Press', a campus student newspaper published weekly during the fall and spring semesters. "The University Press," with offices at 200 Setzer Student Center, serves as a training opportunity for students interested in journalism. The University Press is available in the Beeson Building outside the Student Services Office.
Student Grievance Procedure

1. Students should first attempt to resolve grievances locally and informally through discussion with campus officials. Students should first discuss grievances with the campus individuals they have an unresolved issue. If the issue remains unresolved, the student should discuss the unresolved issue with the immediate supervisor. For academic issues, the student should discuss the issue with the instructor, department chair, and Vice President for Academic Affairs and Workforce Development.

   a. Academic issues. The student should first discuss the issue with the instructor, then the department chair, and finally the Vice President for Academic Affairs and Workforce Development.

   b. Non-academic issues. The student should first discuss the issue with the campus individual they have an issue, then their immediate supervisor, and finally the Vice President for Student Services.

2. Each official, upon receipt of an issue or concern, shall investigate the circumstances (to include interviews with the individuals involved where necessary) and shall attempt to resolve the problem. If unable to do so, the official will refer the matter to the next higher level of responsibility.

3. If the issue or concern is not settled at the departmental level within 10 working days, then the issue shall be referred in writing to a vice president. If the unresolved issue is academic in nature, the referral will be forwarded to the Vice President of Academic Affairs. If the unresolved issue is non-academic in nature, the referral will be forwarded to the Vice President of Student Services.

4. The vice president will review the unresolved issue. If the issue remains unresolved, the vice president may recommend to the President the appointment of a Special Board to conduct a formal administrative hearing as the basis for final action by the President.

5. The basis on which a grade was awarded may not be challenged under this grievance procedure. The accuracy of recording the grade may, however, be challenged.

Code of Conduct and Disciplinary Policy

I. Code of Conduct

In accordance with Texas Statutes, no student attending LIT may participate in any activities that are disruptive to the normal, peaceful, and orderly operation of state institutions of higher learning.

The following acts of misconduct are prohibited at or on any campus, at any clinical or internship site, and at any Institute-sponsored or Institute-affiliated activity or event. All formal complaints alleging a violation of this Rule shall be subject to the student disciplinary procedures established pursuant to the LIT “Code of Student Conduct and Student Disciplinary Policy,” and set forth in “Student Disciplinary Procedures.” Any student who is found to have committed an act of misconduct may be disciplined in accordance with this Rule. If the student is suspected of violating a State or Federal law, the incident may be reported to the appropriate law enforcement agency.

A. Level I Offenses

The following described acts of misconduct shall be referred to as “Level I Offenses.” The potential sanctions for Level I offenses may include any one, a combination of two or more, or all of these sanctions: written warning, temporary loss of privileges, written reprimand, monetary restitution, and/or work/service restitution.

   A1. Use, possession, sale, attempted sale, barter, exchange, gift or distribution of alcoholic beverages except as expressly permitted by law and Institute regulations; or public intoxication;

   A2. Attempted or actual theft of and/or damage to property of the Institute or property of a member of the Institute community or other personal or public property, the total value of which does not exceed $100;

   A3. Conduct which is disorderly, lewd, or indecent; breach of peace; aiding, abetting or procuring another person to breach the peace; and the use of indecent or abusive language;

   A4. Gambling, including unlawful games of chance for money or anything of value and the sale, barter, or other disposition of a ticket, order, or any interest in a scheme of chance by any name;

   A5. Unauthorized or fraudulent use of the Institute name, seal, emblem, nickname or motto;

   A6. Unauthorized use of Institute property.

   A7. Disruption or interference with teaching, administration, disciplinary proceedings, or other Institute functions, activities or operations;

   A8. Violation of an Institute rule, a county ordinance or a Federal or State misdemeanor offense involving no bodily injury to any person;

   A9. Unauthorized entry and/or occupancy of Institute facilities, including unauthorized possession, duplication, or use of keys to any Institute facility;

   A10. Trespass on Institute grounds;

   A11. Conspiracy or solicitation to commit an unlawful act or to violate any Institute rule;

   A12. At least three or more incidences of violation of traffic rules while on Institute property;

   A13. Failure to comply with the directions of Institute officers or law enforcement officers acting in the performance of their duties;

   A14. Participation in a campus demonstration or unauthorized assembly that disrupts the normal operations of the Institute and infringes on the rights of other members of the Institute community; leading or inciting others to disrupt scheduled activities in any campus building or area; or intentional obstruction that unreasonably interferes with freedom of movement, either pedestrian or vehicular, on campus;

   A15. Permitting another to use his or her Institute identification card, impersonating another, or misrepresenting being authorized to act on behalf of another;
A16. Knowingly instituting a false charge against another;

**B. Level II Offenses**
The following described acts of misconduct shall be referred to as “Level II Offenses.” The potential sanctions for Level II Offenses may include any one, a combination of two or more, or all of these sanctions: written warning, temporary loss of privileges, written reprimand, monetary restitution, work/service restitution, probation, and/or permanent loss of privileges.

- **B1.** Physical abuse, verbal abuse, threats, intimidation, harassment, stalking, coercion and/or conduct that threatens or endangers the health and safety of any person;
- **B2.** Use, possession, sale, attempted sale, barter, exchange, gift or distribution of narcotic or other controlled substances except as expressly permitted by law;
- **B3.** Attempted or actually theft of and/or damage to property of the Institute or property of a member of the Institute community or other personal or public property, the total value of which equals or exceeds $100;
- **B4.** Acts of dishonesty, including, but not limited to the following:
  a. Cheating, plagiarism, or other forms of academic dishonesty;
  b. Furnishing false information to an Institute official or faculty member.
  c. Forgery, alteration, or misuse of any Institute document, record, or instrument of identification;
  d. Tampering with the election of any Institute-recognized student organization;
- **B5.** Violation of a county ordinance or Federal or State misdemeanor offense law which results in minor bodily injury;
- **B6.** Violation of a federal or state felony offense law;
- **B7.** Theft or abuse of computer time, including but not limited to:
  a. Unauthorized entrance into a file to intentionally damage, disable, or impair computing or telecommunications equipment or software,
  b. Acquisition or use of software that does not adhere to applicable software licenses and copyright laws or is not consistent with Institute computer use policies.
  c. Introduction of viruses or other destructive software in Institute computer facilities,
  d. Use of computing facilities to interfere with the work of another student, faculty member or Institute official,
  e. Use of computing facilities to send obscene or abusive messages,
  f. Use of computing facilities to interfere with the normal operation of the Institute computing systems;
- **B8.** Illegal or unauthorized possession of firearms, fireworks, explosives, chemical agents, or other weapons or dangerous materials;
- **B9.** A second violation of any Level I Offense by the same student.

**C. Level III Offenses**
The following described acts of misconduct shall be referred to as “Level III Offenses.” The potential sanctions for Level III Offenses may include any one, a combination of two or more, or all of these sanctions: temporary loss of privileges, written reprimand, monetary restitution, work/service restitution, probation and permanent loss of privileges, suspension (including specific conditions for readmission), and expulsion (no readmission permitted). Some programs have identified acts of misconduct and sanctions that exceed the sanctions described.

- **C1.** Illegal or unauthorized use of firearms, fireworks, explosives, chemical agents, or other weapons or dangerous materials;
- **C2.** Any action that causes or attempts to cause a fire, explosion, including bomb threats, or any intentionally false reporting of a fire, or any tampering with the safety devices or the failure to leave Institute buildings during a fire alarm;
- **C3.** The denial of services or access to activities to an individual because of his or her race, religion, age, national origin, gender, marital status, or disability;
- **C4.** Battery or physical abuse of any person resulting in bodily injury;
- **C5.** Sexual assault in any form, including attempted or acquaintance rape, exploitative behavior, obtaining sexual favors through psychological coercion, attempts to embarrass or intimidate, or to obtain sexual favors through the inducement of alcohol or chemical drugs;
- **C6.** Any Level I Offense or Level II Offense that results in death or bodily injury to any person;
- **C7.** A second violation of any Level II Offense by the same student;
- **C8.** A third violation of any Level I offense by the same student.

**II. Disciplinary Policy**
All allegations of violations of the Code of Student Conduct as established shall be investigated and determined in accordance with procedures published in the Institute Catalog and Student Handbook. The procedures established shall, as a minimum, ensure that the student is given an opportunity to be heard before a final determination regarding any allegations hereunder and shall provide the opportunity for appeal. Further, these procedures shall detail the reporting and investigative process to be followed by Institute officials and the student. The administration shall be authorized to provide for the immediate, temporary imposition of sanctions in appropriate circumstances.
Academic Dishonesty

In an attempt to clarify possible misunderstandings, Institute faculty and staff have developed some definitions and examples of two types of academic dishonesty: cheating and plagiarism. Cheating is defined as the giving or taking of information or material with the purpose of wrongfully aiding oneself or another person in academic work that is to be considered in determining a grade.

Plagiarism, or literary theft, is defined as appropriating the literary composition of another person, including the parts, passages, or language of that writing, and passing off the appropriate material as one’s own. Plagiarism is the failure to give proper credit or citation to one’s sources(s) of information. It includes the failure to use conventional methods of documentation for material quoted or paraphrased. Additionally, plagiarism includes allowing someone else to compose or rewrite an assignment for a student. Some examples of cheating and/or plagiarism include, but are not limited to, the following items:

1. Asking for or giving another student information during a test;
2. Copying answers from another student’s paper or intentionally allowing someone to copy from one’s own paper during a test;
3. Using materials prohibited by the instructor during a test;
4. Either impersonating another student during a test or having another person assume one’s identity during a test;
5. Changing answers on a previously graded test in order to have a grade revised;
7. Copying material, either exactly or in essence, and not providing appropriate documentation;
8. Copying or falsifying a laboratory or clinical project/assignment, including computer programs, in either disk or hard copy form;
9. Allowing someone else to compose or rewrite a student’s assignment;
10. Stealing, buying, selling, or otherwise providing research papers.

As with other violations of student conduct, cheating and/or plagiarism may result in disciplinary action.

Hazing

The Institute shall not tolerate hazing, as defined below, at or on any Institute property or at any Institute-sponsored or affiliated event, either on or off campus.

1. Hazing means any action or situation which recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization operating under the sanction of the Institute, hereafter referred to as “Institute organization.” Hazing shall include, but not be limited to, any brutality of a physical nature, such as whipping, beating, branding, forced coalitionist, exposure to the elements, forced consumption of any food, liquor, drug, or other substance, or any other forced physical activity which could adversely affect the physical health or safety of the individual. Hazing shall include any activity which would subject the individual to extreme mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct which could result in extreme embarrassment, or any other forced activity which could adversely affect the mental health or dignity of the individual. For purposes of this rule, any activity as described above upon which the initiation or admission into or affiliation with a college organization is directly or indirectly conditioned shall be presumed to be a forced activity, the willingness of an individual to participate in such activity notwithstanding.

2. This rule shall apply to students and Institute organizations, including acting through other persons associated with an Institute organization who are not students.

3. Violations of this rule by individual students shall be enforced in accordance with the Institute’s Disciplinary Policy.

4. Violations of this rule may subject an individual student to the following penalties: a. Minor violations disciplinary probation; and b. Major or repeated minor violations suspensions or dismissal.

5. Any Institute organization, as an organization or through any person associated with an Institute organization, which authorizes or participates in hazing in blatant disregard of his rule shall be penalized as follows: a. Minor violations probation from operation as an Institute organization; and b. Major or repeated violations suspension or rescission of the authority for such organization to operate on college property or operate under the sanction of the college. Organizational violations shall be handled by the Dean of Student Services. In addition, hazing may subject an individual or organization to criminal penalties under Texas law.

6. In determining whether a hazing violation is “minor” or “major” in scope, the primary consideration will be the presence or potential for serious physical or emotional harm to the victim of the hazing.

7. All Institute organizations are required to include the above anti-hazing rule in the bylaws of such organization.

Student Travel Policy

1. Policy Statement/Definition

1.1 LIT sanctioned travel is defined as travel more than 25 miles away from campus, which occurs when any of the following applies:

a. An LIT student organization or sponsored program plans to travel and the travel related event is representative of LIT.

b. The travel is required by a student organization registered at LIT;

c. A faculty or staff member serving in his or her official capacity supervises the travel; or

d. Institutional, departmental or organizations resources are used (includes vehicles as well as financial resources).

2. Procedures

The appropriate forms as well as accident and breakdown guidelines are available in the Student Government Association office.
2.1 Students, student organizations, and individuals participating in LIT sponsored travel programs should take the following steps:
   a. Complete the Student Travel Form or the Student Group Travel List.
   b. All travelers must complete the Trip Release and Indemnity Form.
   c. Obtain photocopies of drivers’ licenses and proof of liability insurance for all intended drivers and the Travel Checklist.
   d. Complete the Authorization for Medical Treatment Form for any travelers under 18 years of age.
   e. Complete and submit copies of all forms listed above to the appropriate office:
      1. Academic (course related) field trips should be forwarded to the appropriate department chair.
      2. Student organization travel should be forwarded to the business office via the Office of Student Services or designee. Student organizations should also maintain copies of each of these forms.
   f. All items listed above should be placed in the glove compartments of travel vehicles before departure.

3. Driver Requirements and Vehicle Use Guidelines
   3.1 Drivers
      a. Drivers must be at least 18 years of age, with a valid driver’s license and valid liability insurance or lease policy insurance. If an LIT vehicle is used, all drivers must be LIT-approved drivers (for more information contact the Vice President for Finance and Operations).
      b. No driver shall have consumed any alcoholic beverages or ingested any chemical substance (prescription or over-the-counter) that would impair his or her ability to operate a motor vehicle within 12 hours of operating a vehicle.
      c. Drivers must carry copies of pertinent LIT travel documents listed in section 2.

3.2 Vehicle Use
   a. Smoking is not permitted in any LIT vehicle.
   b. Vehicle/Road Hazard Safety Kit must be checked out from the Government Association office for every vehicle being used for student travel each trip. The safety kit must be returned after the trip.
   c. The transporting or consumption of alcoholic beverages is prohibited during LIT sanctioned travel.
   d. No student shall be required to use his or her personal vehicle to perform LIT related activities.
   e. Use of rental or institutional vehicles is encouraged. Contact the Student Government Association for information/guidelines for rentals. If students use their own vehicles to drive themselves or transport other students as passengers to LIT-related activities, they should be aware that their personal insurance will be responsible for any liability that may arise from the trip.
   f. All items listed above should be placed in the glove compartments of travel vehicles before departure.

3.3 Other Modes of Travel
   Any LIT students or student organizations approved for LIT-sanctioned travel by modes of transportation other than cars, vans or personally operated vehicles (i.e., bus, train, airplane, etc.) must comply with all rules, regulations and requirements of the organizations, industries or groups providing such means of travel.

4. Standard Of Conduct During LIT Sanctioned Travel
   4.1 Any LIT student traveling off campus to LIT related functions or activities is expected to be fully acquainted with the guidelines of this LIT Student Travel Policy and Procedure Statement as well as The Student Code of Conduct which is available to each student for review online and in The Student Handbook. Additionally, students are expected to comply with all federal, state and local laws as well as LIT policies, in addition to the policies of any agency or organization to which the student travels.
   4.2 Any student involved in LIT sanctioned travel who violates the LIT travel policy is subject to disciplinary action notwithstanding any action taken by appropriate authorities because of the violations. This includes conduct, which is likely to have an adverse effect on LIT.

5. Safety Guidelines
   5.1 This section contains specific safety guidelines for student travelers. This information is intended to assist students during travel in an effort to encourage the safest possible travel.
      a. The mode of transportation will be determined by the sponsoring department or student organization taking into consideration a combination of three primary factors: (1) number of participants traveling; (2) distance to be traveled; and (3) time-frame of the event.
      b. A vehicle should not be loaded beyond its capacity to supply one seat belt for every person in the vehicle. On extended travel trips, vehicles should be underloaded. Loading of the vehicle shall be done in accordance with vehicle manufacturer recommendations. Particular attention should be paid in loading the large 15-passenger (3/4-ton) vans. No more than 12 passengers should be transported and even with a reduced load the driver must remain cautious when maneuvering or making quick turns in order to avoid a rollover.
      c. The majority of driving should be during daylight hours. Night driving from midnight to 6 a.m. is discouraged.
      d. If travel time is to exceed 12 hours, two or more persons must share the driving responsibility and rotate time behind the wheel in accordance with the section below. Trips exceeding 14 hours should be completed in two days and have no less than three drivers.
      e. Drivers must take a “safety break” after three hours behind the wheel.
      f. If inclement weather occurs, travel should be delayed until conditions are more suitable for travel.
To check road and weather conditions in the state of Texas, call (800) 452-9292.

g. Road flares, cellular phones, reflectors and first aid kits, flashlight, water and a state map of Texas should be in every vehicle transporting students for college sanctioned activities.

h. Drivers will comply with all applicable traffic laws and regulations.

i. All occupants must use seat belts and appropriate safety devices when the vehicle is in motion.

j. All occupants must remain seated when the vehicle is in motion.

k. The following activities are prohibited for drivers while driving:
   1. Operating a vehicle exceeding the maximum number of occupancy regulations.
   2. Driving while under the influence of impairing drugs or alcohol.
   4. Use of headphones or earphones.
   5. Use of cell phones.
   6. Eating, smoking or drinking.

Official Summons

An official summons takes precedence over other LIT activities of the student and should be answered promptly on the day and hour designated. Failure to heed an official summons may subject the student to serious disciplinary action.

Eligibility for Extracurricular Activities

An extracurricular activity is understood to be an activity representing the student body, any student organization, any department or division organization or any general activity representing LIT.

Any student currently registered, not on disciplinary or scholastic probation, and who has a GPA of at least 2.0 for both the college work completed at LIT and that of the preceding semester is eligible to participate in extracurricular activities. Individual organizations may establish higher requirements for GPA and enrollment status.

For the purpose of establishing eligibility, two six-week summer terms may count as one semester. Transfer students have the same eligibility as freshmen students until completion of one semester.

College Operating Hours

The official operating hours of the Institute are from 6:30 a.m. to 11:30 p.m. Monday through Friday. Select areas of the campus are open on Saturday from 8:00 a.m. until 3 p.m. The college is officially closed from 11:30 p.m. to 6:30 a.m. Any person not duly authorized, licensed, or invited by an official of the Institute to be on the premises or within any structure between 11:30 p.m. and 6:30 a.m. will be committing the offense of trespass, and local law enforcement officials will be notified.

The Student Services Office is open weekdays, Monday through Thursday, 8 a.m. to 6 p.m., and on Fridays from 8 a.m. to 5 p.m.

Parking

All faculty, staff and students are required to purchase a current parking permit and display it in their vehicle if they park a vehicle on campus. A copy of the parking and traffic regulations is issued at the time of permit purchase. Strict observance of traffic and parking regulations is necessary for the safe, orderly flow of vehicles in the campus area. Parking and traffic regulations are in effect 24 hours a day.

Students may park in handicap accessible parking spaces with the appropriate permit. Appropriate permits include a handicapped parking permit issued by the State or a parking permit issued by Lamar Institute of Technology. Students that park in a handicap accessible parking space must display a handicap accessible parking permit and a LIT Parking Permit.

Students that require a permit that allows them to park in handicapped parking spaces must see the Special Populations Coordinator.

Bacterial Meningitis

Information about bacterial meningitis is being provided to new college students in the State of Texas. Bacterial Meningitis is a serious, potentially deadly disease that can progress extremely fast, so take utmost caution. It is an inflammation of the membranes that surround the brain and spinal cord. The bacteria that causes meningitis can also infect the blood. This disease strikes about 3,000 Americans each year, including 100-125 on college campuses, leading to 5-15 deaths among college students every year. There is a treatment, but those who survive may develop severe health problems or disabilities.

What are the symptoms?

- High fever.
- Severe headache.
- Rash.
- Vomiting.
- Rashes on skin.
- Stiff neck.
- Light sensitivity.
- Nausea.
- Confusion
- Seizures.
- Lethargy.

There may be a rash of tiny, red-purple spots caused by bleeding under the skin. These can occur anywhere on the body. The more symptoms, the higher the risk, so when these symptoms appear seek immediate medical attention.

How is bacterial meningitis diagnosed?

- Diagnosis is made by a medical provider and is usually based on a combination of clinical symptoms and laboratory results from spinal fluid and blood tests.
Early diagnosis and treatment can greatly improve the likelihood of recovery.

How is the disease transmitted?
The disease is transmitted when people exchange saliva (such as by kissing, or by sharing drinking containers, utensils, cigarettes, toothbrushes, etc.) or come in contact with respiratory or throat secretions.

How do you increase your risk of getting bacterial meningitis?
- Exposure to saliva by sharing cigarettes, water bottles, eating utensils, food, kissing, etc.
- Living in close conditions (such as sharing a room/suite in a dorm or group home).

What are the possible consequences of the disease?
- Death (in 8 to 24 hours from perfectly well to dead).
- Permanent brain damage.
- Kidney failure.
- Learning disability.
- Hearing loss, blindness.
- Limb damage (fingers, toes, arms, legs) that require amputation.
- Gangrene.
- Coma.

Can the disease be treated?
- Antibiotic treatment, if received early, can save lives and chances of recovery are increased. However, permanent disability or death can still occur.
- Vaccinations are available and should be considered for:
  - Those living in close quarters.
  - College students 25 years old or younger.
  - Vaccinations are effective against four of the five most common bacterial types that cause 70 percent of the disease in the U.S. (but do not protect against all types of meningitis).
  - Vaccinations take 7-10 days to become effective, with protection lasting 3 to 5 years.
  - The cost of vaccine varies, so check with your health care provider.
  - Vaccination is very safe. Most common side effects are redness and minor pain at injection site for up to two days.
  - Vaccination is available at the Student Health Center.

How can I find out more information?
- Contact your own health care provider.
- Contact your Student Health Center at (409) 880-8466.
- Contact your local or regional Texas Department of Health office at (409) 832-4000.
- Contact Web sites: www.cdc.gov; www.acha.org/.

Academic Policies

Academic Performance
Academic performance is a measure of a student’s performance. Student performance is assessed by 1) grade point average (GPA); and 2) course completion. Academic performance is calculated beginning with the first semester that a student enrolls and all subsequent semesters.

The levels of academic performance include 1) good standing, 2) academic warning, 3) academic probation, and 4) academic suspension. Students who do not maintain a minimum GPA of 2.0 will be placed on academic warning, academic probation, or academic suspension.

Students may view their academic record online at www.lit.edu or by requesting a copy of their transcript from the Records Office (Wimberly Building).

Standards of Academic Progress

Good Standing. Acceptable academic performance, also known as Good Standing, is based upon student academic progress toward successful course and program completion. Good Standing is earned by students who maintain a cumulative GPA of 2.0 or higher and who complete at least one course each semester/session of enrollment.

A student will be considered to be in good academic standing when a student earns both a semester and a cumulative GPA of at least 2.0.

Academic Warning. A student will be considered to be on academic warning each time his or her semester GPA falls below a 2.0. Students who have experienced a low semester GPA for the first time are expected to take advantage of the many college resources. A student on academic warning will not be allowed to register for more than twelve (12) semester credit hours of coursework.

Academic Probation. A student will be considered to be on academic probation if he or she meets the following criteria:

<table>
<thead>
<tr>
<th>Level One Probation</th>
<th>Level Two Probation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Semester GPA:</td>
<td>Semester GPA:</td>
</tr>
<tr>
<td>Less than 2.0</td>
<td>Less than 2.0</td>
</tr>
<tr>
<td>Cumulative GPA:</td>
<td>Greater than or equal to 2.0</td>
</tr>
<tr>
<td>Maximum number of SCH a</td>
<td>10 SCH.</td>
</tr>
<tr>
<td>student will allowed to enro</td>
<td></td>
</tr>
<tr>
<td>ll:</td>
<td></td>
</tr>
</tbody>
</table>

Students on academic probation must see an advisor in the Department Office for their major.

Academic Suspension. A student with a continuing history of low academic performance is placed on academic suspension A student will be considered to be making academic progress when a student earns a semester GPA of at least 2.0 but has a cumulative GPA less than 2.0.
when both the semester GPA and cumulative GPA are below a 2.0 (Academic Probation, Level Two). An academic suspension will result in a student being denied enrollment for a minimum of one long semester. Students placed on academic suspension will be reinstated on academic probation. A student may appeal an academic suspension by following the Appeal for Academic Suspension Guidelines.

**Appeal of Academic Suspension**

Students placed on Academic Suspension may appeal the suspension. To appeal a suspension, the student must request an exemption from the Academic Standing Policy. The form, Request from Academic Standing Policy, requires the student to current information that includes 1) name, 2) student identification number, 3) address, 4) current telephone number, and 5) a written statement that includes the reason(s) for the academic performance. The appeal will be evaluated by the Vice President for Academic Affairs and Workforce Development and the student will be notified of the decision of the appeal. Decisions of the Vice President for Academic Affairs and Workforce Development are final.

**Guarantee**

Lamar Institute of Technology guarantees that students who successfully complete a two-year program of study will have the job skills for entry-level employment in the occupational field for which they have been trained. Students with an Associate of Applied Science Degree who are judged by their employers to lack these basic skills will be entitled to up to twelve (12) additional semester credit hours of tuition-free training in their field of study. This guarantee does not apply to license examinations. Requests for retraining must occur within 90 days of the graduate’s initial employment.

**Academic Advising**

Academic advising is integral to the progression of a student through the curriculum. Academic advising is carried out by a vast number of individuals, including faculty and staff members. Students should regularly meet with an academic advisor within their program of study.

**Attendance**

Regular attendance in class is important to achieve the educational objectives of the student and the Institute. The instructor must keep attendance records and formulate an attendance policy consistent with departmental policies. The instructor’s attendance policy must be documented in the course syllabi and explained in detail to the class at the beginning of the semester.

Class attendance is restricted to those students registered for the course and to the guests invited by the instructor. Persons not properly registered for a course will not be permitted to attend class. Students are not permitted to bring any children to class. Children must not be left unattended on campus.

**Absences on Religious/Holy Days**

In accordance with the Texas Education Code 51.911, a student who plans to be absent from classes in observance of a religious holy day must notify the instructor of each class no later than the 15th day of the semester. Approved absences allow students to complete an assignment or to take an examination “Religious holy day” means a holy day observed by a religion whose places of worship are exempt from property taxation under Section 11.20, Tax Code.

Notifications of planned absences must be in writing and must be delivered by the student either (a) personally to the instructor of each class, with receipt of the notification acknowledged and dated by the instructor, or (b) by certified mail, return receipt requested, addressed to the instructor of each class. A form, Notification of Planned Absence for Religious Holy Days, may be obtained from the Records Office. The completed form must be delivered by the student to the instructor of each class affected by the absence. Upon review of the notification form, instructors will sign and date the receipt of the notice, retaining a copy for the instructor and returning one copy to the student.

Instructors may refer any questions regarding the qualification of the absence to the Records Office.

**Advanced Standing**

LIT students may earn college credit or advanced standing by successfully completing several testing programs. The testing programs include 1) Advanced Placement, 2) Experiential Credit, 3) College Level Examination Program®, 4) Credit by Examination and 5) Transfer of Military Credit.

**Advanced Placement by the College Board**

Students may earn advanced placement by successfully completing the Advanced Placement (AP) by the College Board. The Advanced Placement exams are offered at area high schools. Subject matter areas and the basis for granting credits are listed below:

- **Subject Area:** English Language Composition.
- **Required Score:** Score of 4 or 5.
- **Credit Granted:** English 1301.

For more information, go to: http://www.collegeboard.com/student/testing/ap/about.html/.

**Experiential Credit**

Professional certification/licenses may entitle a student to receive up to twenty four (24) semester credit hours of coursework. Interested students should consult the program coordinator/director and/or the department chair for additional information.

**College Level Examination Program®**

The College Level Examination Program® (CLEP) gives you the opportunity to receive college credit for prior knowledge by earning qualifying scores on select examinations. Credit will not be awarded by examination to students who have prior credit for the same course or its equivalent. Grades will not be assigned, nor will hours be used in the computation of grade point averages.
For more information about the CLEP Examinations, go to:
http://www.collegeboard.com/student/testing/clep/about.html.

**Credit by Examination**

Students enrolled at LIT may earn college credit by examination. Eligible students must: 1) be officially enrolled in a course at LIT, 2) have the approval of the department chair and the Vice President for Academic Affairs and Workforce Development, 3) complete the Credit by Examination form, 4) pay the necessary advanced standing testing fee, and 5) successfully complete a comprehensive examination that includes the learning outcomes for the course. Students are not eligible if they are enrolled in the course they want to earn credit by examination.

Credit by Examination is intended for students who have completed formal or informal training in topics presented at the rigor of a college level curriculum. Credit is awarded to students that pass an advanced standing examination with a ‘C’ or better. Students must apply to earn credit by examination. Application includes the approval of the department chair responsible for the course and the Vice President for Academic Affairs and Workforce Development. The Credit by Examination form is available at departmental offices.

A fee of $25 per semester credit hour is assessed for each advanced placement examination. Fees are paid at the LIT Cashier’s Office in the Beeson Building.

Students may earn credit by examination for the following courses:

<table>
<thead>
<tr>
<th>CLEP Examination</th>
<th>LIT Equivalent Course</th>
<th>Minimum C Level Score</th>
<th>Minimum B Level Score</th>

</tr>
</tbody>
</table>

The essay sections of the English Composition examinations are required and the final determination for the awarding of equivalent English credit is based solely upon the strength of the written essays.

Students are not eligible if they are enrolled in the course they want to earn credit by examination.
Transfer of Military Credit

Credit may be granted for military experience. Credit will be evaluated based upon the evaluation recommendations outlined in the American Council on Education (ACE) Guide to the Evaluation of Educational Experiences in the Armed Services manual. Students must submit one of the following documents: Form DD214 or Form DD256 and SMART transcript. Transcripts can be downloaded from www.acenet.edu.

American Council on Education (ACE) Credit

Lamar Institute of Technology accepts all transfer credits meeting the American Council on Education (ACE) Guidelines. Students enrolled in programs that grant ACE credit must submit official ACE transcripts. Non-equivalent credit is granted by the Institute; however, equivalent credit may be granted by departmental chairs for use on degree plans.

Transfer Coursework Policy

Lamar Institute of Technology accepts transfer coursework from regionally accredited college and universities, non-regionally accredited colleges and universities, military educational training facilities, foreign educational institutions, and limited non-collegiate training facilities.

1. Regionally accredited colleges and universities. Students must submit all official transcripts from all colleges attended.

2. Non-regionally accredited colleges and universities. Students must submit all official transcripts from all colleges attended. Official transcripts must be submitted. Additional documentation may be required prior to acceptance of credit. Coursework will be evaluated in terms of level, content, quality, comparability, and degree program relevance. (2003. Transfer of Academic Credit, A Position Statement, SACS.)

3. Military educational training programs. Evaluation of military credit is based upon the evaluation recommendations outlined in the American Council on Education (ACE) Guide to Evaluation of Educational Experiences in the Armed Services manual. Students must submit either a form DD214 or Form DD256, and a Military Transcript Summary.

4. Foreign educational institutions. Students wishing to transfer college level work to Lamar Institute of Technology from foreign educational institutions must have their official transcripts evaluated by an evaluation service approved by Lamar Institute of Technology. Credit for courses taken at foreign institutions will be awarded according to policies outlined for transfer students.

5. Non-collegiate training facilities. Credit may be awarded for successful completion of learning acquired from participation in formal courses sponsored by associations, business, government, industry, and unions to the extent that the material is applicable and official certification and/or documentation of skills or competencies achieved is provided. Transfer credit for work accomplished in a non-collegiate setting may also be granted upon individual review only for the programs listed and under the provisions expressed in the LIT Catalog. Many of the recommendations in the American Council on Education (ACE) publication “The National Guide to Educational Credit for Training Programs” and “Transfer Credit Practices of Designated Educational Institutions” are used to determine the award of credit.

Grades

Grade Assignment

LIT faculty award grades of A, B, C, D, F, I, W, and Q.

Standard Grade Scale

A: Excellent
B: Good
C: Average
D: Minimum Passing*
F: Failure
AU: Audit
I: Incomplete
P: Pass
W: Withdrawn
Q: Course dropped without grade
QL: Drop subject to Six Drop Limit Rule

Grade Scale for Developmental Courses

DA: Excellent
DB: Good
DC: Satisfactory
DF: Failure
RA: Grade Replacement
RB: Grade Replacement
RC: Grade Replacement
RD: Grade Replacement
RF: Grade Replacement

*A grade of “D” is not issued in developmental courses.

