

## **Student Right-to-Know Information**

Lamar Institute of Technology makes available its completion and transfer rates in compliance with The Student Right-to-Know and Campus Security Act (Public Law 101-542).

Completion and Transfer rates for this year are based upon a very limited cohort of students; first-time, full-time students who entered Lamar Institute of Technology in fall 2000 seeking a degree, certificate or transfer. These students were tracked over a three-year period to determine their educational outcomes. Please note that these rates may not be representative of the entire student population of the College. The rates do not include continuing students or students who completed their outcome after the three-year tracking period. Also, not included are students attending Lamar Institute of Technology to update job skills; students attending on a part-time basis; students who transfer into a Lamar Institute of Technology program from another institution; students taking classes to improve basic skills or students who are taking classes for personal enrichment.

Federal law permits each student to be counted only once in each category. A student who fits more than one category is counted only in the category that is highest on the list. For example, a student who receives a degree and transfers to a four-year school is counted only as a Completer and not as a Transfer.

- Completer: The student completed an AAS, or certificate by August 31, 2003
- Transfer: The student transferred to another college by August 31, 2003

### **Student Right-to-Know: Outcomes for Fall 2000 Cohort (251 students, 0 exclusions)**

**Completers: 25.1% (63/251)**

**Transfers: 8.8% (22/251)**

We have learned from follow-up studies that students come to and leave Lamar Institute of Technology for a variety of reasons. Many complete their goals after taking a few courses, some find jobs, others “stop out” because of financial or personal reasons and/or family and job responsibilities. The majority of these students intend to continue their education and indicate that they plan to come back.

Your success at Lamar Institute of Technology is important to us. We have a variety of services and an excellent staff available to help you reach your educational goals. Please take advantage of them! Some of our services include: Academic/Career Advising, Job Placement/Co-operative Education, Tutoring and Learning Labs, Special Populations Assistance, Limited English Proficiency Assistance, Financial Assistance to qualified students, and Developmental Studies.