The grade of “W” or “Q” is recorded if a student withdraws or drops before the penalty date or the student is passing at the time of withdrawal or drop.

The grade of “I” may be assigned at the discretion of the instructor. A grade of “I” is intended to be assigned when the student is unable to complete some course work as a result of unusual circumstances. An “I” is not intended to allow a student to repeat a course. Plans to complete deficiencies in a course should be made with the instructor. Incomplete course work must be finished during the following long semester. If course work is not completed during the long semester, the Office of Records will change the “I” grade to the grade of “F.” The course must then be repeated if credit is denied. An “I” grade also automatically becomes an “F” if the student re-registers for the course before removing the deficiencies and receiving a grade change.

The instructor may record the grade of “F” for a student who is absent from the final examinations and is not passing the course.

Semester grades are filed with the Office of Records. A grade may not be recorded for a student not officially enrolled in a course. A grade may not be corrected or changed without the written authorization of the instructor that assigned the grade. The written instruction for a grade change should be accompanied by a statement explaining the reason for the change.
Grade Replacement

The Grade Replacement Policy allows students to replace a grade on their academic record. A student may replace a grade by repeating a course. When a course is repeated, the most recent grade earned is the official grade. In the case of repeated courses, all grades will remain on the transcript, however, only the most recent grade will be used to calculate the grade point average. Once a degree has been conferred, a student may not use the Grade Replacement Policy for any courses used to award the degree or calculate the cumulative grade point average.

A student who wishes to replace a grade in a course must repeat the course by registering and completing the course at Lamar Institute of Technology. Courses completed at other institutions may not be used to replace a grade earned at Lamar Institute of Technology.

Grade Point Average (GPA)

A grade point average is a measure of the student’s overall academic performance and is used to determine academic standing, eligibility for graduation, and honors status.

Grade points are assigned to letter grades. An ‘A’ is assigned 4 points; a ‘B’ is assigned 3 grade points; a ‘C’ is assigned 2 grade points; a ‘D’ is assigned 1 grade point. A grade of ‘F’ is assigned 0 grade points. Course grades of ‘I’, ‘NG’, ‘W’, and ‘Q’ are not used in the calculation of a Grade Point Average.

The grade points earned in a course are determined by multiplying the number of semester credit hours by the number of grade points assigned to the grade. The grade point average is calculated by dividing the total number of grade points earned by the total number of semester credit hours attempted. Only semester credit hours for which grades are awarded are used in calculating the grade point average (GPA).

This policy refers to the calculation of a grade point average at Lamar Institute of Technology. Other institutions may calculate the grade point average differently.

Semester Grade Point Average

The Semester Grade Point Average (GPA) is calculated for LIT college-level courses with grades of A, B, C, D, and F recorded during a specific term.

Cumulative Grade Point Average

The Cumulative Grade Point Average is calculated and used to qualify students for graduation and graduation honors status. The Cumulative GPA is calculated using LIT college-level courses with grades of A, B, C, D, and F recorded during all semesters enrolled at LIT. Courses transferred to LIT from other postsecondary institutions are excluded from the Cumulative GPA calculation. The Cumulative GPA is recorded on the LIT official transcript.

Audit a Course

A student may register for a course and petition to audit the course. An audit allows the student to attend and participate in all class activities; however, the student will receive a “No Grade” on their transcript for the audited course.

In order to audit a course, the student must have the written approval of the department chair for their major and the course instructor. The student requesting the audit is responsible for completing and filing a Petition for an Audit or No Grade with the Records Office. The deadline each semester for filing the Petition for an Audit or No Grade with the Records Office is the same as the deadline for dropping or withdrawing from a course without penalty.

Student semester credit hours attempted will be reduced by the appropriate number of hours.

Grade Report

Students must view their academic record, including grades online at www.lit.edu. Academic records on-line reflect the student’s grade, semester grade point average, and cumulative grade point average. Any errors or discrepancies in a student academic record must be reported to their departmental office. Grade Reports are not mailed to students.

Honors

President’s List

Lamar Institute of Technology recognizes students that achieve academic excellence. Full-time students who have earned a 4.0 grade point average for the fall or spring semester are included on the President’s List. Developmental courses are not included in this honor. The President’s List is announced by the President.

Vice President’s List

Full-time students who complete twelve (12) or more semester credit hours and have earned a 3.40 to 3.99 grade point average for the fall or spring semester are included on the Vice President’s List. Developmental courses are not included in this honor. The Vice President’s List is announced by the Vice President for Academic Affairs and Workforce Development.

Phi Theta Kappa Honor Society

Phi Theta Kappa Honor Society recognizes and encourages the academic achievement of two-year college students and provide opportunities for individual growth and development through honors, leadership and service programs. The American Association of Community Colleges recognizes Phi Theta Kappa as the official honor society for two-year colleges. The complement of services, innovative programs, and membership benefits offered by Phi Theta Kappa today is unequaled among honor societies. The programs focus on the Society’s Hallmarks of Scholarship, Leadership, Service and Fellowship.

Students eligible for membership must 1) be in their second semester at LIT, 2) have completed a minimum of twelve semester credit hours (12 SCH) of associate degree course work, 3) have a cumulative GPA of 3.00 and 4) earn a grade point average of 3.5 or higher in the previous semester. Eligible students receive invitations to join by mail in the fall and spring semesters. Once a student becomes a member of Phi Theta Kappa, they must maintain a high academic standing throughout their enrollment in the two-year college.
Student Records

Major

Each student must select a major that reflects the program of study they plan to complete. If a student wants to change their major they must have the approval of the department chair of their current major and the department chair of their future major. Students may obtain a Change of Major Form from department offices and the Student Services Office. Change of majors must be requested and approved in writing on the Change of Major Form. Students who want to change their major from a Texas Success Initiative (TSI) waivered certificate program to an Associate of Applied Science Degree program must request the approval of the TSI Office. Once approved, the TSI status of the student will be changed.

Academic Records and Transcripts

The Academic Record is that internal document or electronic image maintained by the Office of the Registrar that reflects the unabridged academic history of the student at the institution. It is a chronological listing of the student’s total quantitative and qualitative learning experiences and achievements and may include any information pertinent to the evaluation thereof. Institute student records are in the permanent custody of the Lamar University Records Office. Transcripts of academic records may be secured by an individual personally or will be released on the student’s written authorization. The Records Office maintains records for the Institute of Technology.

Students who owe debts to the Institute or who have not met entrance requirements may have their official transcripts withheld until the debt is paid.

Chapter 675, acts of the 61st Legislature, 1969 regular Session, provides that no person may buy, sell, create, duplicate, alter, give or obtain a diploma, certificate, academic record, certificate of enrollment or other instrument which purports to signify merit or achievement conferred by an institution of education in this state with the intent to use fraudulently such a document or to allow the fraudulent use of such document.

A person who violates this act or who aids another in violating this act is guilty of a misdemeanor and, upon conviction, can be punished by a fine of not more than $1,000 and/or confinement in the county jail for a period not to exceed one year.

Personal Information

Personal information, such as an address and telephone number, is used to communicate with students. Students are responsible for notifying Lamar Institute of Technology of any change of name, address, and/or telephone number. Changes must be reported to Student Services. Students may request that directory information not be shared. To prevent the sharing of directory information, students must complete a Release of Information Form and deliver it to the Records Office. The Release of Information Form may be obtained at the Student Services office.

Change of name due to marriage or correction of name because of spelling errors may be made by completing a name change card. All name changes must be accompanied by a copy of the legal document making the name change official. This document will be kept on file in the student’s confidential folder. Former student names will be displayed on all official transcripts.

Family Education Rights and Privacy Act of 1974

The following information concerning student records maintained by LIT is published in compliance with the Family Education Rights and Privacy Act of 1974 (PL 93-380).

Access to educational records directly related to a student will not be granted unless disclosure of the type of record is authorized to be disclosed under the provision of the law. The types, locations, and names of custodians of educational records maintained by the Institute are available from the Registrar. Access to records by persons other than the student will be limited to those persons and agencies specified in the statute.

The release of information to the public without the consent of the student will be limited to the categories of information which have been designated by the Institute of Technology as directory information and which will be routinely released. The student may request that any or all of this information be withheld from the public by making written request to the Student Services Office. Forms for submitting the written request to withhold director information are available in the Office of Student Services. The request must be made by the last official day to register for a given session and applies until a written release is received.

Directory information includes name, current and permanent address, E-mail, telephone listing, date and place of birth, major and minor, semester hour load, classification, participation in officially recognized activities, dates of attendance, degrees and awards received with dates, and the last educational agency or institution attended.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by Lamar Institute of Technology or the Texas State University System Administrative Office in an administrative, supervisory, academic research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the Institute has contracted (such as an attorney, auditor or collection agent); a person serving on the Board of Regents; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility. Upon request, the Institute discloses education records without consent to officials of another school, in which a student seeks or intends to enroll.

A student has the right to challenge records and information directly related to him or her if it is considered to be inaccurate, misleading or otherwise inappropriate. Issues may be resolved either through an informal hearing with the official immediately responsible or by requesting a formal hearing. The procedures to be followed in a formal hearing are available in the Office of Student Services. The right of parental access to student records may be established by either of two methods: first, by the student’s filing a written consent statement, or second, by the parent...
validating the student’s dependency as defined by the Internal Revenue Service.

Retention and Disposal of Records

In accordance with Texas Government Code section 441.158, Lamar Institute of Technology has developed a Records Retention Schedule, which adheres to the Texas State Records Retention Schedule. The retention periods on the schedule apply to the “record copies” of materials. These records may be in hard copy, electronic, microfilm/fiche or any other form for storage. Records listed on the schedule are to be discarded or destroyed upon expiration of the required retention period. Final disposition of state records much ensure that records scheduled for destruction are disposed of in a manner that ensures protection for any sensitive to confidential information and that the final disposition of records is documented. Recommended changes to the schedule must be submitted to the Records Management Office for submission to the State Librarian and the State Auditor for approval. The LIT Records Retention Schedule is in the Registrar's Office for reference.

Course Information and Registration

Students may register for classes in person or online. Students registering for the first time or students with registration holds should contact Student Services for assistance in registering. Students must register for courses before the deadline published in the Academic Calendar.

Types of Courses

Hybrid or Blended Course

Hybrid or blended courses are designed so the student attends class in a traditional face to face format and an online format. Greater than 50% of the course is offered on campus.

Internship and Clinical Courses

Clinical and internship experiences provide workplace settings in which students learn and apply program theory and management of the work flow. Clinical experiences must take place in a health care setting and students must not be paid for the learning experiences. Internship experiences take place in any setting outside of health care and students may or may not be paid for the learning experiences.

Laboratory Course

Time used by college personnel providing direct supervision of skill development, application and practice of knowledge is classified as laboratory. Also activities conducted in simulation facilities to develop or practice skills are classified as laboratory activities.

Lecture Course

Time used to present new material with additional cognitive and/or affective learning outcomes is classified as lecture. For lecture/classroom instruction per 16-week semester, a ratio of one SCH to one contact hour (1:1) must be used. If the instruction is compressed into less than a 16-week semester, the course must still require the same number of contact hours as it would in a long semester.

Non Course Based Options (NCBO)

Non course based options are specific courses focusing on preparing students to succeed at the college level. They are subject specific and offered in a variety of formats. Students should consult the current class schedule for non-course based options.

Online

The entire class is taught online. Students must log into the Blackboard Learning Management System and communicate with the instructor before the end of the first week of class. Students should have good computer skills and be very self-disciplined to be successful in online courses. Online courses may require a student to visit a certified testing center in their geographical area.

Practica and Cooperative Education

Practica and cooperative education provide workplace settings in which students gain practical experience in a discipline, enhance skills, and integrate knowledge.

New Courses

To meet changing educational requirements, the Institute of Technology reserves the right to add, change, delete or modify any course and/or degree plan at any time without regard to the listing of such courses in the catalog. It is expected that a listing of these courses will appear in the next catalog issue.

Course Offerings

Courses taught are described in the Course Descriptions. Some courses are offered frequently; however, some courses may not be offered each semester. Lamar Institute of Technology reserves the right to modify course offerings.

Course Numbering

Most courses meet three hours each week and have a credit value of three semester hours (3 SCH). The Institute of Technology has converted to the Texas Common Course Number prefixes and numbers. Each course has an individual alpha-numeric code (such as CDEC 1311). The alpha rubric indicates the subject area. Each number contains four figures. The first digit generally indicates the level of the course: 0 means a developmental level, 1 means it is freshman level, and 2 is sophomore level. The second figure indicates the number of semester hours credit. The third figure indicates the type of course. The fourth figure is a unique identifier for the course.

In the Course Descriptions, each course title is followed by three digits separated by colons (such as 3:2:2). This provides the following information: The first number is the semester hours of credit for the course. The second number is the hours of lecture,
recitation or seminar meetings per week. The third number represents the required laboratory hours per week.

**Semester Credit Hour**

The unit of measure for college credit is the semester credit hour (SCH). Fifty minutes of lecture per week is equal to one semester credit hour. For laboratory courses, one semester credit hour may range from two to four clock hours and equal one semester credit hour. For each classroom hour, two hours of outside study are expected.

**Semester Length**

There are several semester lengths including sixteen (16), twelve (12), eight (8), six (6), and three (3) week semesters. Most courses are taught in a sixteen (16) week semester, however, some courses are taught in a non-semester length. Non-semester length courses allow a course to be taught in a compressed time line. Classes taught in a non-semester length have the same instructional time, are taught by qualified faculty, offer an approved curriculum, and utilize the same educational facilities.

**Traditional Semester (16 weeks)**

Traditional instruction occurs in a classroom setting. Students attend class 2-3 times per week for 16 weeks. Classroom lectures, demonstrations, and homework assignments are common in this type of class.

**Late Start Semester (12 weeks)**

Some classes are scheduled to begin one month after the first day of class for the Traditional Semester. Classes scheduled in the Late Start Semester will meet four days per week Monday thru Thursday for approximately twelve weeks.

**1st 8 weeks/2nd 8 Weeks**

Students have the opportunity to complete two classes in one semester with the eight week semester. Classes are taught during a short, intensive eight week term. The class meets four times a week Monday thru Thursday for eight weeks. To be successful, students must be disciplined about attending class and completing assignments.

**Summer Semesters (6 or 12 weeks)**

During the summer semesters courses are offered in both six week and twelve week options. Summer classes meet four days a week Monday through Thursday. Completing assignments and attending class is crucial for successful completion of summer courses.

**Mini Semesters (3 weeks)**

The May Mini and Winter Mini offer students the chance to complete courses by attending class for three short weeks. Meeting four days a week for 3-4 hours, the concentrated instruction allows students to complete a course quickly.

**Evening Classes**

LIT schedules classes during the day and evening. Classes scheduled after 5 p.m. are considered evening classes. Classes taught during the day or evenings do not differ. Classes are taught by qualified faculty, offer an approved curriculum, and utilize the same educational facilities. Students employed during the day may attend classes in the evening and study to obtain a degree or to expand their knowledge in a special field of interest as non-degree students.

**Full Time Status**

Twelve semester credit hours (12 SCH) is the minimum full-time load in the Fall and Spring terms. Four semester credit hours (4 SCH) is the minimum full-time load in each summer term. Students that want to enroll in more than a full time load must request that they be allowed to register for more than a full time load. Requests must be made to the department chair of their respective major.

**Overload**

Students are considered full time if they are registered for more than twelve semester credit hours (12 SCH) during the fall or spring semester and in excess of four semester credit hours (4 SCH) in each summer semester. To register for an overload the student must demonstrate the capability of maintaining a high performance level in all classes. Students may register for more than a full time schedule with the approval of the department chair. A grade point average of 3.5 is required to approve semester hours beyond 12 semester credit hours (12 SCH) in the fall and spring semesters.

**Repeated Courses**

Students may choose to repeat a course because they did not make a passing grade in a previous course or they want to improve their grade for a particular course. If a student repeats a course, the Texas Administrative Code §13.105 allows institutions to charge a higher tuition rate to a student who 1) repeats a course more than twice or 2) enrolls for the second time in a completed course.

In accordance with State law, additional tuition will be charged when a student enrolls in the same course. The tuition rate will be equal to three times the resident undergraduate tuition rate. This includes transferred courses and dropped courses. A student is exempted from payment of higher tuition for any course repeated in the final semester or term before graduation, if the course(s) is taken for the purpose of receiving a grade that will satisfy a degree requirement. This exemption applies for only one semester. A student is exempted from the payment of the higher tuition rate if the payment of the higher tuition rate will result in an economic hardship for the student. An economic hardship may be demonstrated if the student has been approved to receive financial aid.

The following types of hours are exempt and not subject to a higher tuition rate under the Repeated Course Policy:
1. Hours for remedial and developmental courses;
2. Hours for special topics courses;
3. Hours for courses that involve different or more advanced content each time they are taken, including but not limited to, workforce education courses and manual special topics courses; and
4. Hours for continuing education courses that must be repeated to retain professional certification.
Repeating a course may affect a student’s financial aid award. Students receiving financial aid should consult the Financial Aid Office to determine the effect of a course repeat on their financial aid.

If a student repeats a course, the student may petition under the Grade Replacement Policy to replace the first grade with a subsequent earned grade. See Grade Replacement for additional details.

Six Drop Rule

Under section 51.907 of the Texas Education Code, “an institution of higher education may not permit a student to drop more than six courses, including any course a transfer student has dropped at another institution of higher education.” This statute was enacted by the State of Texas in spring 2007 and applies to undergraduate students who enroll in a public institution of higher education as first-time freshmen in fall 2007 or later. Any course that a student drops after the census date is counted toward the six-course limit if “(1) the student was able to drop the course without receiving a grade or incurring an academic penalty; (2) the student’s transcript indicates or will indicate that the student was enrolled in the course; and (3) the student is not dropping the course in order to withdraw from the institution.”

Schedule Changes

All schedule changes, including but not limited to, section changes, adds, and drops should be approved by the department chair of the student’s major field. All changes are initiated by the completion of the proper forms available in the departmental office. Usually, a course may not be added after the first two days of the semester. Schedule changes made without departmental approval may result in a student being dropped from other courses.

Drop a Course

Students may drop a course and receive a grade of “Q” during the first six weeks (two weeks in a summer session) of the semester after consultation with their advisor and/or department chair. Classes dropped after the penalty-free period, grades are recorded as “Q” or “F,” indicating the student was passing or failing at the time of the drop. A grade of “Q” may not be assigned unless an official drop has been processed through the Records Office or Web for Students. A student may not drop a course within 15 class days of the beginning of final examinations or five class days before the end of the summer term. Students should check the published schedule for specific dates.

Withdrawal

Students who want to withdraw during fall, spring, or summer semesters must complete a Withdrawal Petition. Students must clear all financial obligations and return all uniforms, books, laboratory equipment, and other materials to the point of original issue. However, if the student is unable at the time of withdrawal to clear financial obligations to the Institute and files an affidavit of inability to pay, the student will be permitted to withdraw with the acknowledgment that transcripts will be withheld and re-entry to the Institute of Technology as a student will not be permitted until all financial obligations are cleared. Copies of the withdrawal form signed by the student and by the department chair must be presented by the student.

The Finance Office, on application before the end of the fall, spring, or summer semesters will return such fees as are returnable according to the schedule shown under the “Fees” section of this catalog. If a withdrawal is made before the end of the sixth week (second week of a summer term) or if the student is passing at the time of withdrawal after the sixth week, a grade of “W” is issued for each course affected. A grade of “F” should be issued for all courses not being passed at the time of withdrawal after the penalty-free period.

A student may not withdraw within fifteen (15) class days prior to the beginning of final examinations during the fall or spring semesters or five class days prior to the end of a summer semester. A student who leaves without withdrawing officially will receive a grade of “F” in all courses and forfeit all returnable fees. Students should review the published schedule for specific dates for withdrawals.

Forced Drop or Withdrawal Initiated by Instructor

When absences other than approved absences interfere seriously with the student’s performance or safety of student or others, the instructor may recommend to the department chair or Vice President for Academic Affairs and Workforce Development that the student be dropped from the class. Faculty may also recommend withdrawal from class for students who are unsafe due to careless behavior or have disregarded the absence policy of the instructor. If this action is taken after the first six weeks of a full semester or two weeks of a summer session, a grade of “F” may be recorded for the course.

Forced Withdrawal by Administrator

The Vice President of Student Services, on the advice of competent medical personnel, may require withdrawal or deny admission of a student for health reasons (mental or physical).

Educational Services

Lamar Institute of Technology has several services that are available to LIT students. Services, such as internet access, tutoring, and mentoring are available in the Learning Lab. Students are required to present a current Student Identification Card prior to requesting services.

Learning Lab

Lamar Institute of Technology has a Learning Lab located in the Technology Center building. The goal of the Learning Lab is to provide computer-based assistance for the TSI Assessment or Texas Success Initiative (TSI) objectives of reading, writing, and mathematics. Personal tutoring is available for developmental classes as well as other subjects offered at the Institute. The Lab is used for testing by the Developmental Math classes and also by students taking Web-based courses.

The Learning Lab provides computer access to Institute students. Computers are equipped with instruction software and standard commercial software packages, as well as Internet access.
The Learning Lab offers access through computers to the Mary and John Gray Library. Research may be done online, and if books or other materials are needed, they may be checked out through the Inter-Library Loan System.

The Learning Lab may also be used for study. Tables are set up for individuals or study groups. The hours of operation during the Fall and Spring semesters are 7:30 a.m. to 9 p.m., Monday through Thursday, and 7:30 a.m. to 4:30 p.m. on Friday. The hours of operation for the Summer semesters are 7:30 a.m. to 7 p.m., Monday through Thursday, and 7:30 a.m. to 1 p.m. on Fridays.

Library

The Mary and John Gray Library serves as the principle library for Lamar Institute of Technology students. LIT students have full access to the entire range of services offered by the library. The library occupies seven floors of the eight-story building, with a fully computerized online system providing access to more than 1,000,000 volumes and 75 electronic indexes and full-text periodical databases. Seating accommodates 860 students and faculty, including 17 study rooms for large group study and a "quiet" floor.

The first floor service areas include circulation, reference, and interlibrary loans. The second floor houses reserve reading, current periodicals and government documents, and a section of leisure reading. Four floors provide stacks for books and periodicals shelved in the Library of Congress classification sequence.

The seventh floor houses the library administrative offices, Special Collections, Media Services, and the PC lab. The 120-computer lab is open-access and offers students the opportunity to use word processing, database, and spreadsheet software as well as some software purchased to support specific classes.

The eighth floor currently serves as a Reception Center. This spacious and elegant floor, furnished by community donors, is available as a center for meetings, conferences, and social functions.

Expanding library collections support continuously evolving academic and technical programs. In addition to a strong collection of books and periodicals, the Library provides access to state and federal government documents and participates in the library networks that extend access to information resources. LIT students can access the library online system PCs located in the Learning Lab.

Testing Center

Lamar Institute of Technology provides a full service Testing Center for LIT students and the community. Assessments, both in the electronic and paper/pencil format, are offered in a comfortable, secure testing environment. Exams range from student placement exams, LIT program exams, national licensures/certificates and state certifications. LIT partners with ACT, Prometric, PearsonVUE, NOCTI (National Occupational Competency Testing Institute), NATE (North American Technician Excellence), Certiport and the State of Texas to offer exams such as A+, Microsoft, COMPASS, TSI Assessment, WorkKeys, Fire Academy and Police Officer exams.

Information about exams, hours of operation, and test center location can be found at www.lit.edu or by contacting the Testing Center at 409-839-2027 or 409-880-8687 or testingcenter@lit.edu.

Partnership in Achieving Student Success (PASS Program)

Although many students embark upon their college career with exuberance, many students find themselves disillusioned with their college experience. Students "drop out," "flunk out," and "stop out" of college. To improve the educational experiences of college students, Lamar Institute of Technology developed the Partnership in Achieving Student Success (PASS) program.

The mission of the PASS program is to improve the quality of student life and learning on the campus of Lamar Institute of Technology. The program was created to meet the accreditation requirements of the Southern Association of Colleges and Schools in the area of student learning outcomes. The foundations of the PASS program were developed and subsequently supported by the faculty and staff. Program success is monitored by the Community College Survey of Student Engagement (CCSSE), several survey instruments, and institutional data.

Continuing oversight of the program is accomplished by regular review by the LIT PASS Program Advisory Committee.

There are two fundamental elements of the PASS Program. They are quality academic advising and the College Success Skills Course (DORI 0200). The College Success Skills Course includes topics such as Introduction to LIT, Academic Advising, Planning, Memory, Reading, Notes, Tests, and other topics specific to college success.

The PASS Program is effective in improving student success. Due to the benefits of the PASS Program, students that register for college for the first time are required to enroll in the College Success Skills Course. Some students may be exempt from the requirement. Exemptions include students who have one of the following qualifications: 1) completed 15 SCH with a minimum 2.0 GPA, 2) enrolled in the Police Academy, EMT-Basic, Real Estate, Fire Academy, or Nurse Aid Program, 3) dual enrolled student, or 4) Lamar Institute of Technology faculty. The College Success Skills Course is a graduation requirement. For more information regarding exemptions, see the General Education and Developmental Studies Department Chair.

Tutoring

Instructors provide tutoring for students. Faculty are available during their office hours and by appointment. The Learning Lab (Room 112, Technology Center Building) provides other tutoring resources, both in person and online, in a variety of subject areas, on a first-come, first-served basis.

Individualized tutoring is available in writing, math, reading, computer science, and other subjects requested by students. During the fall and spring semesters, the hours of operation for the Learning Lab are 7:30 a.m. to 9 p.m., Monday through Thursday, and 7:30 a.m. to 4:30 p.m. on Friday. The summer hours of operation are from 7:30 a.m. to 7 p.m., Monday through Thursday, and 7:30 a.m. to 1 p.m. on Friday.

Mentoring Program

LIT’s Mentoring Program helps students meet the challenges of college and take advantage of the Institute’s many resources. This program will serve to connect students with LIT by providing them with a role model with whom they can consult about
campus decisions. The Mentoring Program will help promote students' self-confidence by humanizing the campus and guiding them through college life, thereby making the always difficult first year less challenging. The mentor can listen to problems and offer solutions in regards to time management, study skills, curricular choices and the like.

Mentors are faculty members or staff volunteers who are willing to donate attention and guidance to an assigned student. Any currently enrolled LIT student is eligible to participate in the Mentoring program. To enhance the Mentoring Program’s effectiveness, students are required to agree to the rules and conditions of the program. For an application or more information, students can visit the LIT webpage, contact Leigh Smith at 839-2095, or email at mentoring@lit.edu.

Lamar Institute of Technology offers more than 50 programs in fields that include allied health, business, industry, and public service and safety. Each program is designed to give students the skills necessary for meaningful employment.

All two-year programs are designed to give the student training prior to entry into a career. Successful completion of one of these programs should provide the student with sufficient knowledge, skill and confidence to enter and advance in a selected field.

Programs are offered on the campus in Beaumont, Texas and a limited number of programs are offered fully online. Classes are also offered in other locations throughout the service area.

Educational Programs

The Institute awards the Associate of Applied Science degrees in the following areas:

Department of Allied Health and Sciences
- Child Care and Development
- Dental Hygiene
- Diagnostic Cardiac Sonography
- Diagnostic Medical Sonography
- Health Information Technology
- Occupational Safety and Health
- Radiologic Technology
- Respiratory Care

Department of Business Technologies
- Accounting Technology
- Computer Networking and Troubleshooting Technology
- Management Development
- Office Technology Administration
- Real Estate
- Software Applications
- Web Design

Department of Public Service and Safety
- Criminal Justice Security Threat Groups
- Emergency Medical Technician (EMT) Paramedic
- Homeland Security
- Homeland Security Crime Scene Technician

Department of Technology
- Advanced Engine Technology

Certificate Programs

In addition to the degree programs, Lamar Institute of Technology offers the following Certificates:

Department of Allied Health and Sciences
- Child Care and Development
- Diagnostic Cardiac Sonography
- Diagnostic Medical Sonography
- Health Informatics
- Occupational Safety & Health
- Pharmacy Technician

Department of Business Technologies
- Accounting Technology
- Computer Support Technology
- Management Development
- Office Technology-Clerical
- Office Technology-Medical Records
- Real Estate
- Software Programs
- Web Development

Department of Public Service and Safety
- Criminal Justice Security Threat Groups
- Emergency Medical Technician (EMT) Paramedic
- Homeland Security
- Regional Fire Academy
- Regional Police Academy

Department of Technology
- Advanced Engine / Diesel
- Air Conditioning
- Construction Technology
- Electronic Instrumentation
Dual Enrollment Program

The Dual Enrollment Program allows high school juniors and seniors to enroll in college courses. Students must have a “B” average in high school coursework or show other evidence of special qualifications. Students who plan to enter the Dual Enrollment Program must have the written permission of a parent or guardian and the high school principal or designee. Students may apply online at www.ApplyTexas.com or they may submit a Dual Enrollment Application, Texas Residency Questionnaire, an official high school transcript, and TAKS or STAAR scores. Students who wish to enter any dual enrollment college-credit or non-credit program must take an appropriate assessment test prior to enrollment in a degree program.

High school students attending Lamar Institute of Technology are subject to all requirements regarding assessment, admissions, academic standards, and conduct.

Program Director: Robin Lisk
Office: Technology Center, Room 224
Office: 855 E. Lavaca St., Beaumont, Texas 77705
Phone: (409) 880-7432
FAX: (409) 839-2919
E-mail: robin.lisk@lit.edu

Lamar Institute of Technology offers programs and courses online for students requiring a flexible schedule and/or are located outside the LIT’s geographical area. Students can earn a high-quality online degree over the internet from the comfort of their home or office during the time of day that works best for their schedule. High speed internet access is required, basic computer skills are necessary, and a student must be self-motivated.

Fully online programs may require a visit to a certified testing center and/or a work practicum in the student’s geographical area. Reference the program description for specific requirements.

Students in an online course will be required to show proof of identification through the following means: (1) a secure login and pass code for all courses, (2) proctored examinations for some courses, (3) other technology and practices identified for a specific course. Photo identification is required. Students who enroll in a distance education course(s) may be assessed additional charges associated with the verification of student identity.

The Office of Distance Learning complies with the Family Education Rights and Privacy Act (FERPA) in protecting the confidentiality of student records. In addition, Distance Education follows LIT campus wide processes and procedures to ensure protection of security, confidentiality, and integrity of its student records. For additional information reference the Student Handbook: Academic Policies – Student Records, Student Services – Computer Use Policy and the LIT Human Resources Manual: General Policies and Procedures.

Individual courses may be offered face-to-face (on ground), as a hybrid or as an online course.

**Face-to-face or ‘On ground’**: 100% of the course is offered on campus.

**Hybrid**: Greater than 50% of the course is offered on campus

**Online**: Course is offered fully online. A fully online course does not require a visit to the LIT campus. It may require a visit to a certified testing center within the student’s geographical area.

Admissions, curriculum, and graduation requirements for online courses are the same as classes taught on campus.

Prior to registering for an online program and/or course, complete the orientation "Is Distance Learning Right for Me?"

For more information, send an e-mail to the online.advisor@lit.edu or contact the "Office of Distance Learning" distanceed@lit.edu.

Online Programs

Lamar Institute of Technology offers the following fully online programs:

- Associate of Applied Science Degree in Homeland Security
- Certificate of Completion in Homeland Security
- Associate of Applied Science Degree in Health Information Technology
- Certificate of Completion in Health Informatics

Homeland Security Program

The Homeland Security Program prepares public servants and individuals for a career in the field of Homeland Security. The program offers an Associate of Applied Science degree and a Certificate.

The Homeland Security Program includes topics such as hazard and risk assessment, crime scene preservation, chemical agents, biological agents, radiological agents, explosive devices, detection-sampling and plume models, and personal protection methods. The critical role of first responders in weapons of mass destruction, mitigation and survival are also included in the curriculum.

The program has open enrollment and is accessible to all students. The student will take an entrance assessment to be appropriately placed in general education classes. Each student will also be registered in an online version of "College Success Skills".

The program may be completed fully online without visiting the LIT campus. Individual courses may require a visit to a "Certified Testing Center" within your geographical area.

Health Information Technology Program

The Health Information Technology Program prepares students for employment in multiple workplace settings in the healthcare industry including hospitals, physicians’ offices and clinics, long-term care facilities, insurance companies, government agencies, and home care provider fields. The Health Information Technology Program provides academic instruction and professional training to prepare students to pass the Registered Health Information Technicians examination and function as an entry level Health Information Management Technician. The program is accredited by the Commission on Accreditation for Health Informatics and Information Management.

LIT offers an Associate of Applied Science in Health Information Technology and a Certificate in Health Informatics.

The program is a limited access program. Students must apply for the program one semester before they begin the program. Students are accepted into the program in the fall each year. The following are requirements for admission into the Health Information Technology program:

- Applicants must have met all requirements of the Texas Success Initiative (TSI).
- There are preparatory courses available to help the student pass this requirement.
- To identify a testing location within your area visit the web site: [http://www.actstudent.org/regist/centers.html](http://www.actstudent.org/regist/centers.html)
- Applicants are required to spend 24 hours volunteering in a health information department prior to acceptance into the program. (written verification required)
- Applicants must authorize a criminal background screening and must meet acceptable established criteria
- Additional information for selection criteria for admission are available from the Health Information Program Office (phone number: 409-839-2918)

The program includes a combination of online instruction and workplace experience. Work experience may be obtained from a setting in the learners’ geographical location.

Online Courses

Lamar Institute of Technology has several online courses. New online courses continue to be developed. Contact the program director or coordinator for a comprehensive list of all online courses within a program.

Degree Requirements

General Education Degree Requirements
In each degree program, Lamar Institute of Technology requires the successful completion of general education or academic courses at the collegiate level that ensures breadth of knowledge, and is based on a coherent rationale. Students who plan to complete an Associate of Applied Science degree must complete a minimum of 15 semester credit hours (15 SCH) of general education courses. These courses are to be drawn from and include at least one course from each of the following areas: humanities/fine arts, social/behavioral sciences, and natural science/mathematics. Students completing a program of study that results in the award of a certificate may not be required to complete general education courses.

Associate of Applied Science Degree
Students must satisfy the following requirements to be awarded an Associate of Applied Science Degree:
1. Meet all admission requirements.
2. Complete a Recommended Program of Study.
3. Complete a minimum of fifteen semester credit hours (15 SCH) of courses in the following four academic areas. Students must complete five courses in the following four categories.

<table>

</tr>
</tbody>
</table>

1. Demonstrate competencies in reading, writing, and oral communication. Courses that satisfy the competencies include Composition I (ENGL 1301) and Public Speaking (SPCH 1315).
2. Twenty-five percent of coursework in the Recommended Program of Study must be completed at Lamar Institute of Technology.
3. Earn at least a ‘C’ in Composition I (ENGL 1301) and College Mathematics (MATH 1332) or College Algebra (MATH 1314) courses used to satisfy the Recommended Program of Study.
4. Earn at least a ‘C’ in all technical courses in the Recommended Program of Study.
5. Earn a minimum of a 2.0 Cumulative Grade Point Average for all courses within the Recommended Program of Study.
6. Complete additional requirements of individual programs.
7. Complete the requirements of the PASS Program.
8. Successfully complete all Texas Success Initiative (TSI) requirements.

Students interested in registering for online courses must have computer skills and have a “High Speed Internet” connection. Prior to registering for an online course, take the "Is Distance Learning Right for Me?" orientation.

Online Academic Advisors
LIT recognizes that online students have unique challenges. To assist the online learner with success in their online learning experience, LIT has program advisors and an online academic advisor dedicated to fully online students.

The "Online Academic Advisor" serves as a single point of contact for answering questions and providing student support. Students who would like to talk to an online advisor should email online.advisor@lit.edu.
Acceptable academic college level courses may be used to meet degree requirements. The following table should serve as a guideline to make the determination if academic college level courses may be used to meet the requirements of an Associate of Applied Science Degree.

Certificate

Students must complete the following requirements to receive a Certificate:
1. Meet all admission requirements.
2. Complete a Recommended Program of Study for a certificate award.
3. Earn at least a ‘C’ in all courses used to satisfy the Recommended Program of Study.
4. Complete additional requirements of individual programs.
5. Complete the requirements of the PASS Program.

Additional Associate Degree

When another associate degree is completed simultaneously or has been taken previously, the second associate degree may be granted upon the completion of all required work for the second degree. A minimum of an additional 15 semester credit hours (15 SCH), as specified by the department granting the second degree, must be completed at Lamar Institute of Technology.

Graduating Under a Particular Catalog

A student must satisfy the degree requirements published in the catalog in effect at the time they registered for the first time. Students that enroll and have a break in enrollment of one sixteen week semester must re-apply. When the student is re-admitted they must meet the degree requirements in effect at the time of their re-admission.

Exceptions include:
1. A catalog more than seven years old shall not be used;
2. The student who interrupts enrollment for involuntary military service may re-enroll within one year from the date of separation from military service in order for this provision to apply. For these purposes, enrollment shall be defined as registration for and successful completion of at least one course during an academic term. A student forced to withdraw for adequate cause before completion of a course may petition for a waiver of this provision at the time of withdrawal.

If a student changes their major, the degree requirements and program requirements in effect at the time of the change of major must be satisfied by the student. At the discretion of the appropriate departmental chair, students may be required to comply with all changes in the curriculum made subsequent to the year in which they were initially enrolled.

Graduation

Graduation marks the point when a student has completed all of the requirements to earn a degree or certificate. Graduation candidates must notify the degree department, early in their final semester, of their intent to graduate. To graduate, the student must notify the department office, apply for graduation at the Graduation Office, and pay a graduation fee at the LIT Cashier’s Office. Students who do not complete the process will not graduate nor receive a diploma.

If a student fails to complete the graduation process, LIT reserves the right to award a degree or certificate when the requirements have been met.

Graduation Ceremony

Graduation ceremonies are scheduled in May and December. To participate in the Graduation Ceremony, students must have completed the application for graduation and be eligible to graduate the current or following fall or spring semester. Participation in the Graduation Ceremony should not be considered evidence that the student has satisfied all graduation requirements.

Candidates for graduation are required to wear the graduation regalia designated by LIT during the commencement ceremonies.

Graduating With Honors

Students that achieve academic excellence are recognized as honor graduates. Honor graduates are identified by meeting several criteria. The criteria include: (1) completion of at least twenty four semester credit hours (24 SCH) at Lamar Institute of Technology, and (2) have a minimum grade point average of 3.5 GPA for all courses that apply to the program of study.

There are three levels of honors. The levels are Summa Cum Laude (highest honors), Magna Cum Laude (high honors), and Cum Laude (honors). Students earn honor status based upon their Cumulative Grade Point Average.

Department of Allied Health and Sciences

Department Chair: Sheila Trahan  
Office: Multipurpose Building, Room 220  
Address: 802 E. Lavaca St., Beaumont, TX  77705  
Phone: (409) 880-8845  
E-mail: sheila.trahan@lit.edu

The Allied Health and Sciences Department houses educational programs that include Child Care and Development, Dental Hygiene, Diagnostic Medical Sonography, Diagnostic Cardiac Sonography, Diagnostic Vascular Sonography, Health Information Technology, Occupational Health and Safety, Radiologic Technology, and Respiratory Care. A Nurse Aide curriculum is also offered by the department. The department provides academic science courses such as Anatomy and Physiology and Chemistry.

Graduates of programs within the department provide specific services to people in a variety of health care settings, industries and private businesses. Graduates describe pleasant working conditions and competitive salaries following their education.

The goal of delivering services through a team of dedicated specialists working cooperatively characterizes each Allied Health and Sciences program. Each educational program strives to give the student a quality education with the use of innovative teaching tools, clinical and job experiences and state-of-the-art equipment and facilities. The department offices are located in the Multipurpose Building.

Admission to Allied Health and Sciences Programs

Students interested in programs including Dental Hygiene, Health Information Technology, Radiologic Technology, Diagnostic Medical Sonography, Diagnostic Cardiac Sonography, Diagnostic Vascular Sonography, and Respiratory Care must apply to the program. Interested student must 1) complete an Application for Admission to an Allied Health and Sciences program; 2) submit required official transcripts; 3) submit test scores; and 4) submit other documents on specific dates (see program statement). Students will not be considered for admissions if they do not complete specific program application procedures. Applicants must pass all sections of the TSI or an approved test to be admitted to a program.

Applicants are urged to follow application instructions carefully to ensure processing by program admission committees. Enrollment is based on availability of clinical sites.

Applicants for Admission are evaluated on the following:
1. Admission to Lamar Institute of Technology;
2. SAT or ACT scores; and
3. Transcripts and grades in high school and previous college work.

Additional costs above tuition and fees are required in all Allied Health and Sciences programs. Uniforms, equipment and instruments, liability insurance, health examinations, immunizations, licensure/registration examination fees, and transportation to clinical facilities are the responsibility of the student. Financial aid is available to eligible students. Liability insurance and health examinations are required each year of the program. Students may be assigned to clinical experiences during day, evening, night and weekend hours. Clinical agencies may require additional health examinations, dress codes or conformity with other policies. Students will be informed in advance of each requirement.

The Child Care and Development program and the Occupational Safety and Health program have no special admissions procedures or requirements.

Child Care and Development

Program Director: Gail Williams  
Office: Multipurpose Building, Room 231  
Address: 802 E. Lavaca St., Beaumont, TX  77705  
Phone: (409) 880-2223  
E-mail: childcare@lit.edu

The Child Care and Development Program prepares individuals for employment in the field of early childhood care. The care giver of young children works with young children in a child care setting, observing, overseeing, interacting and teaching, which includes setting up curriculum and activities. The care giver is aware of and attends to the physical, emotional, social and cognitive needs of the individual child.

The Day Care/Child Care Center Director supervises and oversees the training of care givers, may work directly with children, and works with budgeting and financing. The director knows the minimum standards to remain in compliance with state licensing practices. The director works with parents and oversees the food program and curriculum.

The Child Care Director/Quality Care giver can perform the duties of a care giver and director. In addition, the care giver may go into the home of children, develop programs to educate parents with parenting skills and other life skills, assess families and individual children, train care givers, and demonstrate child care center equipment.

The courses may be used as academic instruction in working toward National Child Development Associate requirements, but do not provide Child Development Associate certification by themselves.

Students complete classes on the LIT campus and observation requirements at an approved child care facility. Students enrolled in child care and development classes must supply 1) a negative tuberculosis skin test, 2) a complete a criminal background check, and 3) a State approved fingerprint requirement. Students must have access to transportation to child care facilities in the region. A current TB skin test and a criminal background check are required for each Child Care and Development student.

A minimum grade of "C" must be earned in all courses required on the Recommended Program of Study.

A graduate of the two-year instructional program is awarded the Associate of Applied Science Degree.

### Dental Hygiene

**Program Director:** Patti H. Parrott  
**Office:** Multipurpose Building, Room 216  
**Address:** 802 E. Lavaca St., Beaumont, TX 77705  
**Phone:** (409) 880-8855/880-8846  
**E-mail:** patti.parrott@lit.edu

Dental hygienists provide dental health services that include cleaning (prophylaxis), oral cancer screenings, x-rays, pit and fissure sealants, patient education, and nutritional counseling. The traditional workplace setting for dental hygienists is a private dental office; however, hygienists also provide dental hygiene care in other settings such as prisons, public health facilities, schools, and long-term care facilities. The role of the Dental Hygiene Program is to prepare highly competent dental hygienists to meet the oral health care needs of the public.

The Dental Hygiene Program is accredited by the Commission on Dental Accreditations, American Dental Association. The Dental Hygiene Program has a limited capacity and selects students based upon defined criteria. Students must take pre-enrollment courses and are encouraged to take general education courses and support courses prior to applying to the program. Application forms, selection criteria and admission procedures are available from the Dental Hygiene Program office in the Multipurpose Building, Room 223. Applications to the Dental Hygiene Program are due on December 20 of each year. Once accepted into the Dental Hygiene Program, the curriculum is two years in length beginning in July and ending in May. During
enrollment, students attend lecture, laboratory, and clinical courses. Clinical practice occurs in the Dental Hygiene Clinic on the LIT campus.

Dental hygiene students must 1) maintain a minimum of a 'C' in all courses; 2) maintain a 2.3 GPA; 3) complete a portfolio; 4) complete the Recommended Program of Study; 5) complete community service requirements; and 6) satisfy LIT graduation requirements. Each of the requirements must be satisfied for a student to graduate with an Associate of Applied Science in Dental Hygiene.

Graduates must successfully pass the Dental Hygiene National Board Examination, a regional or state clinical exam, and a state jurisprudence exam in order to apply for a license to practice.

### Diagnostic Cardiac Sonography

**Program Director:** Judy Tinsley

**Office:** Multipurpose Building, Room 208

**Address:** 802 E. Lavaca St., Beaumont, TX 77705

**Phone:** (409) 839-2923 / 839-2924

**E-mail:** medicalsonography@lit.edu

The Echocardiography Sonographer performs cardiovascular examinations to provide a picture of a heart and great vessels using high-frequency sound waves. Cardiovascular examinations are used to diagnose congenital heart disease, valvular disease, pericardial disease, cardiomyopathy, and other cardiovascular disorders. Types of examinations include 2D and 3D Echo, M-mode and color flow doppler, as well as transesophageal and stress studies. The Echocardiography Sonographer typically works in hospitals, clinics and physicians’ offices.

The Diagnostic Cardiac Sonography Program is designed to prepare individuals for a career as a Diagnostic Cardiac Sonographer (Echocardiographer) through classroom study and a supervised clinical experience.

Interested student must complete an application and be admitted into the program. Admission to the Diagnostic Cardiac Sonography Program is based on academic success and past medical experience. The number of students accepted into the program is limited to space available in clinical agencies.

Applications for the Diagnostic Cardiac Sonography Program are due by April 1st of each year. Classes begin in late May or early June. Diagnostic Cardiac Sonography admission forms, criteria and admission procedures are available from the Diagnostic Cardiac Sonography Program director, in the Multipurpose Building, or by visiting www.lit.edu. Applicants must pass all sections of the TSI Assessment Test. Those failing one or more
sections must reapply one year later during normal admission time.

Students applying to the program must complete a background screening as part of the application process.

A minimum grade of “C” must be earned in all courses in the degree plan in order to graduate. Students that successfully complete the required program of study will be awarded the Associate of Applied Science degree in Diagnostic Cardiac Sonography.

_A Also available is an Advanced Technical Certificate in Diagnostic Cardiac Sonography. This certificate is limited to graduates of an accredited two year allied health program (AAS)._ Upon completion of the Recommended Program of Study, graduates with a bachelor's degree or an associate's degree in another allied health program are eligible to take examinations for the American Registry of Diagnostic Cardiac Sonography (RDCS). Other graduates are eligible to take the examination through Cardiovascular Credentialing International (CCI). The Diagnostic Cardiac Sonography program is currently seeking program accreditation by the Joint Review Committee on Education in Diagnostic Medical Sonography._

Diagnostic Medical Sonography
Program Director: Judy Tinsley
Office: Multipurpose Building, Room 208
Address: 802 E. Lavaca St., Beaumont, TX 77705
Phone: (409) 839-2923 / 839-2924
E-mail: medicalsonography@lit.edu

Medical Sonographers provide patient services using medical ultrasound examinations under the supervision of a physician responsible for the use and interpretation of ultrasound procedures. Medical sonographers typically work in hospitals, clinics, and physician’s offices.

The Diagnostic Medical Sonography Program is designed to prepare individuals for a career as a Medical Sonographer through classroom study and a supervised clinical experience. Interested students must complete an application and be admitted into the program. Admission to the Diagnostic Medical Sonography Program is based on academic success and past medical experience. The number of students accepted into the program is limited to space available in clinical agencies.

Diagnostic Medical Sonography admission forms, criteria and admission procedures are available from the Diagnostic Medical Sonography Program Director, Multi-Purpose Building or by visiting www.lit.edu/. Applications are due by April 1st of each year; classes begin in late May or early June. Students applying to the program must complete a background screening as part of the application process. Applicants must pass all sections of the TSI Assessment Test. The number of students accepted into the program is limited to space available in clinical agencies.

A minimum grade of “C” must be earned in all courses in the degree plan in order to graduate. Students that successfully complete the required program of study will be awarded the Associate of Applied Science degree in Diagnostic Medical Sonography.

Also available is an Advanced Technical Certificate in Diagnostic Medical Sonography. This certificate is limited to graduates of an accredited two year allied health program (AAS).

Upon completion of the Diagnostic Medical Sonography Program, graduates are eligible to take the certification examination in the specialty area of Abdomen and Obstetrics/Gynecology (OB/GYN) administered by the American Registry of Diagnostic Medical Sonographers (ARDMS).

The Diagnostic Medical Sonography Program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) program administered by the Joint Review Committee on Education in Diagnostic Medical Sonography (JRC/DMS).

Health Information Technology

Program Director: Staci Waldrep
Office: Multipurpose Building, Room 247
Address: 802 E. Lavaca St., Beaumont, TX 77705
Phone: (409) 839-2918 / 880-8845
E-mail: healthinfotech@lit.edu

Health Information Technology professionals play a critical role in maintaining, collecting, and analyzing the data that doctors, nurses and other healthcare providers rely on to deliver quality healthcare. They are experts in managing patient health information and health records, administering computer information systems, coding the diagnoses and procedures for healthcare services provided to patients, preparing health-care statistics, and providing continuous quality improvement.

The Health Information Technology Program (HITT) is a two year program. The HITT Program prepares students for employment in multiple workplace settings in the healthcare industry including hospitals, physicians’ offices and clinics, long-term care facilities, insurance companies, government agencies, and home care providers. Graduates are prepared to serve as health information technicians. Practicums are non-paid and require attendance at select health care facilities. Upon successful completion of the program, students earn an Associate of Applied Science degree.

Also available is a Certificate in Health Informatics. The Certificate of Completion in Health Informatics is designed to prepare students for employment as entry level Health Informatics personnel or to provide supplemental training for persons previously or currently employed in related health record occupations. Students will learn the fundamentals of healthcare informatics by focusing on resources, devices, and methods used to acquire, store, retrieve, and utilize electronic health records.

The Health Information Technology Program and the Health Informatics Program are selective enrollment programs. Students must apply and be accepted into the program to register for classes. Each program begins in the fall each year. The number of students is limited to space available in clinical agencies. Admission to the program is based on academic success and past medical experiences. Applicants must complete all the requirements of the Texas Success Initiative (TSI Assessment Test) and complete Anatomy and Physiology (BIOL 2301/2101 and BIOL 2302/2102) with a grade of ‘C’ or better to be accepted into the Health Information Technology Program. Those students who have not completed the requirements of Texas Success Initiative (TSI) or completed Anatomy and Physiology with a grade of ‘C’ or better may reapply one year later during the normal admission cycle. Students are required to obtain a criminal background screening and must meet acceptable established criteria.
Applications and information for selection criteria for admission are available in the Health Information Program office. Applications and supporting documentation are due April 15 of each year. Students are encouraged to take supporting courses prior to applying to the program. Each semester all courses in the curriculum must be completed with a grade of “C” or better to progress in the program. Health Information Technology (HITT) courses must be taken in the order listed in the program of study. At this time each program is available in an on-line format. Future options may include traditional classes, as demand necessitates.

The program is accredited by the Commission on Accreditation for Health Informatics and Information Management. Students enrolled in their final term of study are eligible to apply for admission to the national examination administered by the American Health Information Management Association.

Students who complete their Associate Degree may continue the education to acquire a Bachelor’s Degree in Health Information Management (HIM) through a progression agreement established with Texas State University in San Marcos, Texas. The classes are offered on-line or in a traditional classroom setting. For additional information, contact Sue Biedermann, HIM Department Chair at (512) 245-8242 or sbo2@txstate.edu.

Note: DORI 0200 College Success Skills course is an institutional requirement for all first time in college students, see College Success Skills Course (DORI 0200).

+ Institutional requirement.

For course descriptions, see page 89.
Certified Nurse Aides are health care professionals who work beside physicians, nurses, and other healthcare professionals to provide direct patient care in a variety of healthcare environments. They play a vital role in the healthcare delivery setting, often having more patient contact that any other team member including doctors and nurses. Certified Nurse Aides help patients with many tasks that they cannot do for themselves while they are in hospitals, rehabilitation clinics, assisted living facilities, nursing homes or long-term care facilities.

According to the Bureau of Labor Statistics (www.bls.gov), employment of Certified Nurse Aides is expected to grow because of technological advances in medicine as well as the growth of an aging population. This career will be a good choice if you are interested in medicine and want to care for others.

Requirements to enter this program are a high school diploma or a GED, and a criminal background screening.

Nurse Aide certification courses include both hands-on experience at healthcare facilities and basic biology and health course work with an emphasis on areas such as safety regulations, cardiopulmonary resuscitation, infection control, and patient care. The classes include communication, recording vital signs, personal hygiene, and basic nutrition.

Upon completion of the Nurse Aide classes, students are eligible to take the State of Texas Nurse Aide Certification Examination. Upon passing the exam, students’ names are added to the Certified Nurse Aide State Registry.

Program Requirements
NURA 1160 Clinical-Nurse Aide 1:0:10
NURA 1301 Nurse Aide for Health Care 3:3:0

4:3:10

For course descriptions, see page 89.

Occupational Safety and Health

The Occupational Safety and Health Program is designed to prepare individuals for employment as a safety specialist with additional emphasis on industrial hygiene and environmental management. Courses may be taken individually to upgrade the skills of individuals employed as safety specialists. There is an Occupational Safety and Health Associate of Applied Science degree and a Certificate in Safety.

The safety certificate will meet the needs of growing general industry and petrochemical expansion. This certificate will allow students to seek an entry-level position in the field of safety. The certificate will also allow students to continue their education and begin the Occupational Safety and Health Associate Degree program, so they can become a safety professional at a later date. Students that successfully complete all courses required for the certificate will receive a Certificate in Occupational Safety and Health Technology.

Most Occupational Safety and Health courses are taught in the evening hours to accommodate those employed during the day. A minimum grade of "C" must be earned in all courses outlined in the program. In addition, a grade point average of 2.0 must be maintained in all courses to receive an Associate of Applied Science degree.

In addition, Lamar Institute of Technology's Occupational Safety and Health Program and Lamar University Department of Industrial Engineering have an agreement to facilitate the opportunities for students who wish to transfer from the Occupational Health and Safety Program to the Lamar University Bachelor of Science Industrial Technology Degree Program. This agreement specifies the conditions and requirements necessary for students to transfer to Lamar University.

EPCT 1311 Introductory Environmental Science 3:3:0
inventory control, and purchasing processes. Opportunities exist for advancement into specialty positions such as chemotherapy technician or nuclear pharmacy technician, and others may move into sales.

The goal of the Pharmacy Technician Program is to assist licensed pharmacists in the preparation and distribution of prescription medications in a variety of healthcare settings, including hospital, community pharmacies, home health pharmacies, and specialty pharmacies. Duties of the Pharmacy Technician can include data entry, providing customer service, counting, packaging and labeling pharmaceutical products, sterile product preparation, and inventory management.

Applicants must have a high school diploma or GED and meet or exceed test scores required by the program. Students must complete the TSI Assessment Test and achieve the minimum scores of 343 (Mathematics), 347 (Reading) and 357/4 (Writing). Students that complete Introduction to Pharmacy Technology (PHRA 1301) and Pharmacy Technician Certification Review (PHRA 1243) are eligible to take the Pharmacy Technician Certification Exam, a national certification test administered by the Pharmacy Technician Certification Board (PCTB).

Students must 1) maintain a 'C' or better in all courses in the Pharmacy Technician Program, 2) maintain a 2.0 GPA in all courses in the Pharmacy Technician Program and 3) complete the Recommended Program of Study in order to earn a Certificate in Pharmacy Technician.

Interested individuals are encouraged to contact the department for additional information.

Note: DORI 0200 College Success Skills course is an institutional requirement for all freshman students, see College Success Skills Course (DORI 0200).

Pharmacy Technician

Program Contact: Sheila Trahan
Office: Multipurpose Building, Room 220
Address: 802 E. Lavaca St., Beaumont, TX 77705
Phone: 409-880-8845
E-mail: sheila.trahan@lit.edu

According to the Bureau of Labor Statistics (www.bls.gov), advancement opportunities are available in large pharmacies and health systems. Pharmacy Technicians with significant training and experience can be promoted to supervisory positions,
Radiologic Technology

Program Director: Brenda A. Barrow
Office: Multipurpose Building, Room 232
Address: 802 E. Lavaca St., Beaumont, TX 77705
Phone: (409) 880-8848
E-mail: radiologictechnology@lit.edu

The Radiologic Technology Program prepares students for entry-level positions in hospitals, clinics and doctors' offices performing procedures that produce images of the patients for diagnosis by physicians. Each student will be assisted in the pursuit of technical competence through lectures, demonstrations, supervised study and practical experience. A graduate of the program is awarded an Associate of Applied Science degree.

The Radiologic Technology Program is accredited by the Joint Review Committee on Education in Radiologic Technology, 20 N. Wacker Dr., Suite 2850, Chicago, IL, 60606-3182, (312) 704-5300, and graduates are eligible to apply for admission for the certification exam administered by the American Registry of Radiologic Technologists.

Students are accepted into the Radiologic Technology Program in the spring semester of each year. Admission to the program is based upon evidence of intellectual characteristics which are assumed to be consistent with a successful career in radiologic technology. Students are required to obtain a criminal background screening and must meet acceptable established criteria. The number of students admitted into the program is limited to the space available in clinical agencies.

Students are encouraged to take supporting courses prior to admission into the program. Supporting courses include all courses other than those designated with an “RADR” preceding the course number. Radiology courses must be taken in the order listed.

Radiologic Technology admission forms, criteria and admission procedures are available from the Radiologic Technology Program Director, located in the Multipurpose Building. Applications to the Radiologic Technology Program are due by April 15 of each year. Applicants must pass all sections of the TSI Assessment Test or be exempted from the test. Those failing one or more sections may reapply after passing the test.

A minimum grade of “C” must be earned in all courses required on the Recommended Program of Study. Students must maintain a 2.0 cumulative grade point average while enrolled in the Radiologic Technology Program.

Note: DORI 0200 College Success Skills course is an institutional requirement for all freshman students, see College Success Skills Course (DORI 0200).

Respiratory Care

Program Director: Gwen Walden
Respiratory therapists provide hands-on care that helps people recover from a wide range of medical conditions, whenever breathing is an issue. Respiratory Therapists are employed in hospitals where they provide breathing treatments, manage ventilators for the critically ill in intensive care units, deliver lifesaving treatments in emergency rooms, and neonatal and pediatric intensive care units. Respiratory therapists also provide home care in patients’ homes, assist with diagnosing sleep disorders in laboratories, and work to provide care for patients undergoing pulmonary rehabilitation, and assist in emergency transports.

The purpose of the Respiratory Care Program is to prepare graduates with demonstrated competence in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains of Respiratory Care practice as performed by registered respiratory therapist (R.R.T.’s). The students of this program will prepare for careers in Respiratory Care through lectures, laboratories, and clinical experience aimed at qualifying the student for certification and registration by the National Board for Respiratory Care. A graduate of this two year instructional program is awarded the Associate of Applied Science degree.

The Respiratory Care Program is accredited by the Commission on Accreditation for Respiratory Care (CoARC), 1248 Harwood Rd., Bedford, Texas 76021-4244, 817-283-2835, www.CoARC.com.

The program has a limited capacity and selects students based upon defined criteria. Students who are interested in applying to the Respiratory Care Program must complete an application to 1) Lamar Institute of Technology and 2) the Respiratory Care Program. Individuals interested in applying must also complete and pass all Texas Success Initiative Requirements. Students are expected to complete the pre-admission courses prior to admission into the program.

Applications and selection criteria are available from the Respiratory Care Program office in the Multipurpose Building. Completed application forms, transcripts and a criminal background screen are to be submitted to the Director of Respiratory Care Program by April 1st. Applicants will be notified of a mandatory orientation session after the application deadline of April 1.

Specific graduation requirements for the Respiratory Care Program are:

1. A minimum grade of “C” must be earned in all courses outlined in the program of study.
2. A grade point average of 2.0 must be maintained in all courses submitted on the degree plan
3. Take and pass the National Board of Respiratory Care Secured Comprehensive Certified Respiratory Therapist Examination and the Written Registered Respiratory Therapist Self-Assessment Examination.
4. Satisfy LIT graduation requirements.

After graduation, passing the entry-level examination earns the graduate the title of “Certified Respiratory Therapist” (C.R.T.). After passing the entry-level examination, the graduate is eligible to take the Written Registry Examination and the Clinical Simulation Examination offered by the National Board of Respiratory Care. Passing both of the examinations earns the graduate the title of “Registered Respiratory Therapist” (R.R.T.).

For more information about a career in the Respiratory care profession, visit www.AARC.org.

Computer Information Systems

Program Director: Linda Stoudemayer
Office: Technology Center, Room 230
Address: 855 E. Lavaca St., Beaumont, TX 77710
Phone: (409) 839-2916
E-mail: cis@lit.edu

Lamar Institute of Technology offers two Associate of Applied Science degrees in Computer Information Systems. The degrees include an Associate of Applied Science degree in Web Design and an Associate of Applied Science degree in Software Applications. The degrees are designed to prepare graduates for entry-level positions in the field of information technology. Each degree strives to develop proficiency in software applications, computer programming, and Web site development. Students receive extensive hands-on training in using current software and information technology techniques.

The Associate of Applied Science degree in Web Design includes programming fundamentals and Web site development. Programming languages include Java, HTML, C#, PHP, ASP.NET and Web authoring packages. A Certificate in Web Development that can be completed in one academic year is also offered.

The Associate of Applied Science degree in Software Applications includes the fundamentals and integration of commonly used business applications. These applications include word processing, spreadsheets, database operations, presentation graphics and basic Web page design and development. A Certificate in Software Programs that can be completed in one academic year is also offered.

All courses in the Computer Information Systems program must be completed with a grade of “C” or better.

Students must successfully complete all courses in the recommended program of study and complete an approved certification examination in order to graduate. If a student fails to pass the appropriate certification exam prior to the expected graduation date, the student will have one calendar year to pass the exam and reapply for graduation.

**Computer Networking & Troubleshooting Technology**

**Program Director:** Lauri Arnold
**Office:** Technology Arts 4 Building, Room 103C
**Address:** 855 E. Lavaca St., Beaumont, TX 77705
**Phone:** (409) 839-2050
**E-mail:** cntt@lit.edu

The Computer Networking and Troubleshooting Technology (CNTT) program prepares students to design, install, operate and troubleshoot computer network systems. Students receive extensive hands-on training in laboratory exercises and/or computer simulation exercises in order to develop maximum manipulative skill and operational competence with tools,
instruments, computers, and related equipment. CNTT majors also receive extensive certification training in computer maintenance and in computer networking.

In order for Computer Networking and Troubleshooting Technology majors to earn the credentials required for their success, they will receive training to earn one or more of the following industry certifications:

- Cisco Certified Network Associate (CCNA).
- A+ Certification.
- Cisco Certified Entry Networking Technician (CCENT)
- Security+ Certification.
- Microsoft Certified IT Professional in Enterprise Support
- Microsoft Certified IT Professional in Server Administration.
- Microsoft Certified Solutions Associate.
- Microsoft Certified Technology Specialist.

The physical requirements and mental abilities, certification expectations, and intensity of instruction required of Computer Networking and Troubleshooting Technology (CNTT) majors are high. Therefore, all CNTT major-specific courses must be completed with a grade of “C” or better, or obtain approval of the program director before continuing to take courses as a CNTT major. Additionally, CNTT majors must earn an industry certification in one of the following areas prior to graduation: A+, MCITP Enterprise Support, MCTIP Server Administration, Microsoft Certified Solutions Associate, CCENT, CCNA. If a student does not meet graduation requirements due only to his or her failure to earn the required certification, the student must then meet the certification requirement for graduation within one additional calendar year. Failure to complete certification requirements for graduation within this time limit will require the student to take additional courses and/or repeat courses (as required by the program director) until certification requirements are met.

A graduate of this program is awarded the Associate of Applied Science degree. A certificate in Computer Support Technology is also offered.

Management Development
Program Director: Ira Wilsker
Office: Technology Center, Room 216
Address: 855 E. Lavaca St., Beaumont, TX 77705
Phone: (409) 880-8193
E-mail: management@lit.edu

The Management Development Program assists students in developing fundamental skills, knowledge, attitudes and experience, enabling them to function in decision-making positions as supervisors or managers.

Lamar Institute of Technology requires students to register for the College Success Skills Course (DORI 0200) in their first semester. The course is designed to provide students with a thorough orientation to the campus, postsecondary education, and the classroom skills necessary for success. Students that transfer fifteen semester credit hours (15 SCH) from an accredited postsecondary institution with a GPA of 2.0 may be exempt from the College Success Skills Course.

Upon successful completion of the recommended program of study for the Management Development Program, a student is awarded an Associate of Applied Science degree in Management Development. A student may also earn a Certificate in Management Development following completion of the recommended program of study.

Office Technology Administration

Program Contact: Stephen Miller
Office: Technology Arts Building 4, Room 103
Address: 855 E. Lavaca St., Beaumont, TX 77705
Phone: (409) 880-2092
E-mail: officetech@lit.edu

The Office Technology Programs develop levels of competence in the skills and knowledge needed by entry-level office workers in modern businesses and organizations.

Graduates of the two-year associate degree program are prepared to pass civil service examinations and the various employment tests required by business and industry. Basic general education courses such as writing, mathematics, and speech are included in the two-year program. Business-related courses, including accounting, supervision, small business, and computer applications, provide the student with a foundation for workplace employment. In addition, students become proficient in necessary secretarial skills, including extensive computer knowledge using current software in word processing and spreadsheets. Law firms, governmental agencies, and other businesses in the region actively recruit graduates of the two-year program.

Students that choose to pursue a degree in Office Technology Administration must 1) be able to see a computer screen, 2) have fine hand and finger dexterity, 3) be able to communicate verbally, 4) be able to hear sufficiently to use typical office equipment, and 5) be able to sit or stand for the majority of a workday.

Lamar Institute of Technology requires students to register for the College Success Skills Course (DORI 0200) in their first semester. The course is designed to provide students with a thorough orientation to the campus, postsecondary education, and the classroom skills necessary for success. Students that transfer fifteen semester credit hours (15 SCH) from an accredited postsecondary institution with a GPA of 2.0 may be exempt from the College Success Skills Course.
High school Tech Prep students may enter the Office Technology Program and receive up to twelve semester credit hours (12 SCH) of courses. After completing the associate of applied science degree in Office Technology, graduates may pursue an Enhanced Skills Certificate in Medical Office Technology. This certificate is designed to provide skills beyond career entry or in a new or specialized area.

The Office Technology Program also allows students to earn a certificate after completing 30-32 semester credit hours of specific college courses. Students can begin the one-year certificate programs without having passed the TSI Assessment Test but must pass the TSI Assessment Test before taking the English and Math courses required for completion of these certificates.

The intensity and standards of the Office Technology Program are high. Therefore, all technical courses in the Recommended Program of Study must be completed with a grade of “C” or better. Any Office Technology Administration major not earning a grade of “C” or higher will be required to repeat the course.

The one-year Certificate of Completion listed as a Clerical option will enable the graduate to obtain an entry-level position in a business office.

The one-year Certificate of Completion in Medical Office Technology will allow the graduate to work in a doctor’s office or hospital as support staff. Graduates will have working knowledge of medical transcription, terminology and record-keeping methods.

After completing the Associate of Applied Science Degree in Office Technology, graduates may pursue an Enhanced Skills Certificate in Medical Office Technology. This Enhanced Skills Certificate is designed to provide the graduate with additional and advanced level skills in the rapidly growing field of medical office support. Graduates will have working knowledge of medical transcription, terminology, legal and ethical aspects of health information, and record-keeping methods.

Real Estate

Program Director:  Stephen Miller
Office:  Technology Arts Building 4, Room 103
Address:  855 E. Lavaca St., Beaumont, TX  77705
Phone:  (409) 880-8201
E-mail:  realestate@lit.edu

The Real Estate Program is designed to prepare students to enter the real estate industry in the fields of real estate sales, appraisal, brokerage, finance and title insurance. The Real Estate Program is designed for individuals entering the real estate industry, as well as for those who wish to expand their professional knowledge. Real Estate courses may be taken to satisfy the educational requirements of the Texas Real Estate Commission for salespersons’ licenses and renewals. Real Estate courses also will help satisfy the educational requirements of the Texas Appraisal Licensing and Certifications Board.

Lamar Institute of Technology requires students to register for the College Success Skills Course (DORI 0200) if it is their first time in college semester. The course is designed to provide students with a thorough orientation to the campus, postsecondary education, and the classroom skills necessary for success. Students that transfer fifteen semester credit hours (15 SCH) from an accredited postsecondary institution with a GPA of 2.0 may be exempt from the College Success Skills Course.

Upon successful completion of the Recommended Program of Study for the Real Estate Program, a student is awarded an Associate of Applied Science Degree in Real Estate. After successful completion of twenty one (21) semester credit hours of real estate courses, a student is awarded a Certificate in Real Estate.

Total: 21:20:2

* Capstone course
+ Institutional requirement.

For course descriptions, see page 89.
In each undergraduate degree program, Lamar Institute of Technology requires the successful completion of general education courses at the collegiate level. General education courses assure a breadth of knowledge based on a coherent rationale. Students that plan to complete an Associate of Applied Science degree must complete a minimum of fifteen semester credit hours (15 SCH) in general education courses. These credit hours are to be drawn from and include at least one course from each of the following areas: humanities/fine arts, social/behavioral sciences, and natural science/mathematics.

Developmental Education

The purpose of Developmental Education is to provide comprehensive courses in writing, mathematics, and reading that help students acquire the basic skills necessary to complete a college level course of study. Students may be required to complete developmental courses based upon their performance on the Texas Skills Initiative (TSI). Performance on the Texas Skill Initiative (TSI) placement tests will also determine which of the following developmental courses must be completed.

1. BRDG 0372. Developmental Reading (Fall 2013 Semester only)
2. BWRT 0372. Developmental Writing (Fall 2013 Semester only)
3. INRW 0473 Integrated Reading & Writing (effective Spring 2014).
4. INRW 0100. JumpStart Reading/Writing.
5. TMTH 0374. Developmental Mathematics.

Certificate programs that require less than forty two semester credit hours (42 SCH) and are designed to be completed in a year or less are TSI waived, provided that no more than six semester credit hours (6 SCH) are earned outside the certificate plan. A TSI-waived certificate program may, however, require a student to pass certain parts of an assessment test as a prerequisite for required general education courses.

Students should contact the Department Chair of General Education and Developmental Studies, 880-8191 or the Program Coordinator of the Developmental Education Program, for additional information.

Partnership in Achieving Student Success (PASS Program)

Program Chair: Michelle L. Davis
Address: 855 E. Lavaca St., Beaumont, TX  77705
Office: Technology Center, Room 116
Phone: (409) 880-8191
E-mail: passpgm@lit.edu

The Partnership in Achieving Student Success (PASS) program seeks to improve the quality of student life and learning through improvements, enhancements, or additions to the institution’s educational programs and services.

Lamar Institute of Technology is committed to providing students with the resources necessary to achieve their educational and career goals. The College Success Skills Course (DORI 0200) is a course designed to help new students adjust to college life and improve skills necessary to succeed at LIT. Topics include campus policies, study skills, time management, test-taking strategies, and learning styles.

Tutoring Program

The Tutoring Program consists of the following three components:

- Peer Tutoring.
- Lab Tutoring.
- Computer-Assisted Tutoring.

Peer Tutoring: A student who requests one-on-one tutoring for a specific course is given a list of qualified tutors who can work with the student. The student will submit his or her request for a tutor to the coordinator who will give the student a list of qualified tutors for that course. The student is then responsible for selecting the tutor he or she wishes.

Lab Tutoring: In a particular course that has many students needing help, a lab time in the afternoon or evening is assigned. A faculty member will coordinate the tutoring.

Mentoring Program

Students must meet the challenges of college and take advantage of its resources. This program will serve to connect students with LIT by providing them with a role model and someone to consult about campus decisions. The Mentor Program will help promote students’ self-confidence by humanizing the campus and guiding them through college life, thereby making the first year less challenging. For more information or to obtain an application for the Mentor Program, call 839-2095 or mentoring@lit.edu.

Department of Public Service and Safety

Department Chair: Wilburn F. "Will" Lyons
Office: Technology Center, Room 116A
Address: 855 E. Lavaca St., Beaumont, TX  77705
Phone: (409) 839-2967
FAX: (409) 839-2966
E-mail: pbss@lit.edu

The Public Service and Safety Department offers challenging programs in criminal justice, crime scene technology, law enforcement, fire protection, emergency medical services, or homeland security. The educational options ranging from certificate programs that can be completed in one or two
semesters, to two-year associate of applied science degrees that qualify graduates for entry-level positions.

Not sure which public service career option is right for you? Take a look at programs offered within the Public Service & Safety Department and then give us a call or send us an email. We look forward to discussing the many career and educational opportunities available here at Lamar Institute of Technology.

**Police Academy Requirements.**

The Texas Commission on Law Enforcement Officer Standards & Education (TCLEOSE) and the Regional Police Academy Program establish eligibility. Students must be at least 21 years of age, a high school graduate, and in excellent physical and emotional condition. If you have not completed high school, then you need a General Education Development (GED) certificate, or completed two years of active military duty with an honorable discharge.

Look at the Regional Police Academy section for details on requirements and contact the Regional Police Academy Director at (409) 880-8022 for answers to any questions you might have. The phone number for TCLEOSE is (512) 936-7700.

**Licensed Texas Peace Officers**

Graduates of the Regional Police Academy and licensed by Texas Commission on Law Enforcement Officer Standards and Education (TCLEOSE) will receive 15 college credit hours upon entering the Homeland Security, Crime Scene Technician and Criminal Justice Security Threat Groups degree programs, and 9 credit hours toward the Homeland Security and Criminal Justice certificates.

**Fire Academy Requirements.**

The Texas Commission on Fire Protection (TCFP) establishes eligibility requirements for the Fire Academy. Eligible students must be at least 18 years of age and a high school graduate or have an earned GED certificate. We encourage all prospective fire academy applicants to enroll in the Basic EMT courses at LIT before coming to the fire academy and to work towards the Paramedic after graduating from the academy. Individuals may contact the Regional Fire Academy Coordinator at (409) 832-5041 for additional information. The phone number for the Texas Commission on Fire Protection is (512) 936-3838.

**Emergency Medical Services Program.**

Lamar Institute of Technology offers Emergency Medical Technician (EMT) and Paramedic training. The EMT training can be completed in one semester. The program offers a Certificate of Completion in Emergency Medical Technician-Paramedic and Associate of Applied Science in Emergency Medical Technician-Paramedic. All courses in this program must be completed with a grade of B or better. Please contact the EMS Director at (409)839-2087 for applicant requirements. The phone number for the Texas Department of State Health Services EMS Specialist is (409) 951-3090.

Completion of any educational program does not guarantee employment. Students enrolled in the Public Service and Safety Department programs receive basic training necessary for entry into the challenging field of public service and safety. Experienced and qualified instructors provide training. Graduates gain tremendous satisfaction knowing that they are helping and protecting others. Graduates should research the classified advertisements and the internet to identify employment opportunities.

All courses in the recommended program of study require a grade of C or better, unless otherwise specified in a program.

Criminal background checks are required for entry into some programs. Periodic background checks may be conducted to ensure students have no convictions. Background checks returned with convictions may affect your ability to complete a program of study.

**Criminal Justice Security Threat Groups Program**

**Program Director:** James P. Doane  
**Office:** Technology Center, Room 212  
**Address:** 855 E. Lavaca St., Beaumont, TX 77705  
**Phone:** (409) 880-8023  
**E-mail:** cj@lit.edu

Lamar Institute of Technology offers a Criminal Justice Security Threat Groups Associate of Applied Science Degree and a Certificate Award. The goal of the Criminal Justice Security Threat Groups Program is to educate individuals about the world of street gangs, military gangs, drug cartels, and their relationships with organized crime and terrorist groups.

Graduates of a Texas Commission on Law Enforcement Officers Standards and Education (TCLEOSE) approved police academy who are licensed as a Texas Peace Officer will receive 15 college credit hours upon entering the Homeland Security, Crime Scene Technician and Criminal Justice Security Threat Groups degree programs, and 9 credit hours toward the Homeland Security and Criminal Justice certificates.

All courses in the recommended program of study require a grade of C or better.

### Emergency Medical Services

**Program Director:** Allen Welch  
**Office:** Multipurpose Building, Room 245  
**Address:** 802 E. Lavaca St., Beaumont, TX 77705  
**Phone:** (409) 839-2087  
**E-mail:** emt@lit.edu

**Clinical Coordinator:** Christie Hale  
**Medical Director:** Bertron Brown, M.D.

The Emergency Medical Services Program offers academic and work force training (continuing education) curricula designed for people who plan to work in the field of pre-hospital emergency medicine.

LIT’s initial EMS courses prepare students for the National Registry of Emergency Medical Technicians Examination (NREMT). Once a student successfully completes requirements for the National Registry, he or she may become certified by the Texas Department of State Health Services. EMS students may successfully complete one of two levels of DSHS certification. The first level is Emergency Medical Technician (EMT) and the second level is the Paramedic (EMT-P).

Lamar Institute of Technology offers an Associate of Applied Science Degree in Emergency Medical Technician-Paramedic and a Certificate in EMT Paramedic.

Individuals interested in the Associate of Applied Science Degree in EMT Paramedic must 1) meet with the program director and 2) meet all TSI requirements, 3) pass a criminal background check, and 4) successfully pass a ten panel drug screen.

Students interested in the Certificate in EMT-Paramedic Program must 1) meet with the program director, 2) complete the Workeys Reading Exam with a score of level 5, 3) pass a criminal background check, and 4) successfully pass a ten panel drug screen.

Clinical agencies used by LIT are required by the Joint Commission on Accreditation of Healthcare Organizations to ensure that personnel having contact with patients be free of any past or present criminal behavior that might jeopardize the welfare of the patient or personnel. Therefore, all students must pass a criminal background check to participate in the program.
Criminal background checks are conducted by the EMS program during the first week of the course. If the student fails the background check he or she will be immediately dropped from the program. Students enrolled in the program attend Emergency Medical Services (EMS) classes on campus and in the community. Students must also complete clinical rotations and field internships at area hospitals and Advanced Life Support/Mobile Intensive Care Unit Ambulance Services. The EMS program has a student mentoring program in the Advanced Clinical Courses.

Certification/licensure is not automatic. The National Registry of Emergency Medical Technicians (NREMT) administers all certification examinations upon completion of a DSHS approved educational program. Completion of the LIT EMS Program does not guarantee eligibility for DSHS certification/licensure. Certification exams are administered at the LIT Testing Center.

For testing and registration information for the TSI Assessment Test or WorkKeys™ exam, contact the LIT Testing Center at (409) 880-8687 or go to the Lamar Institute of Technology Web site, www.lit.edu.

All courses in the recommended program of study require a grade of 'B' or better.

### Homeland Security

#### Program Director: James P. Doane
#### Office: Technology Center, Room 212
#### Address: 855 E. Lavaca St., Beaumont, TX  77705
#### Phone: (409) 880-8023
Lamar Institute of Technology was the first college approved by the Texas Higher Education Coordinating Board to offer an Associate of Applied Science Degree in Homeland Security. Students have two options with the Homeland Security degree. They may focus on courses leading to careers as a Homeland Security Specialist or a Crime Scene Technician. LIT also offers a Certificate of Completion in Homeland Security.

The Associate of Applied Science in Homeland Security Crime Scene Technician trains individuals to secure a crime scene and collect information and evidence essential to criminal convictions. The Associate of Applied Science in Homeland Security Specialist and Associate of Applied Science in Homeland Security Crime Scene Technician are recognized by the Texas Skills Standard Board (TSSB).

Each degree helps prepare students for challenging careers in the field of Homeland Security.

All courses in the recommended program of study require a grade of C or better.

Regional Fire Academy

Program Coordinator: Chief John W. Randall, (ret)
Office: Beaumont Emergency Services Training (BEST) Complex, LIT Classroom 100
Phone: (409) 832-5041
FAX: (409) 838-2032
E-mail: firefighting@lit.edu

The Regional Fire Academy is a semester-length certificate of completion program that prepares the student for a career in fire protection. The curriculum satisfies the basic training requirements of the Texas Commission on Fire Protection (TCFP) for structural firefighter certification. The Fire Academy is offered in the Fall and Spring semesters during the day as a credit program and online with a two-week boot camp as a non-credit program.

The Lamar Institute of Technology Regional Fire Academy staff encourages student participation in Skills,USA. LIT cadets have won the gold, silver and bronze medals for several years at the Texas Skills,USA Post-secondary firefighting competition. Cadets advanced to represent LIT and the State of Texas at the National Skills,USA competition in 2008, 2009, 2010, and 2013.

The LIT Regional Fire Academy’s rigorous physical fitness course is designed to prepare cadets for the Candidate Physical Ability Test (CPAT). This physical ability test is used by some fire departments in the United States of America and Canada.

Cadets entering the Fire Academy must meet the minimum standards which include, but are not limited to, the following:

- Pass a physical examination using National Fire Protection Association (NFPA) criteria.
- Be at least 18 years of age.
- Possess an honorable discharge, if served, for all military service.
- Possess either a high school diploma or General Education Development (GED) certificate.
- Possess a valid driver’s license.
- Possess a valid social security card.
Students must take the WorkKeys Reading Exam and score a Level 5 and successfully pass a criminal background check. Applicants may be denied employment based upon their criminal history. Students who want to know if their criminal history might affect their ability to become certified can request an early review of eligibility by the Texas Commission on Fire Protection and their history will be reviewed. The early review of eligibility form is available online at http://www.tcfp.texas.gov.

During the students’ course of study, they receive certificates for hazardous materials awareness and hazardous materials operations. Students successfully completing the Fire Academy receive a certificate of completion, 18 semester hours of college credit, and are eligible for state basic structural firefighter certification testing. Graduates of this academy should be prepared to pass civil service examinations and the various employment tests given by government agencies. Upon state certification, graduates are eligible for International Fire Service Accreditation Congress (IFSAC) Seals for Firefighter I, Firefighter II, Hazardous Materials Awareness, and Hazardous Materials Operations.

The Lamar Institute of Technology Regional Fire Academy offers professional development/continuing education courses for those currently certified by the TCFP. Most of the professional development courses are TCFP certification courses offered in cooperation with LIT Workforce Training.

All courses in the recommended program of study require a grade of ‘C’ or better.

E-mail: policeacademy@lit.edu
Web site: http://policeacademy.lit.edu

The Regional Police Academy has over 42 years of experience in law enforcement training, specializes in presenting programs of current and future interest to the law enforcement profession. The Police Academy is partially funded under a grant from the South East Texas Regional Planning Commission (SETRPC). All courses offered are certified for Texas Commission on Law Enforcement Officer Standards and Education (TCLEOSE) credit.

The mission of the Regional Police Academy is to provide high caliber, cost-effective professional development opportunities for peace officers, telecommunications, and corrections officers at various levels of the profession. Academy staff can also customize courses to meet specific training needs.

The Regional Police Academy satisfies the basic training required by the Texas Commission on Law Enforcement Officer Standards & Education (TCLEOSE) for peace officer licensing. Applicants are required to complete and pass an entrance examination before being considered for acceptance into the Police Academy. The entrance examination is offered periodically throughout the year.

All cadets entering the Police Academy must meet minimum standards for entry. The standards include, but are not limited to, the following:

- United States citizen.
- Pass a physical examination including drug screen.
- Pass a psychological examination.
- Honorable discharge from all military service.
- At least 21 years of age.
- Earned a high school diploma, a General Education Development (GED) certificate, or 2 years active duty with an honorable discharge.
- Pass a criminal history and background investigation to determine that the individual:
  a. has never been convicted of any domestic violence offense.
  b. has never been convicted of any Class A Misdemeanor or Felony offense.
  c. has not been convicted of a Class B Misdemeanor or Felony offense within the last 10 years.
  d. is not currently under indictment for any offense.
  e. is not currently prohibited by any law from owning or possessing a handgun and ammunition.
  f. is not prohibited by any law from operating a motor vehicle.

The Police Academy is offered each long semester during the day. A certificate of completion and fifteen semester credit hours (15 SCH) in Criminal Justice/Law Enforcement (CJLE) courses will be awarded to those successfully completing the Police Academy. The graduates earning a grade of B or better are eligible to sit for the Texas Peace Officer licensing exam.

All courses in the recommended program of study require a grade of ‘C’ or better.
Department of Technology

Department Chair: Pat O’Connor
Office: Technology Building I, Room 104
Address: 855 E. Lavaca St., Beaumont, TX 77705
Phone: (409) 880-1797; (409) 839-2004
E-mail: pat.oconnor@lit.edu

The Department of Technology offers a variety of programs at the certificate and associate of applied science levels. Programs include: Advanced Engine Technology, Computer Drafting Technology, Commercial and Residential Construction, Heating, Ventilation and Air Conditioning Technology, Industrial Mechanics, Instrumentation Technology, Process Operating Technology, Restaurant/Institutional Food Management, Utility Line Technology, and Welding Technology. Each program is designed to prepare students for jobs in high demand areas with “real world” training. Technology students get a true hands-on experience in the classroom. If you have any questions about programs in the Department of Technology, contact the program director for each program or the department chair.

Lamar Institute of Technology also requires students to register for the College Success Skills Course in their first semester. The course is designed to provide students with a thorough orientation to the campus, post-secondary education, and the classroom skills necessary for success.

All courses in the recommended program of study in the Department of Technology require a grade of ‘C’ or better.

Advanced Engine Technology

Program Director: Pete Matak III
Office: Industrial Training Center 2, Room 104
Phone: (409) 880-8226
E-mail: advancedengine@lit.edu

Industrial engines provide power for transportation equipment such as heavy trucks, buses and locomotives. Industrial engines are used in farming and harvesting equipment. Heavy equipment and stationary engines for pumps and compressors use diesel/multi-fuel engines. To repair an engine, the mechanic must isolate the cause of the problem, repair or replace defective parts, and make adjustments that affect engine life, performance and emissions.

The Advanced Engine Technology Program is designed to prepare graduates for a career in the operation, repair and maintenance of diesel/multi-fuel, and industrial and consumer use engines and equipment. Students learn the design and construction of industrial engines, how to disassemble and repair engines, tune-up and troubleshoot computer, electrical, electronic, and hydraulic problems, and preventative maintenance.

All of the courses in the Recommended Program of Study require a grade of ‘C’ or better. Students that complete the Recommended Program of Study will earn an Associate of Applied Science degree. The Certificate in Advanced Engine-Diesel will be awarded to students that successfully complete the one-year Recommended Program of Study.

Lamar Institute of Technology requires students to register for the College Success Skills Course in their first semester. The course is designed to provide students with a thorough orientation to the campus, post-secondary education, and the classroom skills necessary for success. Students must also successfully obtain an industry recognized credential identified by the program while enrolled in the capstone course.

Students that complete the Associate of Applied Science degree in Advanced Engine Technology and want management training may be interested in the Enhanced Skills Certificate. Graduates will increase their knowledge about management in the workforce.

Department of Technology

The Department of Technology offers an Associate of Applied Science Degree in Commercial and Residential Construction and a Certificate in Construction Technology. The goal of the program is to produce a graduate who has the requisite skills to be employed in local construction businesses. Students can expect to learn blueprint reading, estimating, tools, techniques, construction methods, construction materials, construction techniques and management. Students will also learn mechanical, plumbing and electrical systems, building codes and inspections, and computer-aided construction scheduling.

Lamar Institute of Technology also requires students to register for the College Success Skills Course in their first semester. The course is designed to provide students with a thorough orientation to the campus, postsecondary education, and the classroom skills necessary for success. Students must successfully complete the National Center for Construction Education and Research (NCCER) Certification exam. The NCCER certification is a national industry recognized certification.

All courses in the Recommended Program of Study require a grade of ‘C’ or better. Some of the Construction classes are held at an off-campus site off of Port Arthur Road in Beaumont. The construction classrooms are approximately two miles from the main campus.

Computer Drafting Technology

Program Director: Johnny Pousson
Office: TAS Room 108B
Address: 855 E. Lavaca St., Beaumont, TX 77705
Phone: (409) 839-2060
E-mail: caddrafting@lit.edu

The Computer Drafting Technology Program is a two-year drafting program offered by the Institute of Technology. The program is designed to provide basic technical information required for entry into the occupation of computer-aided drafting or conventional drafting. Drafters prepare precise drawings and specifications from sketches, field notes, and other information furnished by an engineer or a designer. They also calculate the quality, quantity, and cost of materials. Final drawings, either by use of the computer or by conventional drafting procedures, contain a detailed view of the object as well as specifications for materials to be used, procedures to be followed, and other information to carry out the job. Upon graduation, drafters may specialize in a particular field of work, such as mechanical, electrical, electronic/instrumentation, structural, pipe or civil drafting.

Those planning a career in drafting should be able to do detailed work requiring a high degree of accuracy, have good eyesight and eye-hand coordination, and be able to function as part of a team since he or she will work directly with engineers and skilled workers. Artistic ability is helpful in some specialized fields.

Graduates of the program are awarded the Associate of Applied Science Degree.

Lamar Institute of Technology also requires students to register for the College Success Skills Course in their first semester. The course is designed to provide students with a thorough orientation to the campus, post-secondary education, and the classroom skills necessary for success.

All courses in the Recommended Program of Study require a grade of "C" or better.

Heating, Ventilation & Air Conditioning
Program Director: Henry Gaus
Office: Industrial Training Center 2, Room102
Address: 855 E. Lavaca St., Beaumont, TX 77705
Phone: (409) 839-2068
E-mail: hvac@lit.edu

The Heating, Ventilation, and Air Conditioning Program offers two awards, an Associate of Applied Science Degree in Heating Ventilation and Air Conditioning and a Certificate in Air Conditioning. The Associate of Applied Science Degree is a two year program while the Certificate Award is designed to be completed in approximately one year.

The goal of the Heating, Ventilation, and Air Conditioning Program is to provide students with the knowledge and skills to understand, install, and provide preventive maintenance for air conditioning, heating, and refrigeration equipment in residential and industrial settings.

Students practice in installation, troubleshoot inoperative equipment, and perform preventive maintenance on air conditioning, heating and refrigeration equipment in a classroom and laboratory setting.

Lamar Institute of Technology requires students to register for the College Success Skills Course in their first semester. The College Success Skills course is designed to provide students with a thorough orientation to the campus, postsecondary education, and the classroom skills necessary for success.

Students must successfully obtain an industry recognized credential identified by the program while enrolled in the capstone course.

All courses in the Recommended Program of Study require a grade of "C" or better.

Industrial Mechanics Technology
Program Director: William Holton
Office: Industrial Training Center 1, Room 111
Address: 855 E. Lavaca St., Beaumont, TX 77705
Phone: (409) 880-8220
E-mail: equipment@lit.edu

The Industrial Mechanics Technology Program is designed to prepare individuals for a career in the operation, repair and maintenance of industrial equipment that produces power and the transfer of products in petrochemical and related industries. The objectives of the program are to provide foundation knowledge, technical knowledge, and mechanical skills. Students gain the knowledge and skills to install, maintain, repair and troubleshoot complex machinery such as pumps, compressors, turbines, air handling equipment, plant conveyor systems, and other equipment found in the industrial setting. During the course of the program, students use precision instruments, align and calibrate motors, complete vibration analysis, rig and move large pieces of equipment, read blueprints, perform pipefitting procedures, machine precision parts, troubleshoot welds, plan maintenance programs, and interpret service manuals.
Lamar Institute of Technology requires students to register for the College Success Skills Course in their first semester. The course is designed to provide students with a thorough orientation of the campus, postsecondary education, and the classroom skills necessary for success.

Students must successfully complete the National Center for Construction Education and Research (NCCER) Certification exam. The NCCER certification is a national industry recognized certification.

All courses in the Recommended Program of Study require a grade of ‘C’ or better.

### Associate of Applied Science in Industrial Mechanics Technology

### Instrumentation Technology

**Program Director:** Weldon Jacobs  
**Office:** Technical Building 4, Room 105  
**Address:** 855 E. Lavaca St., Beaumont, TX 77705  
**Phone:** (409) 880-8232  
**E-mail:** instrumentation@lit.edu

The Instrumentation Technology Program prepares individuals to test, certify, install, repair, inspect and maintain the high-tech instruments used in automated systems that are critical to the operation of chemical plants, petrochemical refineries, power plants, and air and water pollution control agencies. The curriculum includes pneumatic and electronic control systems, control loop adjustments and their analysis, process computers, process simulation, and programmable logic controllers. Graduates are proficient in the calibration of controls and the troubleshooting and maintenance of hydraulic, pneumatic, electrical and electronic control devices.
Students who complete the Recommended Program of Study for the Instrumentation Technology Program earn an Associate of Applied Science Degree and students who complete the Recommended Program of Study for the Certificate of Completion in Electronic Instrumentation earn a Certificate Award.

Lamar Institute of Technology also requires students to register for the College Success Skills course in their first semester. The course is designed to provide students with a thorough orientation to the campus, postsecondary education, and the classroom skills necessary for success.

All courses in the Recommended Program of Study require a grade of 'C' or better.

### Process Operating Technology

**Program Director:** Walter L. Tucker

**Office:** Technical Building TA1, Room 107

**Address:** 855 E. Lavaca St., Beaumont, TX 77705

**Phone:** (409) 880-8381

**E-mail:** process@lit.edu

The Process Operating Technology Program prepares individuals for employment in the refining, petrochemical, polymers, plastics, and pulp/paper industries. The Process Operating Program curriculum includes topics such as safety, computer science, mathematics, communication skills, general procedures in distillation, reactions, and quality control. The program provides hands on training in the classroom and laboratory environments. Students gain valuable real world experiences on a functional three story distillation unit.

Process operators generally work rotating shifts, climb tall towers, work with chemicals, and must meet certain physical requirements. Graduates of the Process Operating Technology Program may be required to complete a drug screen, background check, and a physical exam to be employed.
All courses in the Recommended Program of Study must be completed with a grade of ‘C’ or better. Lamar Institute of Technology requires students to register for the College Success Skills Course in their first semester. The course is designed to provide students with a thorough orientation to the campus, postsecondary education, and the classroom skills necessary for success.

The Process Operating Program is recognized by the Texas Skill Standards Board which verifies that the knowledge and skill competencies required by industry are included within the curriculum. In addition, the Process Operating Technology Advisory Committee reviews the curriculum to ensure that current industrial needs are met. In 2011, 2010 and 2009 Lamar Institute of Technology was recognized by the Community College Weekly as one of the top producers of Process Operators in the United States.

All courses in the Recommended Program of Study require a grade of "C" or better.

### Restaurant and Institutional Food Management

**Program Director:** Vinod Khatri  
**Office:** Multi-Purpose Center, Room 215  
**Address:** 855 E. Lavaca St., Beaumont, TX 77705  
**Phone:** (409) 839-2045  
**E-mail:** food@lit.edu or vkkhatri@lit.edu

The Restaurant and Institutional Food Management Program is designed to prepare students for entry-level supervisory positions in the food service industry. Graduates will qualify for a wide variety of careers in the food service industry including catering, school or hospital food service, fast food and restaurants.

Students gain knowledge and skills in the classroom and kitchen labs. Some courses are available in an online format. Students in the program must attend classes on the LIT campus and the Taylor Career Center in Beaumont.

The Restaurant and Institutional Food Management Program has two degrees, the Associate of Applied Science Degree in Restaurant and Institutional Food Management and a Certificate in Food Science. Students that choose to enroll in the Certificate of Completion Program are not required to satisfy TSI requirements.

Lamar Institute of Technology also requires students to register for the College Success Skills Course (DORI 0200) in their first semester. The course is designed to provide students with an orientation to the campus, postsecondary education, and the classroom skills necessary for success. Students that transfer fifteen semester credit hours (15 SCH) from an accredited postsecondary institution with a 2.0 GPA may be exempt from the College Success Skills Course.

Several courses can result in certifications from nationally recognized hospitality organizations.

Students must successfully complete the Serv-Safe Certification exam.
All courses in the Recommended Program of Study require a grade of "C" or better.

Certificate in Utility Line Technology

The Utility Line Technology Program prepares students to work in the power line industry as apprentice linemen. The curriculum includes the design and function of electric generation, transmission and distribution systems, substations, transformers, capacitors, voltage regulators, system protection, and metering. Program objectives include troubleshooting outages and voltage problems; identification and use of tools, materials, equipment; proper work and safety procedures; operation of utility line trucks; performing pre-trip and post-trip truck inspections; and successful completion of the Texas Commercial Driver’s License (CDL) written and driving test.

The Utility Line Technology Program is thirty two (32) weeks in length and begins in August each year. The Utility Line Technology Program is taught at the Robinson Center in Silsbee, Texas.

Interested students must be able to climb tall utility poles, handle highly energized utility lines, and be eligible to earn a Texas Commercial Driver’s License.

Students who successfully complete the recommended program of study will receive a Certificate in Utility Line Technology.

Lamar Institute of Technology also requires students to register for the College Success Skills Course in their first semester. The course is designed to provide students with a thorough orientation to the campus, postsecondary education, and the classroom skills necessary for success.

Students must successfully complete an OSHA certification exam. All courses in the Recommended Program of Study require a grade of ‘C’ or better.
86     Department of Technology

The welding industry governs various metal joining processes. It is the most common method for permanently joining the sections necessary for building and maintaining petrochemical industry units, pipeline, marine vessels, bridge structures, and many other industrial components. The Welding Technology Program prepares students for a career in industrial and construction welding, either as a competent welder or in a position which requires knowledge of welding, welding equipment or supplies. The curriculum includes safe and efficient techniques used in modern welding applications. Students’ skills and knowledge are regularly tested with methods common to industry in order to determine operator and procedure quality.

Lamar Institute of Technology also requires students to register for the College Success Skills Course in their first semester. The course is designed to provide students with a thorough orientation to the campus, postsecondary education, and the classroom skills necessary for success.

Students must successfully complete an American Society Mechanical Engineers (ASME) Pipe Certification in their course of study.

Welding Technology
Program Director: John McKeehan
Office: Industrial Technical Center 1, Room 106
Address: 855 E. Lavaca St., Beaumont, TX  77705
Phone: (409) 880-8951
E-mail: welding@lit.edu

For course descriptions, see page 89.
Lamar Institute of Technology’s Office of Workforce Development and Continuing Education (WDCE) provides ongoing education and customized training opportunities to business and industry in the surrounding communities. Contact a Workforce Development and Continuing Education representative for registrations and advising information.

Dean: Dr. Jimmy L. Adams, Jr.
Contact: Office of Workforce Development and Continuing Education
Office: Technology Center, Room 110
Phone: (409) 880-8114
FAX: (409) 839-2910,
E-mail: workforcetraining@lit.edu

The mission of Workforce Development is to enhance the employability of students and increase the performance and career satisfaction of employees in business and industry. To accomplish our mission, the Workforce Development and Continuing Education Department offers an array of non-credit education and training programs and a broad range of customized training services to organizations.

Training is offered on campus, off-campus, and through distance learning. Training earns general Continuing Education Units (CEUs).

Continuing Education students must apply, complete registration, and pay fees directly at our office in the Technology Building, Room 110. Transcripts and records are maintained in the Workforce Development Office at LIT.

This department is organized into the following program areas:
- Continuing Education
- Lifelong Learning
- Online Learning
- Corporate Training
- Professional Truck Driving Academy
- Off-Campus Training

For more information, call (409) 880-8114 or for course schedules visit our website at www.lit.edu/depts/workforce/default.aspx

### Continuing Education

A variety of continuing education certificate programs and courses are offered each semester, including but not limited to:
- Computerized Drafting (AutoCAD)
- Computer Training

### Lifelong Learning

These classes are offered to individuals, groups or organizations looking for professional enhancement as well as for personal enrichment on-campus or off-campus.

Course schedules may be reviewed at www.lit.edu/depts/workforce/default.aspx

- Making the Most of Your Digital Camera
- Basic Welding for Home Projects
- Firearm Maintenance
- Design Your Own Webpage
- Internet Research Made Easy
- Buying & Selling on eBay: Tips for Fun & Profit and more.

### Online Learning

Lamar Institute of Technology is partnering with various vendors to offer quality instructor-facilitated online courses focusing on higher education continuing education and adult lifelong learning. Instructors, that are subject matter experts, develop and facilitate their own course/s.

The courses are highly interactive between students and the instructors providing benefits of a classroom course with communication exchanges among the participants. The courses have broad appeal and offer a wide range of fresh and popular titles.

Update your skills, discover a new passion, or chart a new path that will fulfill your life’s dream at your own pace anywhere you are. On-line learning is bringing the classroom to you.

LIT Workforce Development & Continuing Education offers you thousands of courses and certificate programs with just a click of the mouse.

Corporate Training

Lamar Institute of Technology Workforce Development Department provides assistance and coordination for contract/customized training to area business and industry. Any existing course or new course can be customized to meet the specialized needs of the various business and industry in our area. LIT offers flexibility to meet your company learning and training needs via:

- Face to face classroom instruction
- Online 24/7 access
- On-site customized to your organization

These classes can be matched with approved credit classes or offered as a non-credit certificate.

Some services provided are:

- New hire training for plants and industry
- Conduct training needs assessments
- Develop and deliver customized training plans
- Curriculum development
- DACUM (Developing A Curriculum) Job Analysis
- Identify resources and partner with training professionals and vendors for specialized training

Skills Development Fund

The Texas Workforce Commission administers the Skills Development Fund program, which provides state funds to directly respond to the workforce needs of Texas employers. When a single business or consortium of businesses identifies training needs, a Skills grant can fund development and implementation of targeted training through a community college or other training provider. LIT can help employers assess their training needs and work through the grant application process.

Off-Campus Training

LIT Workforce Development strives to serve the education and training needs of students within the region. To accomplish this mission, selected technical courses are offered at off-campus locations.

Silsbee Middle School
1140 Hwy 327 N. Silsbee, TX 77656

We offer courses in Welding for the general public. Sessions are 11 weeks long and students will receive a Certificate of Completion after successful completion of the program.

- WLDG 1021, Introduction to Welding Fundamentals, 64 clock hours
- WLDG 1003, Shielded Metal Arc Welding, 64 clock hours

Frank Robinson Center
1355 Martin Luther King Dr. Silsbee, TX 77656

LIT offers computer and technical training as non-credit courses.

Federal Prison Complex

LIT Workforce Development, in conjunction with a four-year joint training program between Lamar State College-Port Arthur and the Federal Correctional Facility in Beaumont, provides year-round training to inmate students in the areas of Diesel Engine Repair and Heating, Ventilation and Air Conditioning.

For Course Schedule see http://www.lit.edu/depts/workforce/default.aspx

The Southeast Texas Professional Truck Driving Academy prepares students for careers as professional truck drivers. LIT currently offers Class ‘A’, Class ‘B’ and Refresher training courses for a Commercial Driver’s License (CDL). Interested individuals must pass a drug screen test.

Class "A" Commercial Driver’s License Training

The Professional Driving Academy Class “A” Commercial Driver’s License (CDL) consists of 250 hours of instruction over an eight-week period covering the following areas: basic operation, safe operating practices, vehicle maintenance and non-vehicle...
activities. The first two weeks of training are in the classroom and the following six weeks consist of both classroom and behind-the-wheel training. New classes begin every seven weeks throughout the year.

- CVOP 1013, Professional Truck Driver I (90 clock hours)
- CVOP 1040, Professional Truck Driver II (160 clock hours)

Upon completion of the program, student drivers take the Class "A" CDL test at the Texas Department of Public Safety.

Class "A" CDL Application can be located online at http://www.lit.edu/common/pdfs/apps/classacdl.pdf

Class "B" Commercial Driver's License Training

The Professional Driving Academy Class "B" Commercial Driver's License (CDL) consists of forty five (45) hours of instruction during a three-week period. Actual class times will be set by the coordinator and instructors in order to benefit the students and their schedules.

- CVOP 1011, Professional Truck Driver Class "B" CDL, 45 clock hours

Upon completion of this program, student drivers take the Class "B" CDL test at the Texas Department of Public Safety.

Class "B" CDL Application can be located online at http://www.lit.edu/common/pdfs/apps/classbcdl.pdf

Professional Truck Driving Refresher

This course is available to individuals who currently possess a valid Class 'A' or 'B' Commercial Driver's License (CDL) and have past experience driving commercial vehicles. This course is specifically designed to verify that he or she is capable of performing as a professional truck driver.

- CVOP 2000, Professional Truck Driver Class Refresher, 10 clock hours

Driving Refresher Application
http://www.lit.edu/common/pdfs/apps/refresher.pdf

Professional Truck Driving Advanced Refresher

This course is available to individuals that currently possess a valid Class 'A' or 'B' Commercial Driver's License (CDL) and have past experience driving commercial vehicles but lack recent experience driving commercial vehicles. This course is specifically designed to verify that he or she is capable of performing as a professional truck driver.

- CVOP 2033, Professional Truck Driver Advanced Refresher Course, 60 clock hours

Driving Advanced Refresher Application

Course Descriptions

(ACCT) Accounting

ACCT 2301 Principles of Accounting/Financial 3:3:0
Prerequisite(s): ACCT 1304
Accounting concepts and their application in transaction analysis and financial statement preparation; analysis of financial statements; and asset and equity accounting in proprietorships, partnerships, and corporations. Introduction to cost behavior, budgeting, responsibility accounting, cost control, and product costing. ACGM course.

ACCT 2302 Principles of Accounting/Managerial 4:3:2
Prerequisite(s): ACCT 1301
Accounting concepts and their application in transaction analysis and financial statement preparation; analysis of financial statements; and asset and equity accounting in proprietorships, partnerships, and corporations. Introduction to cost behavior, budgeting, responsibility accounting, cost control, and product costing. ACGM course.

(ACNT) Accounting Technology

ACNT 1303 Introduction to Accounting I 3:3:0
A study of analyzing, classifying, and recording business transactions in a manual and computerized environment. Emphasis on understanding the complete accounting cycle and preparing financial statements, bank reconciliations, and payroll.

ACNT 1304 Introduction to Accounting II 3:3:0
Prerequisite(s): ACCT 1303

ACNT 1303 Introduction to Accounting II 3:3:0
Prerequisite(s): ACCT 1303
A study of accounting for merchandising, notes payable, notes receivable, valuation of receivables and equipment, and valuation of inventories in a manual and computerized environment.

ACNT 1313 Computerized Accounting Applications 3:3:0
Prerequisite(s): ACCT 1411
Use of the computer to develop and maintain accounting records and to process common business applications for managerial decision-making.

ACNT 1329 Payroll and Business Tax Accounting 3:3:0
Prerequisite(s): ACCT 1303
A study of payroll procedures, taxing entities, and reporting requirements of local, state, and federal taxing authorities in a manual and computerized environment.

ACNT 1331 Federal Income Tax: Individual 3:3:0
Prerequisite(s): ACNT 1303; ACNT 1303
A study of the federal tax law for preparation of individual income tax returns.

ACNT 1347 Federal Income Tax for Partnerships/Corporations 3:3:0
Prerequisite(s): ACNT 1303
A study of federal tax laws for preparation of partnership and corporate returns.

ACNT 1411 Introduction to Computerized Accounting 4:3:2
Prerequisite(s): ACCT 1303 and COSC 1301 or BCIS 1305
Available Online.
Introduction to utilizing the computer in maintaining accounting records, making management decisions, and processing common business applications with primary emphasis on a general ledger package.

**ACNT 2309 Cost Accounting 3:3:0**  
**Prerequisite(s):** ACNT 1304  
A study of budgeting, cost analysis and cost control systems using traditional and contemporary costing methods and theories in decision making.

**ACNT 2389 Internship 3:1:9**  
**Prerequisite(s):** ACNT 1303 and ACNT 1304  
A work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. A learning plan is developed by the college and the employer.

**ACNT 2404 Intermediate Accounting II 4:3:2**  
**Prerequisite(s):** ACNT 2309  
Continued in-depth analysis of generally accepted accounting principles underlying the preparation of financial statements including comparative analysis and statement of cash flows. This is a capstone course for the Associate of Applied Science degree.

**(ARCE) Architectural Technology / Technician**

**ARCE 1352 Structural Drafting 3:2:4**  
**Prerequisite(s):** DFTG 1309  
A study of structural systems including concrete foundations and frames, wood framing and trusses, and structural steel framing systems. Includes detailing of concrete, wood, and steel to meet industry standards including the American Institute of Steel Construction and The American Concrete Institute.

**(AUMT) Automobile / Automotive Mechanics Technology**

**AUMT 1301 Introduction and Theory of Automotive Technology 3:3:0**  
An introductory overview of the automotive service industry including history, safety practices, shop equipment and tools, vehicle subsystems, service publications, professional responsibilities, and automobile maintenance.

**AUMT 2305 Automotive Engine Theory 3:3:0**  
Fundamentals of engine operation and diagnosis including lubrication and cooling systems. Emphasis on identification of components, measurements, inspections, and repair methods.

**(BCIS) Business Computer Information Systems**

**BCIS 1305 Business Computer Applications 3:3:0**  
**Available Online.**  
Computer terminology, hardware, software, operating systems, and information systems relating to the business environment. The main focus of this course is on business applications of software, including word processing, spreadsheets, databases, presentation graphics, and business-oriented utilization of the Internet.

**(BIOL) Biology**

**BIOL 2101 Anatomy and Physiology I Lab 1:0:2**  
**Prerequisite(s):** Pass the Reading and Writing portions of the TSI Assessment Test  
This course is the lab component of BIOL 2101. ACGM course.

**BIOL 2102 Anatomy and Physiology II Lab 1:0:2**  
**Prerequisite(s):** BIOL 2101  
**Co-requisite(s):** BIOL 2102  
This course is the lab component of BIOL 2101. ACGM course.

**BIOL 2301 Anatomy and Physiology I 3:3:0**  
**Prerequisite(s):** Pass the Reading and Writing portions of the TSI Assessment Test  
**Co-requisite(s):** BIOL 2101  
**Available Online.**  
Study of the structure and function of human anatomy, including the neuroendocrine, integumentary, musculoskeletal, digestive, urinary, reproductive, respiratory, and circulatory systems. Content may be either integrated or specialized. ACGM course.

**BIOL 2302 Anatomy and Physiology II 3:3:0**  
**Prerequisite(s):** BIOL 2301  
**Co-requisite(s):** BIOL 2102  
Study of the structure and function of human anatomy, including the neuroendocrine, integumentary, musculoskeletal, digestive, urinary, reproductive, respiratory, and circulatory systems. Content may be either integrated or specialized. ACGM course.

**(BMGT) Business Administration and Management**

**BMGT 1327 Principles of Management 3:3:0**  
Concepts, terminology, principles, theories, and issues in the field of management.

**BMGT 1341 Business Ethics 3:3:0**  
Discussion of ethical issues, the development of a moral frame of reference, and the need for an awareness of social responsibility in management practices and business activities. Includes ethical corporate responsibility.

**BMGT 2382 Cooperative Education / Business Administration and Management 3:1:19**  
Career-related activities encountered in the student’s area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. This is a capstone course for the AAS degree.
**Course Descriptions**

**(BRDG) Developmental Reading**

**BRDG 0372 Developmental Reading** 3:3:0  
**Pre-requisite(s):** See Developmental Education Guidelines.  
Fundamental reading skills to develop comprehension, vocabulary, and rate.

**BUSG Business / Commerce**

**BUSG 1301 Introduction to Business** 3:3:0  
Fundamental business principles including structure, functions, resources, and operational processes.

**BUSG 1304 Introduction to Financial Advising** 3:3:0  
A study of the financial problems encountered by financial advisors when managing family financial affairs. Includes methods to advise clients on topics such as estate planning, retirement, home ownership, savings, and investment planning.

**BUSG 1391 Special Topics in Business** 3:3:0  
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student.

**BUSG 2305 Business Law/Contracts** 3:3:0  
Principles of law which form the legal framework for business activity including applicable statutes, contracts, and agency.

**BUSG 2309 Small Business Management** 3:3:0  
Available Online.  
Starting, operating, and growing a small business. Includes essential management skills, how to prepare a business plan, accounting, financial needs, staffing, marketing strategies, and legal issues.

**BUSG 2317 Business Law/Commercial** 3:3:0  
The relationships of law and business as they relate to commercial transactions.

**BWRT Business / Commerce**

**BWRT 0372 Developmental Writing** 3:3:0  
**Pre-requisite(s):** See Developmental Education Guidelines.  
Available Online.  
Development of fundamental writing skills such as idea generation, organization, style, utilization of standard English, and revision.

**CDEC Child Care and Development**

**CDEC 1303 Families, School and Community** 3:3:0  
Study of the child, family, community, and schools. Include parent education and involvement, family and community lifestyles, child abuse, and current family life issues. Course is aligned with State Board for Educator Certification Pedagogy and Professional Responsibilities standards. Requires students to participate in a minimum of 15 hours field experience with children from infancy through age 12 in a variety of settings with varied and diverse populations.

**CDEC 1311 Educating Young Children** 3:3:0  
An introduction to the education of the young child. Includes developmentally appropriate practices and programs, theoretical and historical perspectives, ethical, and professional responsibilities, and current issues. Course content is aligned with State Board for Educator Certification Pedagogy and Professional Responsibilities standards. Requires students to participate in a minimum of 15 hours of field experience with children from infancy through age 12 in a variety of settings with varied and diverse populations.

**CDEC 1313 Curriculum Resources for Early Childhood Programs** 3:3:0  
**Prerequisite(s):** CDEC 1354, CDEC 2386  
**Co-requisite(s):** CDEC 2388  
A study of fundamentals of curriculum design and implementation in developmentally appropriate programs for children.

**CDEC 1318 Wellness of the Young Child** 3:3:0  
Factors impacting the well-being of young children. Includes healthy behavior, food, nutrition, fitness, and safety practices. Focuses on local and national standards and legal implications of relevant policies and regulations. Course content is aligned with State Board of Educator Certification Pedagogy and Professional Responsibilities standards. Requires students to participate in a minimum of 15 hours field experience with children from infancy through age 12 in a variety of settings with varied and diverse populations.

**CDEC 1319 Child Guidance** 3:3:0  
**Co-requisite(s):** CDEC 2387  
An exploration of guidance strategies for promoting prosocial behaviors with individual and groups of children. Emphasis on positive guidance principles and techniques, family involvement, and cultural influences. Practical application through direct participation with children.

**CDEC 1339 Early Childhood Development (0-3 years)** 3:3:0  
Principles of normal growth and development from conception through three years of age. Emphasizes physical, intellectual, and social/emotional development.

**CDEC 1354 Child Growth and Development** 3:3:0  
**Co-requisite(s):** CDEC 2386  
A study of the principles of child growth and development from conception through adolescence. Focus on physical, cognitive, social, and emotional domains of development.

**CDEC 1456 Emergent Literacy for Early Childhood** 4:3:2  
An exploration of principles, methods, and materials for teaching young children language and literacy through a play-based, integrated curriculum.

**CDEC 1359 Children With Special Needs** 3:3:0  
A survey of information regarding children with special needs including possible causes and characteristics of exceptionalities, intervention strategies, available resources, referral processes, the advocacy role, and legislative issues.
CDEC 1458 Creative Arts for Early Childhood  4:3:2
An exploration of principles, methods, and materials for teaching children music, movement, visual arts, and dramatic play through process-oriented experiences to support divergent thinking.

CDEC 2304 Child Abuse and Neglect  3:3:0
Methods in the identification of physical, emotional, and sexual abuse and neglect with an emphasis on developing skills for working with children and families. Includes methods of referral to public and private agencies that deal with investigation and treatment.

CDEC 2307 Math and Science for Early Childhood 3:3:0
An exploration of principles, methods, and materials for teaching children math and science concepts and process skills through discovery and play.

CDEC 2315 Diverse Cultural/Multilingual Education 3:3:0
Prerequisite(s): CDEC 1311, CDEC 1318
An overview of multicultural education to include relationship with the family and community to develop awareness and sensitivity to diversity related individual needs of children.

CDEC 2326 Administration of Programs for Children I 3:3:0
Application of management procedures for early child care education programs. Includes planning, operating, supervising, and evaluating programs. Topics cover philosophy, types of programs, policies, fiscal management, regulations, staffing, evaluation, and communication.

CDEC 2326 Administration of Programs for Children II 3:3:0
An in-depth study of the skills and techniques in managing early care and education programs, including legal and ethical issues, personnel management, team building, leadership, conflict resolution, stress management, advocacy, professionalism, fiscal analysis, and planning parent education/partnerships.

CDEC 2386 Internship / Child Care Provider/Assistant 3:0:9
Co-requisite(s): CDEC 1354
A work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. A learning plan is developed by the college and the employer.

CDEC 2387 Internship / Child Care Provider/Assistant 3:0:9
Co-requisite(s): CDEC 1319
A work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. A learning plan is developed by the college and the employer.

CDEC 2388 Internship / Child Care Provider/Assistant 3:0:9
Prerequisite(s): CDEC 1354, CDEC 2386
Co-requisite(s): CDEC 1313
A work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. A learning plan is developed by the college and the employer.

(CETT) Computer Engineering Technology

CETT 1414 DC Circuits  4:3:4
Co-requisite(s): MATH 1332 or MATH 1314
A study of the fundamentals of direct current (DC) including Ohm’s law, Kirchhoff’s laws and circuit analysis techniques.

CETT 1405 AC Circuits 4:3:4
Prerequisite(s): CETT 1403
A study of the fundamentals of alternating current (AC) including series and parallel AC circuits, phasors, capacitive and inductive networks, transformers, and resonance.

CETT 1415 Digital Applications 4:3:4
Prerequisite(s): CETT 1405
An investigation of combinational and sequential logic elements and circuits with emphasis on design and troubleshooting of combinational and sequential circuits.

CETT 1441 Solid State Circuits 4:3:4
Prerequisite(s): CETT 1405.
A study of various semiconductor devices incorporated in circuits and their applications. Emphasis on circuit construction, measurements and analysis. This is the capstone course for the Certificate of Completion in Electronic Instrumentation.

(CHOF) Culinary Arts / Chef Training

CHEF 1305 Sanitation and Safety  3:3:0
Co-requisite(s): CHEF 1401
A study of personal cleanliness; sanitary practices in food preparation; causes, investigation, control of illness caused by food contamination (Hazard Analysis Critical Control Points); and workplace safety standards.

CHEF 1401 Basic Food Preparation  4:2:4
Prerequisite(s): CHEF 1305
A study of the fundamental principles of food preparation and cookery to include Brigade System, cooking techniques, material handling, heat transfer, sanitation, safety, nutrition, and professionalism.

CHEF 2301 Intermediate Food Preparation 3:1:5
Prerequisite(s): CHEF 1401, CHEF 1305
Continuation of previous food preparation course. Topics include the concept of pre-cooked food items, as well as scratch preparation. Covers full range of food preparation techniques.

(Chem) Chemistry

CHEM 1306 Introduction to Chemistry 3:3:0
Prerequisite(s): Pass all sections of the TSI Assessment.
Co-requisite(s): CHEM 1106
Survey course introducing chemistry. Topics may include inorganic, organic, biochemistry, food/physiological chemistry, and environmental/consumer chemistry. Designed for non-science and allied health students. ACGM course.

CHEM 1106 Introduction to Chemistry Lab  1:0:2
Prerequisite(s): Pass all sections of the TSI Assessment.
Co-requisite(s): CHEM 1306

92  Course Descriptions
Available Online.
Introduction to the field of criminalistics. Topics include the application of scientific and technical methods in the investigation of crime including location, identification, and handling of evidence for scientific analysis.

CJSA 1322 Introduction to Criminal Justice 3:3:0
History and philosophy of criminal justice and ethical considerations; crime defined; its nature and impact; overview of criminal justice system; law enforcement; court system; prosecution and defense; trial process; corrections.

CJSA 1325 Criminology 3:3:0
Current theories and empirical research pertaining to crime and criminal behavior and its causes, methods of prevention, systems of punishment, and rehabilitation.

CJSA 1327 Fundamentals of Criminal Law 3:3:0
A study of the nature of criminal law; philosophical and historical development; major definitions and concepts; classification of crime; elements of crimes and penalties using Texas statutes as illustrations; criminal responsibility.

CJSA 1342 Criminal Investigation 3:3:0
Investigative theory; collection and preservation of evidence; sources of information; interview and interrogation; uses of forensic sciences; case and trial preparation.

CJSA 1371 Introduction to Security Threat Groups 3:3:0
Available Online.
Study of Security Threat Groups and their impact on communities, law enforcement, the military, and schools throughout the United States. Includes methods of combating domestic and international Security Threat Groups’ operations, narcotics traffic, the mind of the gang member, and the criminal enterprise of security threat groups and organized crime’s impact on terrorism.

CJSA 1372 Domestic and International Security Threat Groups 3:3:0
Available Online.
An overview of the growth of gangs in prison systems in the United States. Includes reasons for the gangs and their activities, methods for identifying gang members, and methods for reducing gang membership and violence. A study of current philosophies, weapons, tactics, funding sources, computer uses, communications, internet use, and other technologies used to operate covertly by domestic security threat groups. Analysis of international security threat groups as well as its origins, problems defining gangs, and the challenges gangs pose to United States policy makers and law enforcement agencies. This is a capstone course for the Certificate of Completion in Criminal Justice Security Threat Groups.

CJSA 2323 Criminalistics II 3:3:0
Prerequisite(s): CJSA 1308
Theory and practice of crime scene investigation. Topics include report writing, blood and other body fluids, document examination; etchings, casts and molds; glass fractures; use of microscope; and firearms identification.

(CJSA) Criminal Justice/Safety Studies

CJSA 1308 Criminalistics I 3:3:0

(CJLE) Criminal Justice/Police Science

CJLE 1053 Texas Peace Officer Review 0:3:0
Prerequisite(s): CJLE 1506, CJLE 1512, CJLE 1518
Identification of the components of the Texas Commission on Law Enforcement (TCLEOSE) learning objectives in the Basic Peace Officer curriculum. Includes knowledge, skills, attitudes, and behaviors pertinent to a law enforcement career. Capstone of TCLEOSE Course #1000. Taken upon the successful conclusion of CJLE 1506, CJLE 1512, and CJLE 1518.

CJLE 1327 Interviewing and Report Writing for Criminal Justice Professions 3:3:0
Instruction and skill development in interviewing, note-taking, and report writing in the criminal justice context. Development of skills to conduct investigations by interviewing witnesses, victims, and suspects properly. Organization of information regarding incidents into effective written reports.

CJLE 1394 Special Topics in Law Enforcement/Police Science 3:3:0
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course was designed to be repeated multiple times to improve student proficiency.

CJLE 1506 Basic Peace Officer I 5:3:8
Co-requisite(s): CJLE 1512, CJLE 1518
Basic preparation for a new peace officer. Should be taken in conjunction with Basic Peace Office II and III to satisfy the Texas Commission on Law Enforcement (TCLEOSE) approved Basic Peace Officer Training Academy. This course may be offered only by institutions licensed as a police academy by TCLEOSE.

CJLE 1512 Basic Peace Officer II 5:3:8
Co-requisite(s): CJLE 1506, CJLE 1518
Basic preparation for a new peace officer. Should be taken in conjunction with Basic Peace Office I and III to satisfy the Texas Commission on Law Enforcement (TCLEOSE) approved Basic Peace Officer Training Academy. This course may be offered only by institutions licensed as a police academy by TCLEOSE.

CJLE 1518 Basic Peace Officer III 5:3:8
Co-requisite(s): CJLE 1512, CJLE 1506
Basic preparation for a new peace officer. Should be taken in conjunction with Basic Peace Office I and II to satisfy the Texas Commission on Law Enforcement (TCLEOSE) approved Basic Peace Officer Training Academy. This course may be offered only by institutions licensed as a police academy by TCLEOSE.

CJLE 2345 Vice and Narcotics Investigation 3:3:0
Classifications of commonly used narcotics, dangerous drugs, gambling, sex crimes, fraud, gangs, and investigative techniques. Includes proper interdiction procedures and techniques.

(CJSA) Criminal Justice/Safety Studies

CJSA 1308 Criminalistics I 3:3:0

This course is the lab component of CHEM 1306. ACGM course.

(CJLE) Criminal Justice/Police Science

CJLE 1053 Texas Peace Officer Review 0:3:0
Prerequisite(s): CJLE 1506, CJLE 1512, CJLE 1518
Identification of the components of the Texas Commission on Law Enforcement (TCLEOSE) learning objectives in the Basic Peace Officer curriculum. Includes knowledge, skills, attitudes, and behaviors pertinent to a law enforcement career. Capstone of TCLEOSE Course #1000. Taken upon the successful conclusion of CJLE 1506, CJLE 1512, and CJLE 1518.

CJLE 1327 Interviewing and Report Writing for Criminal Justice Professions 3:3:0
Instruction and skill development in interviewing, note-taking, and report writing in the criminal justice context. Development of skills to conduct investigations by interviewing witnesses, victims, and suspects properly. Organization of information regarding incidents into effective written reports.

CJLE 1394 Special Topics in Law Enforcement/Police Science 3:3:0
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course was designed to be repeated multiple times to improve student proficiency.

CJLE 1506 Basic Peace Officer I 5:3:8
Co-requisite(s): CJLE 1512, CJLE 1518
Basic preparation for a new peace officer. Should be taken in conjunction with Basic Peace Office II and III to satisfy the Texas Commission on Law Enforcement (TCLEOSE) approved Basic Peace Officer Training Academy. This course may be offered only by institutions licensed as a police academy by TCLEOSE.

CJLE 1512 Basic Peace Officer II 5:3:8
Co-requisite(s): CJLE 1506, CJLE 1518
Basic preparation for a new peace officer. Should be taken in conjunction with Basic Peace Office I and III to satisfy the Texas Commission on Law Enforcement (TCLEOSE) approved Basic Peace Officer Training Academy. This course may be offered only by institutions licensed as a police academy by TCLEOSE.

CJLE 1518 Basic Peace Officer III 5:3:8
Co-requisite(s): CJLE 1512, CJLE 1506
Basic preparation for a new peace officer. Should be taken in conjunction with Basic Peace Office I and II to satisfy the Texas Commission on Law Enforcement (TCLEOSE) approved Basic Peace Officer Training Academy. This course may be offered only by institutions licensed as a police academy by TCLEOSE.

CJLE 2345 Vice and Narcotics Investigation 3:3:0
Classifications of commonly used narcotics, dangerous drugs, gambling, sex crimes, fraud, gangs, and investigative techniques. Includes proper interdiction procedures and techniques.
CJSA 2335 First Line Police Supervision  3:3:0
Available Online.
Development of supervision techniques and practices for the first-line supervisor and development of desirable traits of a supervisor with emphasis on individual and group leadership. Special emphasis on the balance between the individual and the organization.

CJSA 2364 Practicum / Criminal Justice  3:0:23
Prerequisite(s):  CJSA 1322
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. This is a capstone course for the Associate of Applied Science in Homeland Security with Crime Scene Technician Specialization.

CJSA 2371 Globalization of Security Threat Groups  3:3:0
Prerequisite(s):  CJSA 1371
Available Online.
Examination of links between organized crime and security threat groups. Includes information concerning current security threat groups and terrorists; ties to ethnic-related organized crimes; transnational gang economy; drug trafficking, human trafficking; arms, intellectual property, gang movement, the Internet and the terrorist connection. This is a capstone course for the Associate of Applied Science in Criminal Justice Security Threat Groups.

(CNBT) Construction Building Trades

CNBT 1201 Introduction to Construction Industry  2:2:0
Identify types of construction and organizational structures; identify and explain purposes for various construction documents; describe construction office and field responsibilities and operations; define and identify safety and regulatory agencies; and identify the various construction crafts and trades.

CNBT 1302 Mechanical, Plumbing and Electrical Systems in Construction I  3:2:4
Prerequisite(s):  CNBT 2304
A presentation of the basic mechanical, plumbing, and electrical components in construction and their relationship to residential and light commercial buildings.

CNBT 1311 Construction Methods and Material I  3:2:3
Introduction to construction materials and methods and their applications.

CNBT 1316 Construction Technology I  3:2:4
Prerequisite(s):  CNBT 1318
Introduction to site preparation foundations and form work, safety, tools, and equipment.

CNBT 1318 Construction Tools and Techniques  3:2:3
Comprehensive study of the selection and use of hand tools, portable and stationary power tools and related construction equipment. Emphasis on safety in the use of tools and equipment.

CNBT 1342 Building Codes and Inspections  3:2:2
Prerequisite(s):  OSHT 1207 or OSHT 1309, and CNBT 2342
Building codes and standards applicable to building construction and inspection processes.

CNBT 1346 Construction Estimating I  3:2:3
Prerequisite(s):  CNBT 1311
Fundamentals of estimating materials and labor costs in construction.

CNBT 1350 Construction Technology II  3:2:4
Prerequisite(s):  CNBT 1316
Framing in residential and light commercial construction. Includes safety, tools, and equipment used in floor, wall, ceiling, and roof framing methods and systems.

CNBT 1353 Construction Technology III  3:2:4
Prerequisite(s):  CNBT 1350
Exterior trim and finish for residential and light commercial construction.

CNBT 2304 Construction Materials, Methods and Equipment II  3:2:3
Prerequisite(s):  CNBT 1311
Continuation of the study of the properties of building materials, methods and equipment for their integrated use in completing construction projects. This is a capstone course for the Certificate of Completion in Construction Technology.

CNBT 2335 Computer-Aided Construction Scheduling  3:2:2
Prerequisite(s):  CNBT 1346
Advanced construction scheduling utilizing computer scheduling software to perform various scheduling procedures.

CNBT 2340 Mechanical, Plumbing and Electrical Systems in Construction II  3:2:4
Prerequisite(s):  CNBT 1302.
Processes and methods used in design, selection of equipment, and installation of mechanical, plumbing, and electrical systems in commercial buildings. Includes heating and cooling systems, duct work, mechanical and electrical control systems, lighting requirements, and design of water supply and sanitary sewer systems.

CNBT 2344 Construction Management II  3:2:4
Prerequisite(s):  CNBT 2342
A management course in contract documents, safety, planning, scheduling, production control, and law and labor. Topics include contracts, planning, cost and production peripheral documents, and cost and work analysis. This is a capstone course for the Associate of Applied Science in Construction Technology.

CNBT 2342 Construction Management I  3:2:4
Prerequisite(s):  CNBT 1346
Human relations management skills in motivation on the job site. Topics include written and oral communications, leadership and motivation, problem solving, and decision making.

(CNSE) Mobil Crane Operation

CNSE 1371 Equipment Operation  3:2:2
Prerequisite(s):  HYDR 1301
Introduction to the general principles of basic preventive
maintenance, inspection and operation associated with equipment in industry. Topics will include preventive maintenance schedules, inspection criteria, record-keeping systems and operations of selected equipment. Equipment to be utilized will include but not be limited to, forklifts, aerial lifts and small cranes.

(COSC) Computer Science

COSC 1301 Introduction to Computing 3:3:0
Available Online.
Overview of computer systems - hardware, operating systems, and microcomputer application software, including the internet, word processing, spreadsheets, presentation graphics, and databases. Current issues such as the effect of computers on society, and the history and use of computers in business, educational, and other modern settings are also studied. This course is not intended to count towards a student's major field of study in business or computer science. ACGM course.

COSC 1436 Programming Fundamentals I 4:3:2
Introduces the fundamental concepts of structured programming. Topics include software development methodology, data types, control structures, functions, arrays, and the mechanics of running, testing, and debugging. This course assumes computer literacy. ACGM course.

(CRIJ) Criminal Justice

CRIJ 1301 Introduction to Criminal Justice 3:3:0
Available Online.
History, philosophy, and ethical considerations of criminal justice; the nature and impact of crime; and an overview of the criminal justice system, including law enforcement and court procedures.

CRIJ 1310 Fundamentals of Criminal Law 3:3:0
Available Online.
Study of criminal law, its philosophical and historical development, major definitions and concepts, classifications and elements of crime, penalties using Texas statutes as illustrations, and criminal responsibility.

CRIJ 2314 Criminal Investigation 3:3:0
Available Online.
Investigative theory; collection and preservation of evidence; sources of information; interview and interrogation; uses of forensic sciences; case and trial preparation.

CRIJ 2323 Legal Aspects of Law Enforcement 3:3:0
Available Online.
Police authority; responsibilities; constitutional constraints; laws of arrest, search, and seizure; police liability.

(CPMT) Computer Installation and Repair Technology

CPMT 1351 IT Essentials: PC Hardware and Software 3:2:4
An introduction to the computer hardware and software skills needed to help meet the growing demand for entry-level information and communication technology (ICT) professionals. The curriculum covers the fundamentals of PC technology, networking, and security, and also provides an introduction to advanced concepts. Hands-on labs and Virtual Laptop and Virtual Desktop learning tools help students develop critical thinking and complex problem-solving skills. Cisco Packet Tracer simulation-based learning activities promote the exploration of network and networking security concepts and allow students to experiment with network behavior.

CPMT 2302 Home Technology Integration 3:2:4
Integration and maintenance of various home technology subsystems. Includes home automation, security and surveillance, home networks, video and audio networks, and structured wiring.

CPMT 2333 Computer Integration 3:2:4
Integration of hardware, software, and applications. Customization of computer systems for specific applications such as engineering, multimedia, or data acquisition.

CPMT 2380 Cooperative Education Computer Installation and Repair Technology/Technician 3:1:19
Prerequisite(s): CPMT 1351, CPMT 2333, ITCC 1310, ITNW 1308
Career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component.

(CTEC) Process Operating Technology

CTEC 2545 Unit Operations 5:4:4
Prerequisite(s): PTAC 2438, PTAC 2314
Instruction in the principles of chemical engineering and process equipment with emphasis on scale-up from laboratory bench to pilot plant.

CTEC 2580 Cooperative Education 5:1:39
Prerequisite(s): PTAC 2438, PTAC 2314
Career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component.

(CVOP) Truck and Bus Driver/Commercial Vehicle Operation

CVOP 1201 Commercial License Driving Skills 2:1:4
Co-requisite(s): LNWK 1311
Overview of the State of Texas Class A Commercial Driver's License driving test. In-depth coverage of in-cab air brake test, proper shifting, right and left-hand turns, movement in traffic, parking of a tractor trailer, highway and city driving, and backward movement and control.
(DEMR) Diesel Mechanics

DEMR 1305 Basic Electrical Systems  3:3:0  
Basic principles of electrical systems of diesel powered equipment with emphasis on starters, alternators, and batteries.

DEMR 1306 Diesel Engines I  3:3:0  
Co-requisite(s): DEMR 1401  
An introduction to the basic principles of diesel engines and systems.

DEMR 1313 Fuel Systems  3:3:0  
Prerequisite(s): DEMR 1401  
In-depth coverage of fuel injector pumps and injection systems.

DEMR 1316 Basic Hydraulics  3:3:0  
Fundamentals of hydraulics including components and related systems.

DEMR 1329 Preventive Maintenance  3:3:0  
An introductory course designed to provide the student with basic knowledge of proper servicing practices. Content includes record keeping and condition of major systems.

DEMR 1401 Shop Safety and Procedures  4:3:4  
Co-requisite(s): DEMR 1306  
A study of shop safety, rules, basic shop tools, and test equipment.

DEMR 1410 Diesel Engine Testing and Repair I  4:3:4  
Prerequisite(s): DEMR 1401  
An introduction to testing and repairing diesel engines including related systems and specialized tools.

DEMR 1423 Heating, Ventilation, and Air Conditioning (HVAC) Troubleshooting and Repair  4:3:2  
Introduction to heating, ventilation, and air conditioning theory, testing, and repair. Emphasis on refrigerant reclamation, safety procedures, specialized tools, and repairs.

DEMR 1449 Diesel Engines II  4:3:4  
An in-depth coverage of disassembly, repair, identification, evaluation, and reassembly of diesel engines.

DEMR 2334 Advanced Diesel Tune-up and Troubleshooting  3:2:4  
Prerequisite(s): DEMR 2412  
Advanced concepts and skills required for tune-up and troubleshooting procedures of diesel engines. Emphasis on the science of diagnostics with a common sense approach. This is a capstone course for Associate of Applied Science degree in Advanced Engine Technology. Students must successfully attain an industry recognized credential identified by the program.

DEMR 2348 Failure Analysis  3:3:0  
Prerequisite(s): DEMR 1401  
An advanced course designed for analysis of typical part failures on equipment.

DEMR 2412 Diesel Engine Testing & Repair II  4:3:4  
Prerequisite(s): DEMR 1401  
Continuation of Diesel Engine Testing and Repair I. Coverage of testing and repairing diesel engines including related systems and specialized tools. This is a capstone course for Certificate of Completion in Advanced Engine - Diesel. Students must successfully earn a national recognized industry certification in this class.

DEMR 2580 Cooperative Training  5:1:29  
Prerequisite(s): DEMR 2412  
Career-related activities encountered in the student’s area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component.

(DHYG) Dental Hygiene

DHYG 1207 General and Dental Nutrition  2:2:0  
Prerequisite(s): DHYG 1339, DHYG 2301, DHYG 1260  
General nutrition and nutritional biochemistry with emphasis on the effects of nutrition, dental health, diet and application of counseling strategies.

DHYG 1219 Dental Materials  2:1:3  
Prerequisite(s): DHYG 1431, DHYG 1304, DHYG 1235, DHYG 1103  
Physical and chemical properties of dental materials including the application and manipulation of the various materials used in dentistry.

DHYG 1227 Preventive Dental Hygiene Care  2:2:0  
Prerequisite(s): DHYG 1301  
Co-requisite(s): DHYG 1304, DHYG 1431  
The role of the dental hygienist as a therapeutic oral health care provider with emphasis on concepts of disease management, health promotion, communication, and behavior modification.

DHYG 1235 Pharmacology for the Dental Hygienist  2:2:0  
Prerequisite(s): DHYG 1401  
Classes of drugs and their uses, actions, interactions, side effects, contraindications, and systemic and oral manifestations with emphasis on dental applications.

DHYG 1260 Clinical-Introductory  2:0:8  
Prerequisite(s): DHYG 1401, DHYG 1431, DHYG 1304, DHYG 1235, DHYG 1103  
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. Direct supervision is provided by the clinical professional.

DHYG 1301 Orofacial Anatomy, Histology & Embryology  3:2:3  
Prerequisite(s): Admission to the program; BIOL 2301, BIOL 2101, BIOL 2302, BIOL 2102  
The histology and embryology of oral tissues, gross anatomy of the head and neck, tooth morphology, and individual tooth identification.

DHYG 1304 Dental Radiology  3:2:3  
Prerequisite(s): DHYG 1401  
Co-requisite(s): DHYG 1431  
Radiation physics, biology, hygiene and safety theories with
emphasis on the fundamentals of oral radiographic techniques and interpretation of radiographs. Includes exposure of intra-oral radiographs, quality assurance, radiographic interpretation, patient selection criteria, and other ancillary radiographic techniques.

**DHYG 1311 Periodontontology 3:3:0**
**Prerequisite(s):** DHYG 1339, DHYG 2301, DHYG 1260
Normal and diseased periodontium including the structural, functional, and environmental factors. Emphasis on etiology, pathology, treatment modalities, and therapeutic and preventive periodontics.

**DHYG 1315 Community Dentistry 3:2:3**
**Prerequisite(s):** DHYG 1311, DHYG 2261, DHYG 2331
The principles and concepts of community public health and dental health education emphasizing community assessment, educational planning, implementation, and evaluation including methods and materials used in teaching dental education in various community settings.

**DHYG 1339 General and Oral Pathology 3:3:0**
**Prerequisite(s):** DHYG 1431, DHYG 1304, DHYG 1235, DHYG 1103
Disturbances in human body development, diseases of the body, and disease prevention measures with emphasis on the oral cavity and associated structures.

**DHYG 1431 Preclinical Dental Hygiene 4:2:6**
**Prerequisite(s):** DHYG 1401
**Co-requisite(s):** DHYG 1304
Foundational knowledge for performing clinical skills on patients with emphasis on procedures and rationale for performing dental hygiene care.

**DHYG 2253 Dental Hygiene Practice 2:2:0**
**Prerequisite(s):** DHYG 1311, DHYG 2261, DHYG 2331
Emphasis on the laws governing the practice of dentistry and dental hygiene, moral standards, and the ethical standards established by the dental hygiene profession. Practice settings for the dental hygienist, office operations, and preparations for employment.

**DHYG 2261 Clinical: Intermediate 2:0:12**
**Prerequisite(s):** DHYG 1339, DHYG 2301, DHYG 1260
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. Direct supervision is provided by the clinical professional.

**DHYG 2262 Clinical: Advanced 2:0:12**
**Prerequisite(s):** DHYG 1311, DHYG 2261, DHYG 2331
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. Direct supervision is provided by the clinical professional.

**DHYG 2301 Contemporary Dental Hygiene Care I 3:3:0**
**Prerequisite(s):** DHYG 1431, DHYG 1304, DHYG 1235, DHYG 1103
Introduction to dental hygiene care for the medically or dentally compromised patient. Emphasizes supplemental instrumentation techniques.

**DHYG 2331 Contemporary Dental Hygiene Care II 3:3:0**
**Prerequisite(s):** DHYG 2301
A continuation of Contemporary Dental Hygiene Care I. Dental hygiene for the medically or dentally compromised patient including advanced instrumentation techniques.

**(DFTG) Drafting Design Technology**

**DFTG 1305 Technical Drafting 3:2:4**
Introduction to the principles of drafting to include terminology and fundamentals, including size and shape descriptions, projection methods, geometric construction, sections, and auxiliary views.

**DFTG 1309 Basic Computer Aided Drafting 3:2:4**
**Prerequisite(s):** DFTG 1305
An introduction to computer-aided drafting. Emphasis is placed on setup; creating and modifying geometry; storing and retrieving pre-defined shapes; placing, rotating, and scaling objects, adding text and dimensions, using layers, coordinate systems, and plot/print to scale.

**DFTG 1310 Specialized Computer Aided Drafting 3:2:4**
**Co-requisite(s):** DFTG 1305
A supplemental course to Basic Computer Aided Drafting using an alternative computer-aided drafting (CAD) software to create detail and working drawings. (MicroStation)

**DFTG 1313 Drafting for Specific Occupations 3:2:4**
Discussion of theory and practice with drafting methods and the terminology required to prepare working drawings in specific or various occupational fields.

**DFTG 1317 Architectural Drafting / Residential 3:2:4**
**Co-requisite(s):** DFTG 1310
Architectural drafting procedures, practices, terms, and symbols. Preparation of detailed working drawings for residential structures. Emphasis on light frame construction methods.

**DFTG 1325 Blueprint Reading and Sketching 3:2:2**
An introduction to reading and interpreting working drawings for fabrication processes and associated trades. Use of sketching techniques to create pictorial and multiple-view drawings.

**DFTG 1358 Electrical / Electronics Drafting 3:2:4**
**Co-requisite(s):** DFTG 1309
Electrical and electronic drawings stressing modern representation used for block diagrams, schematic diagrams, logic diagrams, wiring/assembly drawings, printed circuit board layouts, motor control diagrams, power distribution diagrams, and electrical one-line diagrams.

**DFTG 2308 Instrumentation Drafting 3:2:4**
**Co-requisite(s):** DFTG 1309
Principles of instrumentation applicable to industrial applications; fundamentals of measurement and control devices; currently used ISA (Instrument Society of America) symbology; basic flow sheet layout and drafting practices.
DFTG 2319 Intermediate Computer Aided Drafting 3:2:4
Prerequisite(s): DFTG 1309
A continuation of practices and techniques used in basic computer-aided drafting including the development and use of prototype drawings, construction of pictorial drawings, extracting data, and basics of 3D.

DFTG 2323 Pipe Drafting 3:2:4
Prerequisite(s): DFTG 1309
A study of pipe fittings, symbols, specifications and their applications to a piping process system. Creation of symbols and their usage in flow diagrams, plans, elevations, and isometrics.

DFTG 2330 Civil Drafting 3:2:4
Prerequisite(s): ARCE 1352, DFTG 2319
An in-depth study of drafting methods and principles used in civil engineering.

DFTG 2332 Advanced Computer Aided Drafting 3:2:4
Prerequisite(s): DFTG 2319
Study of advanced techniques, including the use of a customized system. Presentation of advanced drafting applications, such as solids modeling and linking graphic entities to external non-graphic data. (Inventor)

DFTG 2338 Final Project: Advanced Drafting 3:2:4
Prerequisite(s): ARCE 1352, DFTG 2345, DFTG 2319
A drafting course in which students participate in a comprehensive project from conception to conclusion.

DFTG 2345 Advanced Pipe Drafting 3:2:4
Prerequisite(s): DFTG 2323
A continuation of pipe drafting concepts building on the basic principles acquired in pipe drafting.

DFTG 2380 Cooperative Education / Drafting 3:1:20
Prerequisite(s): ARCE 1352, DFTG 2323, DFTG 2319
Career-related activities encountered in the student’s area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component.

(DMSO) Diagnostic Medical Sonography

DMSO 1101 Techniques of Medical Sonography 1:0:4
Prerequisite(s): DMSO 1110, DMSO 1351
Scanning techniques. Includes scan protocols and procedures within the laboratory setting utilizing live scanning and/or a simulated experience. Lab.

DMSO 1110 Introduction to Sonography 1:1:1
Prerequisite(s): Admission to Diagnostic Medical Sonography or Diagnostic Cardiac Sonography Programs
An introduction to the profession of sonography and the role of the sonographer. Emphasis on medical terminology, ethical/legal aspects, written and verbal communication, and professional issues relating to registry, accreditation, professional organizations and history of the profession.

DMSO 1267 Practicum II 2:0:20
Prerequisite(s): DMSO 1366
Students will continue to gain proficiency in superficial structures and abdominal/pelvic procedures. Learning objectives will also include gravid and non-gravid uterus.

DMSO 1302 Basic Ultrasound Physics 3:3:0
Prerequisite(s): Admission to Diagnostic Medical Sonography or Diagnostic Cardiac Sonography Programs.
Basic acoustical physics and acoustical waves in human tissue. Emphasis on ultrasound transmission in soft tissue, attenuation of sound energy, parameters affecting sound transmission, and resolution of sound beams.

DMSO 1342 Intermediate Ultrasound Physics 3:3:0
Prerequisite(s): DMSO 1302
Continuation of Basic Ultrasound Physics. Includes interaction of ultrasound with tissues, mechanics of ultrasound production and display, various transducer designs and construction, quality assurance, bioeffects, and image artifacts. May introduce methods of Doppler flow analysis.

DMSO 1351 Sonographic Sectional Anatomy 3:2:2
Prerequisite(s): Admission to the program.
Sectional anatomy of the male and female body. Includes anatomical relationships of organs, vascular structures, and body planes and quadrants. Lecture/lab.

DMSO 1355 Sonographic Pathophysiology 3:3:0
Prerequisite(s): DMSO 1110
Pathology and pathophysiology of the abdominal structures visualized with ultrasound. Includes the abdomen, pelvis, and superficial structures.

DMSO 1366 Practicum I 3:0:24
Prerequisite(s): DMSO 1441
An introduction to the clinical aspects of sonography. Students will become familiar with and learn to use a scanner. Specific learning objectives will include abdominal/pelvic procedures and protocols, as well as superficial structures.

DMSO 1441 Abdominopelvic Sonography 4:3:2
Prerequisite(s): DMSO 1110
Normal anatomy and physiology of abdominal and pelvic cavities as related to scanning techniques, transducer selection, and scanning protocols. Lecture/lab.

DMSO 2230 Advanced Ultrasound and Review 2:2:1
Prerequisite(s): DMSO 1441, DMSO 2341, and DMSO 2442
Exploration of advanced sonographic procedures and emerging ultrasound applications.

DMSO 2341 Sonography of Abdominopelvic Pathology 3:2:2
Prerequisite(s): DMSO 1441, DMSO 1355
Pathologies and disease states of the abdomen and pelvis as related to scanning techniques, patient history, and laboratory data, transducer selection, and scanning protocols. Emphasizes endocavitary sonographic anatomy and procedures including pregnancy. Lecture
DMSO 2243 Advanced Ultrasound Principles and Instrumentation 2:2:0
Prerequisite(s): DMSO 2351
Theory and application of ultrasound principles. Includes advances in ultrasound technology.

DMSO 2351 Doppler Physics 3:3:0
Prerequisite(s): DMSO 1342
Doppler and hemodynamic principles relating to arterial and venous imaging and testing.

DMSO 2366 Practicum III 3:0:24
Prerequisite(s): DMSO 1366, DMSO 1267
Students will be taught to image extensive obstetrics including maternal diseases and fetal abnormalities. Learning objectives will also include vascular imaging. This is a capstone course for the AAS degree.

DMSO 2405 Sonography of Obstetrics and Gynecology 4:3:2
Prerequisite(s): DMSO 1441, DMSO 1355
Detailed study of the pelvis and obstetrics/gynecology as related to scanning techniques, patient history and laboratory data, transducer selection, and scanning protocols. Lecture/lab.

DMSO 2442 Sonography of High Risk Obstetrics 4:3:2
Prerequisite: DMSO 2405
Maternal disease and fetal abnormalities. Includes scanning techniques, patient history and laboratory data, transducer selection, and scanning protocols. Lecture/lab.

(DORI) Developmental Orientation

DORI 0200 College Success Skills Course 2:2:0
Available Online.
Psychology of learning and success. Examines factors that underlie learning, success, and personal development in higher education. Topics covered include information processing, memory, strategic learning, self-regulation, goal setting, motivation, educational and career planning, and learning styles. Techniques of study such as time management, listening and note taking, text marking, library and research skills, preparing for examinations, and utilizing learning resources are covered. Includes courses in college orientation and development of students' academic skills that apply to all disciplines.

(DSAE) Diagnostic Cardiac Sonography

DSA 1303 Introduction to Echocardiography Techniques 3:2:2
Prerequisite(s): Admission to Diagnostic Cardiac Sonography Program.
An introduction to scanning techniques and procedures with hands-on experience in a lab setting. Emphasis is placed on the sonographic explanation of the normal adult heart.

DSA 1304 Echocardiographic Evaluation of Pathology I 3:2:2
Prerequisite(s): DSAE 1003
An emphasis on adult acquired cardiac pathologies. Topics include cardiovascular pathophysiology, quantitative measurements, and the application of 2-D, M-Mode, and Doppler. Recognition of the sonographic appearances of cardiovascular disease is stressed.

DSA 2304 Echocardiographic Evaluation of Pathology I 3:2:2
Prerequisite(s): DSAE 2303
A continuation of Echocardiographic Evaluation of Pathology I with emphasis on cardiac disease. A discussion of quantitative measurements and application of 2-D, M-Mode, Doppler and recognition of the sonographic appearances of cardiac disease is stressed.

DSA 2364 Practicum II 3:0:24
Prerequisite(s): DSAE 2364
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student.

DSA 2365 Practicum III 3:0:24
Prerequisite(s): DSAE 2364, 2365
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student.

DSA 1340 Diagnostic Echocardiography 3:2:2
Prerequisite(s): DSAE 1110, DSAE 1303
Cardiac testing including the techniques and interpretation of patient physical assessment. Covers electrocardiography, stress testing, Holter monitoring, vital signs, and cardiovascular pharmacology.

DSA 1364 Practicum I 3:0:24
Prerequisite(s): Admission to the Diagnostic Cardiac Program.
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student.

(DSVT) Diagnostic Vascular Sonography

DSVT 1103 Introduction to Vascular Technology 1:1:1
Prerequisite(s): Admission to a Sonography program.
Introduction to basic non-invasive vascular theories. Emphasizes image orientation, transducer handling, and identification of anatomic structures.
(ECNG) Economics

ECNG 1301 Basic Economics  3:3:0
Available Online.
An overview of the basic principles of macro and micro economics. Topics include economic systems; markets and competition; money and banking; production, income, and employment; economic activities and policies; and international economics.

ECNG 1391 Special Topics in Economics  3:3:0
Available online.
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course was designed to be repeated multiple times to improve student proficiency.

(ELPT) Electrical and Power Transmission Installation

ELPT 1311 Basic Electrical Theory  3:2:3
Basic theory and practice of electrical circuits. Includes calculations as applied to alternating and direct current.

ELPT 1321 Introduction to Electrical Safety and Tools 3:2:4
Safety rules and regulations. Includes the selection, inspection, use, and maintenance of common tools for electricians.

ELPT 2323 Transformers  3:2:3
Transformer types, construction, connections, protection, grounding, and associated safety procedures.

ELPT 2339 Electric Power Distribution  3:2:4
Prerequisite(s): ELPT 1321, ELPT 1311
Design, operation, and technical details of modern power distribution systems including generating equipment, transmission lines, plant distribution, and protective devices. Includes calculations of fault current, system load analysis, rates, and power economics.

(ELTN) Electrician

ELTN 1443 Electrical Troubleshooting  4:3:2
Prerequisite(s): INMT 1305
Maintenance, operation, troubleshooting, and repair of circuits of various residential, commercial, and industrial electrical systems.

(EMSP) Emergency Medical Technology / Technician (EMT Paramedic) Courses

EMSP 1147 Pediatric Advanced Life Support 1:1:0
Theory and skills necessary for the management of pediatric emergencies as specified by the American Heart Association guidelines. This course was designed to be repeated multiple times to improve student proficiency.

EMSP 1149 Pre-Hospital Trauma Life Support  1:1:0
Theory and skills necessary for the management of pre-hospital trauma emergencies as specified by the National Association of Emergency Medical Technicians (NAEMT) guidelines. This course was designed to be repeated multiple times to improve student proficiency.

EMSP 1160 EMT Clinical  1:0:6
A health-related work-based learning experience that enable the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

EMSP 1305 Emergency Care Attendant  3:3:0
Theory and skills of immediate lifesaving care. Meets the requirements for certification as an Emergency Care Attendant (ECA).

EMSP 1338 Introduction to Advanced Practice  3:3:1
Fundamental elements associated with emergency medical services to include preparatory practices, pathophysiology, medication administration, and related topics.

EMSP 1355 Trauma Management 3:2:2
A detailed study of the knowledge and skills in the assessment and management of patients with traumatic injuries.

EMSP 1356 Patient Assessment and Airway Management  3:2:2
A detailed study of the knowledge and skills required to perform patient assessment and airway management and artificial ventilation.

EMSP 1360 EMT/Paramedic Clinical I  3:0:11
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

EMSP 1501 Emergency Medical Technician-Basic 5:4:4
Introduction to the level of Emergency Medical Technician (EMT) – Basic. Preparation for certification as an Emergency Medical Technician (EMT)-Basic. Includes all skills necessary to provide emergency medical care at a basic life support level with an emergency service or other specialized services.

EMSP 2135 Advanced Cardiac Life Support   1:1:0
Theory and skills necessary for the management of cardiovascular emergencies as specified by the American Heart Association (AHA) guidelines. This course was designed to be repeated multiple times to improve student proficiency.

EMSP 2260 EMT/Paramedic Clinical II  2:0:11
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

EMSP 2261 EMT/Paramedic Clinical III  2:0:8
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.
EMSP 2338 EMS Operations 3:3:0
A detailed study of the knowledge and skills to safely manage multi-casualty incidents and rescue situations; utilize air medical resources; identify hazardous materials and other specialized incidents.

EMSP 2348 Emergency Pharmacology 3:3:0
A comprehensive course covering all aspects of the utilization of medications in treating emergency situations. Course is designed to complement Cardiology, Special Populations, and Medical Emergency courses.

EMSP 2430 Special Populations 4:3:2
A detailed study of the knowledge and skills necessary to assess and manage ill or injured patients in diverse populations to include neonatology, pediatrics, geriatrics, and other related topics.

EMSP 2434 Medical Emergencies 4:3:3
A detailed study of the knowledge and skills in the assessment and management of patients with medical emergencies, including medical overview, neurology, gastroenterology, immunology, pulmonology, urology, hematology, endocrinology, toxicology, and other related topics.

EMSP 2444 Cardiology 4:3:3
Assessment and management of patients with cardiac emergencies. Includes single and multi-lead ECG interpretation.

(ENGL) English

ENGL 1301 Composition I 3:3:0
Prerequisite(s): See Developmental Education Guidelines.
Available Online.
Intensive study of and practice in writing processes, from invention and researching to drafting, revising, and editing, both individually and collaboratively. Emphasis on effective rhetorical choices, including audience, purpose, arrangement, and style. Focus on writing the academic essay as a vehicle for learning, communicating, and critical analysis. ACGM course.

ENGL 1302 Composition II 3:3:0
Prerequisite: ENGL 1301
Intensive study of and practice in the strategies and techniques for developing research-based expository and persuasive texts. Emphasis on effective and ethical rhetorical inquiry, including primary and secondary research methods; critical reading of verbal, visual, and multimedia texts; systematic evaluation, synthesis, and documentation of information sources; and critical thinking about evidence and conclusions. ACGM course.

ENGL 2311 Technical and Business Writing 3:3:0
Prerequisite: ENGL 1301
Available Online.
Intensive study of and practice in professional settings. Focus on the types of documents necessary to make decisions and take action on the job, such as proposals, reports, instructions, policies and procedures, e-mail messages, letters and descriptions of products and services. Practice individual and collaborative processes involved in the creation of ethical and efficient documents. ACGM course.

(EPCT) Environmental Engineering Technology

EPCT 1305 Environmental Regulations Overview 3:3:0
An introduction to the history of the environmental movement, including basic requirements for compliance with the environmental regulations.

EPCT 1311 Introduction to Environmental Science 3:3:0
An overview of environmental science and current global concerns and a brief history of environmental ethics, resource use and conservation. Discussion of fundamental principles of resource economics and environmental health.

EPCT 1341 Principles of Industrial Hygiene 3:3:0
Basic concepts in threshold limits, dose response and general recognition of occupational hazards, including sampling statistics, calibration and equipment use. A study of the control of occupational hazards, sample collection, and evaluation methods.

EPCT 2331 Industrial Hygiene Applications 3:3:0
Prerequisite: MATH 1332 or equivalent, SCIT 1494 or SCIT 1418.
A study of the industrial environment and its relation to workers’ health. This course provides training in anticipation, recognition, evaluation and controlling health hazards, particularly chemical, physical, biological and ergonomic factors existing in the workplace and having injurious effects on workers. The course also introduces training in instrumentation used in monitoring and measuring health hazards in the workplace and covers current issues in industrial hygiene.

EPCT 2335 Advanced Environmental Instrumental Analysis 3:2:2
Prerequisite: MATH 1332 or equivalent, SCIT 1494 or SCIT 1418.
Regulations and standards in the analysis of samples using specific analytical instruments and their procedures. Emphasis on instrument calibrator sample preparation, evaluation, and reporting of analytical results.

(FDNS) Foods, Nutrition, and Wellness Studies

FDNS 1305 Nutrition 3:3:0
A study of nutrients including functions, food sources, digestion, absorption and metabolism with application to normal and preventive nutrition needs. Includes nutrient intake analysis, energy expenditure evaluation, and diet planning.

(FIRT) Fire Services Administration

FIRT 1347 Industrial Fire Protection 3:3:0
Available Online.
Industrial emergency response teams and specific needs related to hazards in business and industrial facilities. The student will identify hazards common to industrial facilities; identify concerns...
of management regarding fire protection; examine planning considerations for emergencies at industrial facilities; and identify Occupational Safety and Health Administration (OSHA) requirements for fire protection.

(FIRS) Fire Science / Firefighting

**FIRS 1103 Firefighter Agility and Fitness Preparation** 1:0:4
Physical ability testing methods. Rigorous training in skills and techniques needed in typical fire department physical ability tests. Performs skills typical of fire fighter ability tests.

**FIRS 1301 Firefighter Certification I** 3:2:4
Co-requisite(s): FIRS 1103, FIRS 1407, FIRS 1319, FIRS 1329, FIRS 1433.
One in a series of courses in basic preparation for a new firefighter. Should be taken in conjunction with Firefighter Certification II, IV, VI and VII to satisfy the Texas Commission on Fire Protection (TCFP) curriculum for Basic Structural Fire Suppression, Course #100. **THIS COURSE MAY BE OFFERED ONLY BY INSTITUTIONS CERTIFIED AS A TRAINING FACILITY BY THE TEXAS COMMISSION ON FIRE PROTECTION**

**FIRS 1319 Firefighter Certification IV** 3:2:4
Co-requisite(s): FIRS 1103, FIRS 1301, FIRS 1407, FIRS 1329, FIRS 1433.
One in a series of courses in basic preparation for a new firefighter. Should be taken in conjunction with Firefighter Certification II, IV, VI, and VII to satisfy the Texas Commission on Fire Protection (TCFP) curriculum for Basic Structural Fire Suppression, Course #100. **THIS COURSE MAY BE OFFERED ONLY BY INSTITUTIONS CERTIFIED AS A TRAINING FACILITY BY THE TEXAS COMMISSION ON FIRE PROTECTION**

**FIRS 1329 Firefighter Certification VI** 3:2:3
Co-requisite(s): FIRS 1103, FIRS 1301, FIRS 1407, FIRS 1319, FIRS 1433.
One in a series of courses in basic preparation for a new firefighter. Should be taken in conjunction with Firefighter Certification I, II, IV, and VII to satisfy the Texas Commission on Fire Protection (TCFP) curriculum for Basic Structural Fire Suppression, Course #100. **THIS COURSE MAY BE OFFERED ONLY BY INSTITUTIONS CERTIFIED AS A TRAINING FACILITY BY THE TEXAS COMMISSION ON FIRE PROTECTION**

**FIRS 1407 Firefighter Certification II** 4:3:3
Co-requisite(s): FIRS 1103, FIRS 1301, FIRS 1319, FIRS 1329, FIRS 1433.
One in a series of courses in basic preparation for a new firefighter. Should be taken in conjunction with Firefighter Certification I, IV, VI and VII to satisfy the Texas Commission on Fire Protection (TCFP) curriculum for Basic Structural Fire Suppression, Course #100. **THIS COURSE MAY BE OFFERED ONLY BY INSTITUTIONS CERTIFIED AS A TRAINING FACILITY BY THE TEXAS COMMISSION ON FIRE PROTECTION**

**FIRS 1433 Firefighter Certification VII** 4:3:2
Co-requisite(s): FIRS 1103, FIRS 1301, FIRS 1407, FIRS 1319, FIRS 1329.
One in a series of courses in basic preparation for a new firefighter.

Should be taken in conjunction with Firefighter Certification I, II, IV, and VI to satisfy the Texas Commission on Fire Protection (TCFP) curriculum for Basic Structural Fire Suppression, Course #100. **THIS COURSE MAY BE OFFERED ONLY BY INSTITUTIONS CERTIFIED AS A TRAINING FACILITY BY THE TEXAS COMMISSION ON FIRE PROTECTION**

(ROG) Government

**GOVT 2305 Federal Government** 3:3:0
Origin and development of the U.S. Constitution, structure and powers of the national government including the legislative, executive, and judicial branches, federalism, political participation, the national election process, public policy, civil liberties and civil rights. ACGM course.

**GOVT 2306 Texas Government** 3:3:0
Origin and development of the Texas constitution, structure and powers of state and local government, federalism and intergovernmental relations, political participation, the election process, public policy, and the political culture of Texas. ACGM course.

(HAMG) Hospitality Administration/Management

**HAMG 1321 Introduction to Hospitality Industry** 3:3:0
Introduction to the elements of the hospitality industry.

**HAMG 1340 Hospitality Legal Issues** 3:3:0
Prerequisite(s): CHEF 2301, RSTO 1321
A course in legal and regulatory requirements that impact the hospitality industry. Topics include Occupational Safety and Health Administration (OSHA), labor regulations, tax laws, tip reporting, franchise regulations, and product liability laws.

**HAMG 2305 Hospitality Management and Leadership** 3:3:0
Prerequisite(s): CHEF 2301
An overview of management and leadership in the hospitality industry with an emphasis on management philosophy, policy formulation, communications, motivation and team building.

**HAMG 2307 Hospitality Marketing and Sales** 3:3:0
Prerequisite(s): CHEF 2301
Identification of the core principles of marketing and sales and their impact on the hospitality industry.

(HART) Heating, Air Conditioning and Refrigeration Technology

**HART 1380 Cooperative Training / HVAC** 3:1:19
Prerequisite(s): HART 2449, HART 2438
Career-related activities encountered in the student’s area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component.
HART 1401 Basic Electricity for HVAC  4:2:6
Principles of electricity as required by HVAC, including proper use of test equipment, electrical circuits, and component theory and operation.

HART 1403 Air Conditioning Control Principles  4:2:6
A basic study of HVAC and refrigeration controls; troubleshooting of control components; emphasis on use of wiring diagrams to analyze high and low voltage circuits; a review of Ohm’s law as applied to air conditioning controls and circuits.

HART 1407 Refrigeration Principles  4:2:6
An introduction to the refrigeration cycle, heat transfer theory, temperature/pressure relationship, refrigerant handling, refrigeration components and safety.

HART 1441 Residential Air Conditioning  4:2:6
A study of components, applications, and installation of mechanical air conditioning systems including operating conditions, troubleshooting, repair, and charging of air conditioning systems

HART 1445 Gas and Electric Heat  4:2:6
Study of the procedures and principles used in servicing heating systems including gas fired furnaces and electric heating systems.

HART 1451 Energy Management  4:2:6
Study of basic heat transfer theory; sensible and latent heat loads; building envelope construction; insulation, lighting, and fenestration types; and conducting energy audit procedures. The course also develops energy audit recommendations based on local utility rates, building use, and construction. Laboratory activities include developing energy audit reports, installing energy saving devices, and measuring energy consumption.

HART 2401 Air Conditioning and Refrigeration Codes  4:2:6
Prerequisite(s): HART 1407
HVAC standards and concepts with emphasis on the understanding, and documentation of the codes and regulations required for the state mechanical contractors license and local codes.

HART 2434 Advanced Air Conditioning Controls  4:2:6
Prerequisite(s): HART 1403
Theory and application of electrical control devices, electromechanical controls, and/or pneumatic controls.

HART 2438 Air Conditioning Installation Service and Startup  4:2:6
A study of air conditioning system installation, refrigerant piping, condensate disposal, and air cleaning equipment with emphasis on startup and performance testing.

HART 2443 Industrial Air Conditioning  4:2:6
Prerequisite(s): HART 2449.
A study of components, accessories, applications, and installation of air conditioning systems above 25 tons capacity.

HART 2445 Residential Air Conditioning System Design  4:2:6
Prerequisite(s): HART 1441
Heating, Ventilation, and Air Conditioning Standards and concepts with emphasis on the understanding, and documentation of the codes and regulations required for the state mechanical contractors license and local codes. This is a capstone course for Associate of Applied Science degree in Heating, Air Conditioning and Refrigeration Technology. Students must successfully attain an industry recognized credential identified by the program.

HART 2449 Heat Pumps  4:2:6
Prerequisite(s): HART 1407
A study of heat pumps, heat pump control circuits, defrost controls, auxiliary heat, air flow, and other topics related to heat pump systems. This is a capstone course for Certificate of Completion in Air Conditioning. Students must successfully attain an industry recognized credential identified by the program.

(HIST) History

HIST 1301 United States History I  3:3:0
A survey of the social, political, economic, cultural, and intellectual history of the United States from the pre-Columbian era to the Civil War/Reconstruction period. United States History I includes the study of pre-Columbian, colonial, revolutionary, early national, slavery and sectionalism, and the Civil War/Reconstruction eras. Themes that may be addressed in United States History I include: American settlement and diversity, American culture, religion, civil and human rights, technological change, economic change, immigration and migration, and creation of the federal government. ACGM course.

HIST 1302 United States History II  3:3:0
A survey of the social, political, economic, cultural, and intellectual history of the United States from the Civil War/Reconstruction era to the present. United States History II examines industrialization, immigration, world wars, the Great Depression, Cold War and post-Cold War eras. Themes that may be addressed in United States History II include: American culture, religion, civil and human rights, technological change, economic change, immigration and migration, urbanization and suburbanization, the expansion of the federal government, and the study of U.S. foreign policy. ACGM course.

(HITT) Health Information Technology

HITT 1211 Computers in Health Care  2:2:0
Prerequisite(s): HITT 1401, COSC 1301
Available Online.
Concepts of computer technology related to health care data.

HITT 1249 Pharmacology  2:2:0
Prerequisite(s): BIOL 2301, BIOL 2302.
Available Online.
Overview of the basic concepts of the pharmacological treatment of various diseases affecting major body systems.

HITT 1253 Legal and Ethical Aspects of Health Information  2:2:0
Prerequisite(s): HITT 1401
Available Online.
Concepts of privacy, security, confidentiality, ethics, health care legislation and regulations relating to the maintenance and use of...
HITT 1266 Practicum I  2:0:16  
**Prerequisite(s):** HITT 1305, HITT 1345, HITT 1401, COSC 1301  
**Co-requisite(s):** HITT 1211, HITT 1253  
Available from a distance.  
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student.

HITT 1305 Medical Terminology  3:2:2  
Available Online.  
Study of word origin and structure through the introduction of prefixes, suffixes, root words, plurals, abbreviations and symbols, surgical procedures, medical specialties, and diagnostic procedures.

HITT 1345 Health Care Delivery Systems  3:3:0  
Available Online.  
Introduction to organization, financing, and delivery of health care services, accreditation, licensure, and regulatory agencies.

HITT 1355 Health Care Statistics  3:3:0  
**Prerequisite(s):** HITT 1401, MATH 1332.  
Available Online.  

HITT 1401 Health Data Content and Structure  4:3:2  
Available Online.  
Introduction to systems and processes for collecting, maintaining, and disseminating primary and secondary health-related information including content of health record, documentation requirements, registries, indices, licensing, regulatory agencies, forms, and screens.

HITT 1441 Coding and Classification Systems  4:3:2  
**Prerequisite(s):** HPRS 2301, HITT 1249, HITT 1305, HITT 1401, BIOL 2301 & BIOL 2302.  
Available Online.  
Basic coding rules, conventions, and guidelines using clinical classification systems.

HITT 2266 Practicum II  2:0:16  
**Prerequisite(s):** HITT 1401, HITT 1253, HITT 1266, BIOL 2301, BIOL 2302, IITSW 1304, and completion of all requirements of TSI.  
**Co-requisite(s):** HITT 1441.  
Available from a distance.  
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student.

HITT 2267 Practicum III  2:0:16  
**Prerequisite(s):** HITT 2266, HITT 1441 with a “C” or better.  
**Co-requisite(s):** HITT 2435.  
Available from a distance.  
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student.

HITT 2339 Health Information Organization and Supervision  3:3:0  
**Prerequisite(s):** HITT 1401, HITT 1253 & HITT 1345.  
Available Online.  
Principles of organization and supervision of human, financial, and physical resources.

HITT 2343 Quality Assessment and Performance Improvement  3:3:0  
**Prerequisite(s):** HITT 1401, HITT 1345, HITT 1253.  
Available Online.  
Study of quality standards and methodologies in the health information management environment. Topics include licensing, accreditation, compilation and presentation of data in statistical formats, quality management and performance improvement functions, utilization management, risk management, and medical staff data quality issues.

HITT 2435 Coding and Reimbursement Methodologies  4:3:2  
**Prerequisite(s):** HITT 1441.  
Available Online.  
Advanced coding techniques with emphasis on case studies, health records, and federal regulations regarding prospective payment systems and methods of reimbursement.

(HMSY) Public Administration

HMSY 1337 Introduction to Homeland Security  3:3:0  
Available Online.  
Overview of homeland security. Evaluation of the progression of homeland security issues throughout Texas and the United States. An examination of the roles undertaken and methods used by governmental agencies and individuals to respond to those issues.

HMSY 1338 Homeland Security Emergency Communications Management  3:3:0  
Available Online.  
A study of public safety communication system interactions. Topics include political and policy basis of emergency management, technology, mitigation, and disaster recovery. Includes an overview of incident command systems, emergency management, mitigation for emergency managers, and individual and community disaster education.

HMSY 1339 Homeland Security Emergency Contingency Planning  3:3:0  
Available Online.  
Procedures for developing, implementing, and updating an Emergency Contingency Plan that outlines public agencies and private industry responses, recovery, and mitigation. Includes types of aid available to individuals and communities after a disaster. Also covers interagency and intergovernmental emergency preparedness, planning, training, and exercises are included.

HMSY 1340 Homeland Security Intelligence Operations  3:3:0  
Available Online.  
A study of the intelligence community. Includes the role of intelligence and law enforcement. Topics include collection
methods, management of operations, classification, production and analysis, and assessment of threat vulnerability. Source development will be conducted.

**HMSY 1341 Critical Infrastructure Protection 3:3:0 Available Online.**
Identification and analysis of critical infrastructure systems including security and threat assessments. Includes mitigation of threats as well as evaluation and revision of security measures in order to protect critical infrastructures. This is the capstone course for the Certificate in Homeland Security program.

**HMSY 1342 Understanding and Combating Terrorism 3:3:0 Available Online.**
Study of terrorism and reasons why America is a terrorist target. Includes methods of combating domestic and international terrorism, terrorist operations, cyber-terrorism, narco-terrorism, the mind of the terrorist, and organized crime's impact on terrorism.

**HMSY 1343 Weapons of Mass Destruction 3:3:0 Available Online.**
This course covers hazard and risk assessment, crime scene preservation, chemical agents, biological agents, radiological agents, explosive devices, detection-sampling and plume models, and personal protection methods. The critical role of first responders in weapons of mass destruction, mitigation, and survival will also be presented. Discussion will include historical events related to the use of weapons of mass destruction.

**HMSY 1391 Special Topics in Homeland Security 3:3:0**
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course was designed to be repeated multiple times to improve student proficiency.

**HMSY 2337 Managing a Unified Incident Command 3:3:0**
**Prerequisite(s):** HMSY 1337
Available Online.
A study of the common set of procedure of the unified incident command system for organizing personnel, facilities, equipment and communications to successfully coordinate multi-agency response. Includes the identification and application of key roles and functional responsibilities for professionally managing multi-agency incidents. Also covers one or more practical application exercises and/or scenarios. This is a capstone course for the Associate of Applied Science in Homeland Security Program.

**HPRS 1201 Introduction to Health Professions 2:2:0 Available Online.**
An overview of roles of various members of the health care system, educational requirements, and issues effecting the delivery of health care.

**HPRS 1204 Basic Health Profession Skills 2:1:2**
A study of the concepts that serve as the foundation for health profession courses, including client care and safety issues, basic client monitoring, and health documentation methods.

**HPRS 2301 Pathophysiology 3:3:0**
**Prerequisite(s):** BIOL 2301 & BIOL 2302
Available Online.
Study of the pathology and general health management of diseases and injuries across the life span. Topics include etiology, symptoms, and the physical and psychological reactions to diseases and injuries.

**HRPO 2301 Human Resources Management 3:3:0**
Behavioral and legal approaches to the management of human resources in organizations.

**HUMA 1315 Fine Arts Appreciation 3:3:0 Available Online.**
Understanding purposes and processes in the visual and musical arts including evaluation of selected works. ACGM course.

**HYDR 1301 Rigging and Conveying Systems 3:2:2**
Preparation to safely direct and move heavy objects selecting the appropriate media, such as fiber rope, wire rope, or chain, in conjunction with the correct hardware and lifting devices, such as hoists and cranes. Emphasis on inspection, care, and maintenance of rigging equipment used in maintenance or production systems. Students must earn a NCCER Basic Rigging Certification.

**IMED 1316 Web Design I 3:2:2**
Instruction in web design and related graphic design issues including mark-up languages, web sites, and browsers.

**IMED 1345 Interactive Digital Media I 3:2:2**
Exploration of the use of graphics and sound to create interactive digital media applications and/or animations using industry standard authoring software.

**IMED 2315 Web Design II 3:2:2**
A study of mark-up language advanced layout techniques for creating web pages. Emphasis on identifying the target audience and producing web sites according to accessibility standards, cultural appearance, and legal issues.

**IMED 2345 Interactive Digital Media II 3:2:2**
Instruction in the use of scripting languages to create interactive digital media applications.
(INCR) Instrumentation Technology

INCR 1402 Physics of Instrumentation  4:3:4
An introduction to simple control loops. Introduction to pressure, temperature, level, and flow transmitters and the various transducers used in the detection of changes in process variables.

INCR 1442 Measurements and Process Control Theory  4:3:4
Prerequisite(s): INCR 1402, CETT 1405
A study of the basic principles of process automation and their applications including basic control concepts, feedback control, sensors and transmission systems, controllers, control valves, process dynamics, tuning control systems and cascade ratio. This is a capstone course for the Associate of Applied Science in Instrumentation Technology.

(INEW) Computer and Information Sciences

INEW 1440 ASP.NET Programming 4:3:2
Server side web programming concepts to implement solutions for common web programming tasks. Includes Basic ASP.NET web controls, user management and authentication, state management, and development of database-driven web applications.

(INMT) Manufacturing Technology

INMT 1305 Introduction to Industrial Maintenance  3:2:2
Basic mechanical skills and repair techniques common to most fields of industrial maintenance. Topics include precision measuring instruments and general safety rules common in industry, including lock-out/tag-out. Students must successfully earn an NCCER Core Certificate certification.

INMT 1355 Industrial Power Plant Systems  3:2:2
Prerequisite(s): INMT 1305.
A study of the principles of operation and maintenance of industrial power plants. The major engine systems will be studied. Emphasis will be placed on component replacement, tune-up, and field adjustments. This is a capstone course for Certificate of Completion in Industrial Maintenance Technology.

INMT 2301 Machinery Installation  3:2:2
Prerequisite(s): INMT 1305.
Students utilize skills acquired in previous studies. Machinery foundation, locations, installation, and alignment activities are practiced and tested. Emphasis is on the various methods of shaft alignment including laser shaft alignment.

INMT 2303 Pumps, Compressors & Mechanical Drives  3:2:4
Prerequisite(s): INMT 1305.
A study of the theory and operations of various types of pumps and compressors. Topics include mechanical power transmission systems including gears, v-belts, and chain drives.

INMT 2345 Industrial Troubleshooting  3:2:4
Prerequisite(s): CNSE 1371.
An advanced study of the techniques used in troubleshooting various types of industrial equipment to include mechanical, electrical, hydraulic, and pneumatic systems and their control devices. Emphasis will be placed on the use of schematics and diagrams in conjunction with proper troubleshooting procedures. This a capstone course for the Associate of Applied Science in Industrial Maintenance Technology.

(INRW) Integrated Reading/Writing

INRW 0473 Integrated Reading/Writing 4:4:0
Integration of critical reading and academic writing skills. This intervention fulfills TSI requirements for reading and/or writing.

INRW 0100 ‘Jump Start’ Integrated Reading/Writing 1:1:0
Pre-requisite(s): See Developmental Education Guidelines. Integration of critical reading and academic writing skills. The intervention fulfills TSI requirements for reading and/or writing.

(INTC) Instrumentation Technology

INTC 1301 Principles of Industrial Measurements  3:3:0
Principles of measurement. Includes operation of devices used to measure process variables and basic control functions.

INTC 1358 Flow and Measurement Calibration  3:3:0
Prerequisite(s): INCR 1402, INTC 1301
Practical methods of flow measurements and flow integration. Emphasizes primary flow element selection and calculations in accordance with American Gas Association (AGA) and American Petroleum Institute (API) standards.

INTC 1371 Electrical Codes and Safety  3:3:0
Pre-requisite(s): INCR 1402, INTC 1301.
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. Emphasis on National Electric Code, OSHA regulations and interview techniques and skills.

INTC 1448 Analytical Instrumentation  4:3:4
Pre-requisite(s): CETT 1403
Analytical instruments emphasizing utilization in process applications. Includes, but not limited to, chromatography, pH, conductivity, and spectrophotometric instruments.

INTC 1457 AC/DC Motor Control  4:3:4
Pre-requisite(s): CETT 1405
A study of electric motors and motor control devices common to a
modern industrial environment. A presentation of motor characteristics with emphasis on starting, speed control, and stopping systems.

**INTC 2372 Technology Integration 3:2:4**
Integration and maintenance of various technology subsystems. Includes automation, networks, video and audio networks, and structured wiring.

**INTC 2380 Cooperative Training 3:1:20**
Pre-requisite(s): INTC 1301, INTC 1448
Career-related activities encountered in the student’s area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component.

**ITCC 1310 Cisco Discovery 1: Networking for Home and Small Business 3:2:4**
This introductory course teaches students the skills needed to obtain entry-level home and small business network installer jobs, network technicians, computer technicians, cable installers, and help desk technicians. It provides a hands-on introduction to networking and the Internet using tools and hardware commonly found in home and small business environments. Labs include PC installation, Internet connectivity, wireless connectivity, file and print sharing, and the installation of game consoles, scanners, and cameras.

**ITCC 1311 Cisco Discovery 2: Working at a Small-to-Medium Business or ISP 3:2:4**
Prerequisite(s): ITCC 1310
This course prepares students for jobs as network technicians. It also helps students develop additional skills required for computer technicians and help desk technicians. It provides a basic overview of routing and remote access, addressing, and security. It also familiarizes students with servers that provide e-mail services, Web space, and authenticated access. Students also learn about soft skills required for help desk and customer service positions. Network monitoring and basic troubleshooting skills are taught on context.

**ITCC 1312 Cisco Discovery 3: Introducing Routing and Switching in the Enterprise 3:2:4**
Pre-requisite(s): ITCC 1310, ITCC 1311
This course familiarizes students with the equipment applications and protocols installed in enterprise networks, with a focus on switched networks, IP Telephony requirements, and security. It also introduces advanced routing protocols such as Enhanced Interior Gateway Routing Protocol (EIGRP) and Open Shortest Path First (OSPF) Protocol. Hands-on exercises include configuration, installation, and troubleshooting.

**ITCC 1313 Cisco Discovery 4: Designing and Supporting Computer Networks 3:2:4**
Pre-requisite(s): ITCC 1310, ITCC 1311, ITCC 1312.
Learners progress through a variety of case studies and role-playing exercises, which include gathering requirements, designing basic networks, establishing proof-of-concept, performing project management tasks, life cycle services, including upgrades, competitive analyses, and system integration.

**ITMT 2303 Administering a Microsoft SQL Server Database 3:2:4**
In-depth coverage of the knowledge and skills required to install, configure, administer, and troubleshoot the client-server database management system of Microsoft SQL Server databases.

**ITMT 2350 Implementing and Planning Microsoft Exchange 3:2:4**
Updating and supporting a reliable, secure messaging infrastructure used for creating, storing, and sharing information by using Microsoft Exchange Server 2003. Includes a significant amount of hands-on practices, discussions, and assessments to assist students in becoming proficient in the skills necessary to update and support Exchange Server 2003.

**ITNW 1370 Install and Configure Windows Server 2012 3:2:4**
This course will validate the initial implementation and configuration of the Windows Server 2012 core services, such as Active Directory and the networking services. This course along with the remaining two courses will collectively validate the skills and knowledge necessary for implementing, managing, maintaining and provisioning services and infrastructure in a Windows Server 2012 environment.

**ITNW 1371 Administer Windows Server 2012 3:2:4**
This course will validate the administration tasks necessary to maintain a Windows Server 2012 infrastructure, such as user and group management, network access and data security. This course along with the other two courses will collectively validate the skills and knowledge necessary for implementing, managing, maintaining and provisioning services and infrastructure in a Windows Server 2012 environment.

**ITNW 1372 Windows Server 2008 Server Administrator 3:2:4**
This course will validate the advanced configuring tasks necessary to deploy, manage and maintain a Windows Server 2012 infrastructure, such as fault tolerance, certificate services, and identity federation. This course along with the other two courses will collectively validate the skills and knowledge necessary for
implementing, managing, maintaining and provisioning services and infrastructure in a Windows Server 2012 environment.

**ITNW 2335 Network Troubleshooting and Support 3:2:4**
Troubleshoot and support networks with emphasis on solving real world problems in a hands-on environment. Topics include troubleshooting and research techniques, available resources, and network management hard/software.

**ITSC Computer Information Systems**
**ITSC 1305 Introduction to PC Operating Systems  3:3:0**
Introduction to personal computer operating systems including installation, configuration, file management, memory and storage management, control of peripheral devices, and use of utilities.

**ITSC 2335 Application Software Problem Solving 3:2:2**
Utilization of appropriate application software to solve advanced problems and generate customized solutions. This is a capstone course for the Associate of Applied Science in Web Design and Software Applications.

**ITSC 2386 Internship / Computer and Information Science 3:0:9**
A work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. A learning plan is developed by the college and the employer.

**ITSE Computer Information Systems**
**ITSE 1406 PHP Programming  4:3:2**
Introduction to PHP including the design of web-based applications, arrays, strings, regular expressions, file input/output, e-mail and database interfaces, stream and network programming, debugging, and security.

**ITSE 1430 Introduction to C# Programming  4:3:2**
A study of C# syntax including data types, control structures, functions, syntax, and semantics of the language, classes, class relationships, and exception handling.

**ITSE 2313 Web Authoring  3:2:2**
Instruction in designing and developing web pages that incorporate text, graphics, and other supporting elements using current technologies and authoring tools.

**ITSW Computer Information Systems**
**ITSW 2337 Advanced Database  3:2:2**
Prerequisite(s): ITSW 1307.
Advanced concepts of database design and functionality.

**ITSY) Computer Network Technology**
**ITSY 1342 Information Technology Security  3:2:4**
Instruction in security for network hardware, software, and data, including physical security; back-up procedures; relevant tools; encryption; and protection from viruses.

**LNWK Lineworker**
**LNWK 1241 Distribution Operations  2:2:0**
Prerequisite(s): LNWK 1301.
A study of the theoretical and practical operation of electric utility distribution systems. Topics include customer service voltages, capacitors, and coordination of protection equipment.

**LNWK 1301 Orientation and Line Skill Fundamentals 3:3:0**
Examination of utility company operations. Topics include company structure, safety and distribution standards handbook, lineman's tools, vocabulary, and work procedures. Discussion of basic electrical systems including the history of power generation and distribution with emphasis on generating plants and substations.

**LNWK 1311 Climbing Skills  3:1:6**
Theory and application of pole climbing. Includes safety, climbing techniques, tool inspection, poles inspection, personal protective equipment, and fall protection.

**LNWK 2321 Live Line Safety  3:2:4**
Prerequisite: LNWK 1301.
Study of cover-up procedures and safety requirements for work on energized electrical circuits. Includes use, care, and inspection of cover-up material, recognizing nominal voltages and energized parts, approach distances, and safety.

**LNWK 2322 Distribution Line Construction  3:1:6**
Prerequisite(s): LNWK 1311.
Study of electric distribution line construction. Includes reading staking sheets and framing specifications, tailboard discussions, pole framing and setting, installing conductors, transformers and other line equipment, and Occupational Safety and Health Administration (OSHA) and National Electrical Safety Code (NESC) regulations.

**LNWK 2324 Troubleshooting Distribution Systems 3:3:0**
Prerequisite(s): ELPT 2323.
Study of power outages and voltage complaints on distribution systems. Includes lockout-tagout procedures, safety grounds, backfeed, induced voltage, causes of outages, and analyzing voltage complaints. This is a capstone course for the Certificate of Completion in Line Technician Training.

**LNWK 2373 Distribution Line Maintenance  3:1:6**
Prerequisite(s): ELPT 2323.
A study of the theoretical practice and practical procedures utilized...
in distribution line maintenance. Topics include voltage conversion, reconductoring energized circuits, pole change-outs, resagging energized conductors, and lockout-tagout procedures.

(MATH) Mathematics

MATH 1314 College Algebra  3:3:0
Pre-requisite(s): A TSI Assessment score of ≥350 in mathematics.
In-depth study and applications of polynomial, rational, radical, exponential and logarithmic functions, and systems of equations using matrices. Additional topics such as sequences, series, probability, and conics may be included. ACGM course.

MATH 1332 Contemporary Mathematics  3:3:0
Pre-requisite(s): A TSI Assessment score of ≥350 in mathematics.
Available Online.
Topics may include introductory treatments of sets, logic, number systems, number theory, relations, functions, probability and statistics. Appropriate applications are included. ACGM course.

(MCHN) Machining

MCHN 1408 Basic Lathe 4:1:8
An introduction to the common types of lathes. Emphasis on basic parts, nomenclature, lathe operations, safety, machine mathematics, blueprint reading, and theory.

(MRKG) Marketing/Marketing Management

MRKG 1311 Principles of Marketing  3:3:0
Introduction to the marketing mix functions and process. Includes identification of consumer and organizational needs and explanation of environmental issues.

(MRMT) Medical Transcription

MRMT 1307 Medical Transcription I  3:2:2
Pre-requisite(s): POFT 1301, POFT 1329, POFI 2301, HITT 1401, HITT 1305.
Fundamentals of medical transcription with hands-on experience in transcribing physician dictation including basic reports such as history and physicals, discharge summaries, consultations, operative reports, and other medical reports. Utilizes transcribing and information processing equipment compatible with industry standards. This is a capstone course for the Certificate of Completion in Office Technology-Medical Records.

(NURA) Nurse Aide

NURA 1160 Clinical-Nurse / Nursing Assistant / Aide & Patient Care Assistant  1:0:6
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

NURA 1301 Nurse Aide for Health Care  3:2:2
Preparation for entry level nursing assistants to achieve a level of knowledge, skills, and abilities essential to provide basic care to residents of long-term care facilities. Topics include resident’s rights, communication, safety, observation, reporting and assisting residents in maintaining basic comfort and safety. Emphasis on effective interaction with members of the health care team.

(OSHT) Occupational Safety and Health Technology

OSHT 1207 Construction Site Safety and Health  2:1:2
Introduction to safety requirements for construction sites including occupational health and environmental controls.

OSHT 1209 Physical Hazards Control  2:2:1
A study of the physical hazards in industry and methods of workplace design and redesign to control these hazards. Emphasis on the regulation codes and standards associated with the control of physical hazards.

OSHT 1305 Regulations - Construction Industry 3:2:2
A study of Occupational Safety and Health Administration (OSHA) regulations pertinent to the construction industry.

OSHT 1313 Accident Prevention, Inspection and Investigation 3:2:2
Provides a basis for understanding the nature of occupational hazard recognition, accident prevention, loss reduction, inspection techniques and accident investigation analysis.

OSHT 1380 Cooperative Education  3:1:19
Prerequisites: TSI complete in writing and Successfully completed the following courses: OSHT 1305, OSHT 1313, OSHT 1309, OSHT 2401, EPCT 1341, and two of the following four: OSHT 2305, EPCT 2335, EPCT 1305, EPCT 1311
Co-requisite: CNBT 2342.
Career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component.

OSHT 2305 Ergonomics and Human Factors in Safety 3:3:0
The relationship of human behavior and ergonomics as applied to workplace safety.

OSHT 2309 Safety Program Management  3:2:2
Examine the major safety management issues that effect the workplace including safety awareness, loss control, regulatory issues, and human behavior modification.

OSHT 2320 Safety Training Presentation Techniques  3:3:0
Pre-requisite(s): OSHT 1309 or OSHT 1313
Principles of developing and presenting effective industrial/business training. Emphasis on instructor qualifications and responsibilities, principles teaching including use of teaching aids and presentation skills.
OSHT 2401 OSHA Regulations: General Industry 4:4:0
A study of Occupational Safety and Health Administration (OSHA) regulations pertinent to general industry.

(PFPB) Pipefitting / Pipefitter and Sprinkler Fitter

PFPB 1405 Blueprint Reading for Pipefitters 4:3:4
Reading and interpreting working drawings. Includes symbols and abbreviations and the use of sketching techniques to create isometric and orthographic drawings of piping and piping components.

PFPB 2307 Pipe Fabrication and Installation I 3:2:2
Pipe fabrication procedures of threaded, socketweld, and butt weld pipe joints. Includes pipe and tube bending with hand benders, saddling in and saddling on pipe braces to pipe headers, and fabrication and installation of pipe supports.

(PHRA) Pharmacy Technician

PHRA 1164 Practicum 1:0:8
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student.

PHRA 1205 Drug Classification 2:2:0
A study of disease processes, pharmaceutical drugs, abbreviations, classifications, dosages, actions in the body, and routes of administration.

PHRA 1209 Pharmaceutical Mathematics I 2:2:0
Co-requisite(s): PHRA 1301, PHAR 1215, PHAR 1313, PHAR 1349.
Pharmaceutical mathematics including reading, interpreting, and solving calculation problems encountered in the preparation and distribution of drugs. Conversion of measurements within the apothecary, avoirdupois, and metric systems with emphasis on the metric system of weight and volume. Topics include ratio and proportion, percentage, dilution and concentration, millequivalents, unit, intravenous flow rates, and solving dosage problems.

PHRA 1215 Pharmacy Terminology 2:2:0
Co-requisite(s): PHRA 1301, PHAR 1209, PHAR 1313, PHAR 1349.
A study of word origins and structure through the introduction of prefixes, suffixes, and root words as it relates to a pharmaceutical setting. Focuses on translation and recognition of commonly used pharmacy abbreviations.

PHRA 1243 Pharmacy Technician Certification Review 2:2:0
Prerequisite(s): PHRA 1301.
A review of major topics covered on the National Pharmacy Technician Certification Examination.

PHRA 1247 Pharmaceutical Mathematics II 2:2:0
Prerequisite(s): PHRA 1209
Co-requisite(s): PHRA 1164, PHRA 1243, PHRA 1345, PHRA 1349
Advanced concepts of Pharmaceutical Mathematics.

PHRA 1301 Introduction to Pharmacy 3:3:0
Prerequisite(s): High School diploma or GED and TSI Assessment Test scores of at least 343 in Mathematics, 347 in Reading, and 357/4 in Writing. An overview of the qualifications, operational guidelines, and job duties of a pharmacy technician. Topics include definitions of a pharmacy environment, the profile of a pharmacy technician, legal and ethical guidelines, job skills and duties, verbal and written communication skills, professional resources and safety techniques.

PHRA 1313 Community Pharmacy Practice 3:2:2
Co-requisite(s): PHRA 1301, PHAR 1209, PHAR 1215, PHAR 1349.
Introduction to the skills necessary to process, prepare, label, and maintain records of physicians’ medication orders and prescriptions in a community pharmacy. Designed to train individuals in supply, inventory, and data entry. Includes customer service, count and pour techniques, prescription calculations, drug selection and preparation, over-the-counter drugs, record keeping, stock level adjustment, data input, editing, and legal parameters.

PHRA 1345 Intravenous Admixture & Sterile Compounding 3:2:2
Prerequisite(s): PHAR 1301, PHAR 1209, PHAR 1215, PHAR 1313, PHAR 1349.
A study of sterile products, legal and regulatory guidelines, hand washing techniques, pharmaceutical calculations, references, safety techniques, aseptic techniques in parenteral compounding, proper use of equipment, preparation of sterile products, and safe handling of antineoplastic drugs.

PHRA 1349 Institutional Pharmacy Practice 3:2:2
Co-requisite(s): PHRA 1301, PHAR 1215, PHAR 1313, PHAR 1349.
Exploration of the unique role and practice of pharmacy technicians in an institutional pharmacy with emphasis on daily pharmacy operation. Topics include hospital pharmacy organization, work flow and personnel, medical and pharmaceutical terminology, safety techniques, data entry, packaging and labeling operations, extemporaneous compounding, inpatient drug distribution systems, unit dose cart fills, quality assurance, drug storage, and inventory control.

(POFI) Business / Office Automaton / Technology / Data Entry

POFI 1349 Spreadsheets 3:2:2
Spreadsheet software for business applications.

POFI 1391 Special Topics in Information Processes 3:3:0
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student.
POFI 2301 Word Processing  3:2:2
Word processing software focusing on business applications.

POFI 2331 Desktop Publishing for the Office  3:2:2
Prerequisite(s): POFI 2301.
In-depth coverage of desktop publishing terminology, text-editing, and use of design principles to create publishing material using word processing desktop publishing features. Emphasis on layout techniques, graphics, and multiple page displays.

POFI 2386 Internship  3:0:9
Prerequisite(s): POFI 1329.
A work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. A learning plan is developed by the college and the employer.

POFL 1303 Legal Office Procedures  3:3:0
Study of the administrative duties of support personnel in a law office including issues involved in understanding and using social, organizational, and technological systems.

POFL 2301 Legal Document Processing  3:2:2
Prerequisite(s): POFL 1303.
Skill development in the production of legal documents used in the legal and court system. This is a capstone course for the Certificate of Completion in Office Technology Specialization-Legal Assistant.

POFT 1301 Business English  3:3:0
Introduction to a practical application of basic language usage skills with emphasis on fundamentals of writing and editing for business.

POFT 1319 Records and Information Management I  3:3:0
Prerequisite(s): POFT 1329.
Introduction to basic records and information management. Includes the life cycle of record, manual and electronic records management, and basic filing procedures and rules, and the introduction to database management. This is a capstone course for Certificate of Completion in Office Technology – Clerical.

POFT 1328 Business and Professional Presentations  3:3:0
Prerequisite(s): Passed writing portion of TSI Assessment Test
Skill development in planning and conducting business presentations on an individual and/or group basis including communication and media skills.

POFT 1329 Beginning Keyboarding  3:2:2
Skill development in the operation of the keyboard by touch applying proper keyboarding techniques. Emphasis on development of acceptable speed and accuracy levels and formatting basic business documents.

POFT 1331 Business Machine Applications  3:3:0
Prerequisite(s): POFT 1329.
Skill development in the operation of machines used in a business environment. Emphasis on the development of skills in using electronic calculators and other office machines.

POFT 2301 Intermediate Keyboarding  3:2:2
Prerequisite(s): POFT 1329.
A continuation of keyboard skills in document formatting, speed, and accuracy. Emphasis on proofreading, editing, and following instructions, and keying documents from various copy. This is the capstone course for the Certificate of Completion in Office Technology-Clerical.

POFT 2331 Administrative Systems  3:2:2
Prerequisite(s): POFT 1301, POFI 1349, POFT 1329 and POFT 2301.
Advanced concepts of project management and office procedures utilizing integration of previously learned office skills. This is a capstone course for the Associate of Applied Science in Office Technology Administration Program.

POFT 2333 Advanced Keyboarding  3:2:2
Prerequisite(s): POFT 2301.
Study of advanced concepts in a variety of office-simulated correspondence activities with emphasis on organization, prioritizing, decision making, composition, placement, accuracy, and speed development.

PSTR 1302 Cake Baking and Production  3:2:4
Prerequisite(s): CHEF 1305, CHEF 1401
Principles and techniques of cake production. Emphasizes ingredient identification, functions, mixing, and baking.

PSYC 2301 General Psychology  3:3:0
Available Online.
Survey of the major psychological topics, theories, and approaches to the scientific study of behavior and mental processes. ACGM course.

PTAC 1302 Introduction to Process Technology  3:3:0
Introduction overview of the various processing industries.

PTAC 1308 Safety, Health and Environment I  3:3:0
Available Online.
An overview of safety, health and environment issues in the performance of all job tasks.

PTAC 1408 Safety, Health and Environment I  4:4:0
Available Online.
An overview of safety, health and environment issues in the performance of all job tasks.
PTAC 1432 Process Instrumentation I  4:3:2
Study of the instruments and control systems used in the process industry including terminology, process variables, symbology, control loops, and basic troubleshooting.

PTAC 1410 Process Technology I – Equipment  4:3:3
Prerequisite(s): PTAC 1302 and PTAC 1432.
Introduction to the use of common process equipment.

PTAC 2314 Principles of Quality  3:3:0
Prerequisite(s): PTAC 1302 and MATH 1332.
Available Online.
Study of the background and application of quality concepts. Topics include team skills, quality tools, statistics, economics and continuous improvement.

PTAC 2348 Safety, Health and Environment II  3:3:0
Prerequisite(s): PTAC 1308
Available Online.

PTAC 2371 Advanced Industrial Processes  3:3:0
Prerequisite(s): SCIT 1494 and PTAC 1410.
Study of the processes employed in process plant operations.

PTAC 2420 Process Technology II – Systems  4:3:3
Prerequisite(s): PTAC 1410, PTAC 1432 and SCIT 1494.
Co-requisite(s): SCIT 1418.
A study of the various process systems, including related scientific principles.

PTAC 2438 Process Technology III / Operations  4:3:3
Prerequisite(s): PTAC 2420 and SCIT 1418.
The hands-on operation of process equipment.

PTAC 2446 Process Troubleshooting  4:3:3
Prerequisite(s): PTAC 2420 and SCIT 1418
Instruction in the different types of troubleshooting techniques, procedures, and methods used to solve process problems.

(RADR) Radiologic Technology

RADR 1313 Principles of Radiographic Imaging I  3:3:0
Prerequisite(s): RADR 1309.
Radiographic image quality and the effects of exposure variables.

RADR 1366 Radiographic Practicum I  3:0:24
Prerequisite(s): RADR 1309.
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student.

RADR 1367 Radiographic Practicum II  3:0:24
Prerequisite(s): RADR 1366.
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student.

RADR 1411 Basic Radiographic Procedures  4:3:4
Prerequisite(s): RADR 1309.
An introduction to radiographic positioning terminology, the proper manipulation of equipment, positioning and alignment of the anatomical structure and equipment, and evaluation of images for proper demonstration of basic anatomy.

RADR 2217 Radiographic Pathology  2:2:0
Prerequisite(s): RADR 1411.
Disease processes and their appearances on radiologic images.

RADR 2301 Intermediate Radiographic Procedures  3:2:2
Prerequisite(s): RADR 1411.
A continuation of the study of the proper manipulation of radiographic equipment, positioning and alignment of the anatomical structure and equipment, and evaluation of images for proper demonstration of anatomy.

RADR 2305 Principles of Radiographic Imaging II  3:3:0
Prerequisite(s): RADR 1313.
Radiographic imaging technique formulation. Includes equipment, quality control, image quality assurance and the synthesis of all variables in image production.

RADR 2309 Radiographic Imaging Equipment  3:3:0
Prerequisite(s): RADR 1313.
Equipment and physics of X-ray production. Basic X-ray circuits. Also examines the relationship of conventional and digital equipment components to the imaging process.

RADR 2313 Radiation Biology and Protection  3:3:0
Prerequisite(s): RADR 2305.
effects of radiation exposure on biologic systems. Includes typical medical exposure levels, methods for measuring and monitoring radiation, and methods for protecting personnel and patients from excessive exposure.

RADR 2333 Advanced Medical Imaging  3:3:0
Prerequisite(s): RADR 2301.
Specialized imaging modalities. Includes concepts and theories of equipment operations and their integration for medical diagnosis.

RADR 2335 Radiologic Technology Seminar  3:3:0
Prerequisite(s): RADR 2305.
A capstone course focusing on the synthesis of professional knowledge, skills, and attitudes in preparation for professional employment and lifelong learning.

**RELE 2331 Real Estate Brokerage  3:3:0**
A continuing overview of licensing as a broker or salesperson.

**RELE 1338 Principles of Real Estate II  3:3:0**
A study of law of agency including principal-agent and master-servant relationships, the authority of an agent, the termination of an agent’s authority, the fiduciary and other duties of an agent, employment law, deceptive trade practices, listing or buying representation procedures, and the disclosure of an agency.

**RELE 1331 Real Estate Brokerage  3:3:0**
A study of law of agency, planning and organization, operational policies and procedures, recruiting, selection and training of personnel, records and control, and real estate firm analysis and expansion criteria.

**RSPT 2147, RSPT 2230, RSPT 2362.**

**RSPT 1113, RSPT 1329, RSPT 2310, RSPT 1331, RSPT 1332.**

**RSPT 1113 Basic Respiratory Care Pharmacology  1:1:1**
Prerequisite(s): Acceptance into the program.
Co-requisite(s): RSPT 1329, RSPT 1207, RSPT 2310, RSPT 1325.
A study of basic pharmacological principles/practices of respiratory care drugs. Emphasis on classification, routes of administration, dosages/calculations, and physiologic interaction.

**RSPT 1141 Respiratory Home Care/Rehabilitation  1:1:1**
Prerequisite(s): RSPT 1113, RSPT 1329, RSPT 2310, RSPT 1331, RSPT 1335.
Co-requisite(s): RSPT 2147, RSPT 2230, RSPT 2362.
A study of respiratory home care/rehabilitation equipment, procedures, and patient education. Emphasizes treatment of patients in home care and alternate settings.

**RSPT 1201 Introduction to Respiratory Care  2:2:1**
Prerequisite(s): BIOL 2301, BIOL 2101, BIOL 2302, BIOL 2102, COSC 1301.
An introduction to the field of respiratory care. Topics include the history of respiratory care, hospital organization, medical ethics, vital signs, body mechanics, basic cardiopulmonary assessment, infection control, and cardiopulmonary resuscitation (CPR).

**RSPT 1207 Cardiopulmonary Anatomy and Physiology** 3:2:3

**Prerequisite(s):** RSPT 1201

**Co-requisite(s):** RSPT 1113, RSPT 1329, RSPT 2310, RSPT 1325.

This course introduces the anatomy and physiology of the cardiovascular, renal, and pulmonary systems.

**RSPT 1325 Respiratory Care Sciences** 3:2:2

**Prerequisite(s):** RSPT 1201

**Co-requisite(s):** RSPT 1113, RSPT 1329, RSPT 1207, RSPT 2310.

This course covers the physics, mathematics, and chemistry related to respiratory care.

**RSPT 1329 Respiratory Care Fundamentals I** 3:2:3

**Prerequisite(s):** RSPT 1113, RSPT 1207, RSPT 2310, RSPT 1325.

This course provides an introduction to the knowledge and skills required for respiratory care, including the history of respiratory care, medical terms/symbols, medical/legal issues, infection control, vital signs, physical assessment, chest x-ray interpretation, medical gas therapy, oxygen analyzers, and humidity/aerosol therapy.

**RSPT 1331 Respiratory Care Fundamentals II** 3:2:3

**Prerequisite(s):** RSPT 1201

**Co-requisite(s):** RSPT 1335, RSPT 2353, RSPT 1360

This course continues the knowledge and skills for respiratory care, including lung expansion therapy, bronchial hygiene therapy, artificial airways, manual resuscitation devices, suctioning, pulse oximetry, bedside spirometry, arterial sampling techniques, and blood gas analysis and interpretation.

**RSPT 1335 Cardiopulmonary Testing** 3:2:2

**Prerequisite(s):** RSPT 1113, RSPT 1329, RSPT 1207, RSPT 2310, RSPT 1325.

**Co-requisite(s):** RSPT 1331, RSPT 2353, RSPT 1360

This course focuses on pulmonary testing of lung function and provides an introduction to dysrhythmia interpretation.

**RSPT 1360 Clinical: Respiratory Care** 3:0:16

**Prerequisite(s):** RSPT 1113, RSPT 1329, RSPT 1207, RSPT 2310, RSPT 1325.

**Co-requisite(s):** RSPT 1331, RSPT 1335, RSPT 2353

This course offers a health-related work-based learning experience that enables students to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

**RSPT 1461 Clinical: Respiratory Care** 4:0:32

**Prerequisite(s):** RSPT 1331, RSPT 1335, and RSPT 1360

This course continues the learning experience that enables students to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

**RSPT 2147 Specialties in Respiratory Care** 1:1:1

**Prerequisite(s):** RSPT 1113, RSPT, 1329, RSPT 2310, RSPT 1331

This course focuses on emerging and specialty practices in respiratory care.

**RSPT 2230 Examination Preparation** 2:1:3

**Prerequisite(s):** RSPT 2353, RSPT 2314, RSPT 2319

**Co-requisite(s):** RSPT 1141, RSPT 2147, RSPT 2362

This course provides a comprehensive review to optimize respiratory care credentialing exam success.

**RSPT 2255 Critical Care Monitoring** 2:2:1

**Prerequisite(s):** RSPT 1113, RSPT 1329, RSPT 2310, RSPT 1331, RSPT 1335

**Co-requisite(s):** RSPT 2314, RSPT 2319, RSPT 2361

This course focuses on advanced monitoring techniques used to assess a patient in the critical care setting.

**RSPT 2310 Cardiopulmonary Disease** 3:3:0

**Prerequisite(s):** RSPT 1201

**Co-requisite(s):** RSPT 1113, RSPT 1329, RSPT 1207, RSPT 1325.

This course covers the etiology, pathogenesis, pathology, diagnosis, history, prognosis, manifestations, treatment, and detection of cardiopulmonary diseases.

**RSPT 2314 Mechanical Ventilation** 3:2:3

**Prerequisite(s):** RSPT 1113, RSPT 1329, RSPT 1207, RSPT 2310, RSPT 1325.

**Co-requisite(s):** RSPT 2255, RSPT 2319, RSPT 2361

This course focuses on the study of mechanical ventilation with an emphasis on ventilation classification, methods, and operational characteristics. It also includes indications, complications, and physiologic effects/principles of mechanical ventilation. The course emphasizes initiation, management, and weaning of ventilatory support.

**RSPT 2319 Mechanical Ventilation for the Neonatal/Pediatric Patient** 3:2:2

**Prerequisite(s):** RSPT 1113, RSPT 1329, RSPT 1207, RSPT 2310, RSPT 1325.

**Co-requisite(s):** RSPT 2255, RSPT 2314, RSPT 2361

This course focuses on the study of therapeutic procedures to achieve adequate spontaneous and artificial ventilation for the neonatal and pediatric patient. It includes indications, complications, and physiological effects of ventilatory support.

**RSPT 2353 Neonatal/Pediatric Cardiopulmonary Care** 3:3:0

**Prerequisite(s):** RSPT 1113, RSPT 1329, RSPT 1207, RSPT 2310, RSPT 1325.

**Co-requisite(s):** RSPT 1331, RSPT 1335, RSPT 1360

This course focuses on the study of acute care, monitoring, and management of the neonatal/pediatric patient.

**RSPT 2361 Clinical: Respiratory Care** 3:0:18

**Prerequisite(s):** RSPT 1461

**Co-requisite(s):** RSPT 2314, RSPT 2319, RSPT 2255

This course focuses on a health-related work-based learning experience that enables the students to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.
RSPT 2362 Clinical: Respiratory Care Therapy/Therapist  3:0:18  
Prerequisite(s): RSPT 1461  
Co-requisite(s): RSPT 2147, RSPT 2230, RSPT 1141  
A health-related work-based learning experience that enables the students to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

(RSTO) Restaurant, Culinary, and Catering Management

RSTO 1301 Beverage Management  3:3:0  
Prerequisite(s): CHEF 1305  
A study of the beverage service of the hospitality industry including spirits, wines, beers, and non-alcoholic beverages. Topics include purchasing, resource control, legislation, marketing, physical plant requirements, staffing, service, and the selection of wines to enhance foods.

RSTO 1306 Facilities Layout and Design  3:3:0  
Prerequisite(s): HAMG 1321  
Overview of the planning, development, and feasibility aspects of building or renovating a food service facility. Application of principles of work and flow analysis, spatial relationships, and equipment selection as they relate to the overall layout and design.

RSTO 1321 Menu Management  3:3:0  
Prerequisite(s): CHEF 1401  
A study of the food service principles involved in menu planning, layout, and evaluation for a variety of types of facilities and service methods. Emphasis on analysis of menu profitability, modification, commodity use, and other activities generated by the menu.

RSTO 1325 Purchasing for Hospitality Operation  3:3:0  
Prerequisite(s): CHEF 2301  
Study of purchasing and inventory management of foods and other supplies to include development of purchase specifications, determination of order quantities, formal and informal price comparisons, proper receiving procedures, storage management, and issue procedures. Emphasis on product cost analysis, yields, pricing formulas, controls, and record keeping at each stage of the purchasing cycle.

RSTO 2264 Practicum  2:0:16  
Prerequisite(s): RSTO 2405  
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. This is the capstone course for the Associate of Applied Science and Certificate of Completion in Restaurant/Institutional Food Management.

RSTO 2307 Catering  3:3:0  
Prerequisite(s): RSTO 2405  
Principles, techniques, and applications for both on-premises, off-premises, and group marketing of catering operations including food preparation, holding, and transporting techniques.

RSTO 2405 Management of Food Production and Service  4:2:4  
Prerequisite(s): CHEF 2301, PSTR 1302  
A study of quantity cookery and management problems pertaining to commercial and institutional food service, merchandising and variety in menu planning, and customer food preferences. Includes laboratory experiences in quantity food preparation and service.

(SCIT) Science Courses

SCIT 1418 Applied Physics  4:3:2  
Prerequisite(s): MATH 1332  
Motion, optics, electricity, magnetism, solid mechanics, and fluid mechanics relating to industrial applications. Includes properties of matter, heat, and thermodynamics.

SCIT 1420 Physics for Allied Health  4:3:2  
Prerequisite(s): MATH 1314  
An introduction to physics with emphasis on applications to health-related fields of study. Topics include forces, motion, work and energy, fluids, heat, electricity and magnetism, wave motion, sound, electromagnetic radiation, and nuclear radiation.

SCIT 1494 Special Topics in Chemistry  4:3:2  
Prerequisite(s): MATH 1332  
Study of the general concepts of chemistry with an emphasis on industrial applications.

(SLPS) Security Loss and Prevention Strategies

SLPS 1391 Special Topics in Security and Loss Prevention Services  3:3:0  
Available Online.  
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course was designed to be repeated multiple times to improve student proficiency.

(SOCI) Sociology

SOCI 1301 Introductory Sociology  3:3:0  
Available Online.  
The scientific study of human society, including ways in which groups, social institutions, and individuals affect each other. Causes of social stability and social change are explored through the application of various theoretical perspectives, key concepts, and related research methods of sociology. Analysis of social issues in the institutional context may include topics such as social stratification, gender, race/ethnicity, and deviance. ACGM course.

SOCI 1306 Social Problems  3:3:0  
Application of sociological principles to the major problems of contemporary society such as inequality, crime and violence, substance abuse, deviants, or family problems. ACGM course.
(SPCH) Public Speaking

SPCH 1315 Public Speaking 3:3:0
Available Online.
Application of communication theory and practice to the public speaking context, with emphasis on audience analysis, speaker delivery, ethics of communication, cultural diversity and speech organizational techniques to develop students' speaking abilities, as well as ability to effectively evaluate oral presentations. ACGM course.

(TECM) Applied Mathematics

TECM 1349 Technical Math Applications 3:3:0
Prerequisite(s): Pass the Math portion of the TSI Assessment
Available Online.
Trigonometry and geometry as used in a variety of technical settings. Includes the use of plane and solid geometry to solve areas and volumes encountered in industry.

(TMTH) Developmental Mathematics

TMTH 0374 Developmental Mathematics 3:3:0
Prerequisite(s): See Developmental Education Guidelines.
Topics in mathematics such as arithmetic operations, basic algebraic concepts and notation, geometry, and real and complex number systems.

TMTH 0375 Intermediate Algebra 3:3:0
Prerequisite(s): See Developmental Education Guidelines.
Available Online.
A study of relations and functions, inequalities, factoring, polynomials, rational expressions, and quadratics with an introduction to complex numbers, exponential and logarithmic functions, determinants and matrices, and sequences and series.

TMTH 0132 'JumpStart' Math 1:1:0
Prerequisite(s): See Developmental Education Guidelines.
Topics in mathematics such as arithmetic operations, basic algebraic concepts and notation, geometry, and real and complex number systems.

TMTH 0114 'JumpStart' Algebra 1:1:0
Prerequisite(s): See Developmental Education Guidelines.
A study of the real number system, algebraic expressions (polynomial, radical, rational), and geometry essentials.

(WLDG) Welding Technology

WLDG 1323 Welding Safety, Tools, and Equipment 3:3:0
An introduction to welding careers and safety practice, including welding safety; OSHA and the Hazardous Communication Act; Material Safety Data Sheets (MSDS); basic mathematics; measuring systems; shop operations; use and care of precision measuring tools; and the use and care of hand and power tools. Instruction on various types of welding equipment and processes, basic welding gases, fluxes, rods, electrodes, symbols, and blueprints.

WLDG 1327 Welding Codes 3:3:0
An in-depth study of welding codes and their development in accordance with structural standards, welding processes, destructive and non-destructive test methods.

WLDG 1337 Introduction to Welding Metallurgy 3:3:0
A study of ferrous and nonferrous metals from the ore to the finished product. Emphasis on metal alloys, heat treating, hard surfacing, welding techniques, forging, foundry processes, and mechanical properties of metal including hardness, machinability, and ductility.

WLDG 1417 Introduction to Layout and Fabrication 4:4:0
A fundamental course in layout and fabrication related to the welding industry. Major emphasis on structural shapes and use in construction.

WLDG 1428 Introduction to Shielded Metal Arc Welding (SMAW) 4:2:8
An introduction to shielded metal arc welding process. Emphasis placed on power sources, electrode selection, oxy-fuel cutting, and various joint designs. Instruction provided in SMAW fillet welds in various positions.

WLDG 1434 Introduction to Gas Tungsten Arc (GTAW) Welding 4:4:0
An introduction to the principles of gas tungsten arc welding (GTAW), setup/use of GTAW equipment, and safe use of tools and equipment. Welding instruction in various positions on joint designs.

WLDG 1580 Cooperative Education 5:1:39
Prerequisite(s): WLDG 2443.
Career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component.

WLDG 2406 Intermediate Pipe Welding 4:2:8
Prerequisite(s): WLDG 2443.
A comprehensive course on the welding of pipe using the shielded metal arc welding (SMAW) process. Position of welds will be 1G, 2G, 5G, and 6G using various electrodes. Topics covered include electrode selection, equipment setup, and safe shop practices. Students must successfully complete a 5G pipe ASME certification. This is a capstone course for the Certificate of Completion in Welding Technology.

WLDG 2413 Intermediate Welding Using Multiple Processes 4:2:8
Prerequisite(s): WLDG 2443.
Instruction using layout tools and blueprint reading with demonstration and guided practices with some of the following welding processes: oxy-fuel gas cutting and welding, shield metal arc welding (SMAW), gas metal arc welding (GMAW), flux-cored arc welding (FCAW), gas tungsten arc welding (GTAW), or any other approved welding process.
WLDG 2443 Advanced Shielded Metal Arc Welding (SMAW) 4:2:8
Co-requisite(s): WLDG 1428.
Advanced topics based on accepted welding codes. Training provided with various electrodes in shielded metal arc welding processes with open V-groove joints in all positions.

WLDG 2447 Advanced Gas Metal Arc Welding (GMAW) 4:2:8
Prerequisite(s): WLDG 2443.
Advanced topics in GMAW, including various positions and directions.

WLDG 2451 Advanced Gas Tungsten Arc Welding (GTAW) 4:2:8
Prerequisite(s): WLDG 2443.
Advanced topics in advanced gas tungsten arc welding (GTAW), including welding in various positions and directions.

WLDG 2452 Advanced Flux Cored Arc Welding 4:2:8
Prerequisite(s): WLDG 2447.
Advanced concepts of flux cored arc welding of structural and fabricated steel products. Skill development in multi-pass fillet and v-groove welding.

WLDG 2453 Advanced Pipe Welding 4:2:8
Prerequisite(s): WLDG 2406.
Advanced topics involving welding of pipe using the shielded metal arc welding (SMAW) process. Topics include electrode selection, equipment setup, and safe shop practices. Emphasis on weld positions 5G and 6G using various electrodes. Students must successfully complete a 6G pipe ASME certification. This course is the capstone course for the Associate of Applied Science degree in Welding Technology.

Full-Time Faculty

The following list reflects the status of the Lamar Institute of Technology faculty as of Fall 2013. The date following each name is the academic year of first service to Lamar Institute of Technology and may not imply continuous service since that date.

Armentor, Melissa, 1991, Associate Professor, Radiologic Technology/Director of Clinical Education. A.A.S, B.A.A.S., Lamar University; M.S., Midwestern State University. Registered Radiographer.

Arnold, Lauri, 2005, Instructor II, Program Director of Computer Networking & Troubleshooting Technology. A.A.S., Lamar Institute of Technology; B.A.A.S., Lamar University; M. Ed. Lamar University.

Barrow, Brenda, 1991, Associate Professor, Program Director of Radiologic Technology. A.A.S., Lamar University; B.S., Midwestern State University; M.Ed., Lamar University. Registered Radiographer.

Brown, Deborah, 1999, Associate Professor, Dental Hygiene. B.S., Northeast Louisiana University; M.S., Lamar University. Registered Dental Hygienist.

Brown, M. Lyn, 2005, Assistant Professor of English, B.S., Baylor University; M.Ed., North Texas State University.

Davis, Michelle, 2010, Instructor I of Speech and Communication, Chair, Department of General Education and Developmental Studies. A.A., Paducah Community College, B.S., University of Kentucky, M.S., Murray State University.

de la Rosa, Alfred, 2004, Assistant Professor of Mathematics. B.S., M.S., Lamar University.

DeRanieri, Dianne, 2007, Instructor I of Diagnostic Medical Sonography/Director of Clinical Education. A.A.S., Lamar Institute of Technology.

Doane, James P., 1993, Assistant Professor, Director of Criminal Justice and Homeland Security. A.S., B.S., Lamar University; GMI, Sam Houston State University; Master Texas Peace Officer, Licensed Classroom Firearms Instructor.

Griffin, Joy, 2006, Instructor I, Program Director of Occupational Health & Safety. A.A.S., Lamar Institute of Technology; B.S., Lamar University.

Hale, Christie, 2011, Clinical Coordinator of Emergency Medical Services Program. B.S., University of Texas Health Science Center – San Antonio; B.A.A.S., Lamar University; A.A.S., Lamar State College - Orange; Licensed Paramedic, Texas EMS Instructor.
Hargrave, Minus, 1987, Instructor I of Instrumentation Technology. A.A.S., Lamar University Institute of Technology.
Hill, Angela, 2009, Assistant Professor of Computer Information Systems. B.S., Lamar University; M.Ed., Prairie View A. & M.
Hooker, David, 1994, Associate Professor of English. B.A., M.A., Lamar University.
Hurlbut, Brian, 1982, Instructor III of Developmental Math. B.S., Iowa State University; M.S., San Diego State University; M.B.A., University of Houston.
Khatri, Vinod, 2011, Instructor I of Restaurant and Institutional Food Management. B.S., University of Houston.
Lanoue, Stephanie, 2006, Assistant Professor of Anatomy & Physiology. B.S., Lamar University; M.A., University of Houston.
Mason, Kenneth, 2007, Assistant Director of Regional Police Academy. B.S., Lamar University. Licensed Texas Peace Officer.
Mauer, Carol, 1991, Assistant Professor, Respiratory Care. A.A.S, B.A.A.S, Lamar University. Registered Respiratory Therapist.
McKinley, Cynthia, 1997, Assistant Professor, Respiratory Care/Director of Clinical Education. A.A.S., B.A.A.S., Lamar University. Registered Respiratory Therapist.
Nance, Sheryl, 1994, Assistant Professor, Radiologic Technology. A.A.S., B.A.A.S., Lamar University. Registered Radiographer.
Noyola, Tom, 2013, Instructor I, Criminal Justice. B.S., M.S., Ed.D., Lamar University
O’Connor, Patrick, 2007, Instructor II of Computer Drafting Technology, Chair of the Technology Department. B.S., Sam Houston State University.
Parrott, Patti, 2005, Assistant Professor, Program Director of Dental Hygiene. A.A.S., B.S., Lamar University; M.D.H., University of Tennessee. Registered Dental Hygienist.
Pinson, Thomas, 2005, Associate Professor, Computer Networking & Troubleshooting Technology. B.A., Purdue University; M.B.A., University of Phoenix.
Rueda, Emily, 2002, Instructor III of Mathematics. B.A., William Patterson University; M.S., Stevens Institute of Technology.
Spencer, Tracy, 1999, Instructor II of Humanities, Legal Office Technology. B.S.E., Delta State University; M.A., Lamar University, Ph.D., Northcentral University.

Stoudemayer, Linda, 2000, Associate Professor, Program Director of Computer Information Systems. B.A., Furman University, B.S., M.S., Lamar University.

Tinsley, Judy, 2008, Instructor I, Program Director of Diagnostic Medical Sonography and Diagnostic Cardiac Sonography. A.A.S., Lamar Institute of Technology.

Tornwall, Ruth, 1980, Associate Professor, Dental Hygiene. B.S., Northeastern University; M.S., Boston University. Registered Dental Hygienist.

Trahan, Sheila, 2000, Assistant Professor, Chair of Allied Health & Sciences Department. A.A.S., B.A.A.S., Lamar University; M.Ed., University of Houston. Registered Diagnostic Medical Sonographer, Registered Radiographer.

Waldrep, Staci, 2000, Associate Professor, Program Director of the Health Information Technology. A.A.S., Lamar Institute of Technology; B.A.A.S., M.S., Lamar University. Registered Health Information Technician.

Welch, Allen, 2007, Program Director of Emergency Medical Services. A.A.S., Lamar Institute of Technology; Licensed Paramedic, Texas EMS Instructor.

White, Dennis, 2001, Associate Professor, Criminal Justice. B.A., Lamar University; M.S., American Technological University; GMI, Sam Houston State University; Master Texas Peace Officer, Graduate FBI National Academy.

Williams, Gail, 1988, Associate Professor, Program Director of Child Care & Development. B.S., M.S., Lamar University.

Wilsker, Ira, 1977, Associate Professor. A.A., Montgomery College; B.S., M.B.A., University of Maryland.
