80 – 89	B
70 – 79	C
60 – 69	D
0 – 59	F

Course Evaluation

Examinations – 60%

Practical – 35%

This class has two practical tests during the semester. The practice section of the exam includes activities similar to those done in the book. It includes chapters such as (a) preparing PP presentations from scratch and (b) revising a presentation, etc. It is essential that you keep working weekly and reviewing the functions from the textbook before taking these tests. **Distribution of Tests by Chapter:** UNIT I: Chapters 1-4 and UNIT II: Chapters 5-8.

Quizzes – 25%

A quiz will be administered at the end of each chapter. To improve your chances to succeed in these quizzes, you should take regular notes, revise your practiced work, and read your textbook chapters as we go. The objective quizzes will be taken on Blackboard® at the end of each chapter.

Daily Work & Assignments – 25%

This course requires that students prepare presentations in PowerPoint. The student is completely responsible for checking with the instructor for changes or assignments. Computer and Internet access is essential to successfully completing the work for this course.

You will be using many partially done files during the semester. These files are in your CD and the book's website. They must be saved to your flash drive for faster access to them.

Final Test or Microsoft Office Specialist (MOS) Exam – 15%

(You have the option to take the MOS Exam or take a final test. Bonus points will be given to those students who pass the Certification Test.)

The cost of the **PowerPoint 2013 Microsoft Office Specialist (MOS) exam is \$95.**

Course Requirements

- A. Read, listen, key, and write proficiently.
- B. Purchase required textbook and materials for the class the first week of the semester.
- C. Regular attendance is essential to pass this class.
- D. Use MS PowerPoint 2013 to do the classwork.
- E. Utilize proper keyboarding techniques.
- F. Do lessons as requested by the instructor.
- G. Turn in work on time. Late submissions are not accepted.
- H. Use Blackboard® for file submission, quizzes, and/or assessment purposes.
- I. Use email to stay informed and communicate with instructor. **Attendance Policy:** Two absences are allowed. If a student is tardy for class or departs early three (3) times, it will be equal to one (1) absence. Each absence beyond two absences will result in a 1-point deduction from your final grade for each extra absence.
- J. If you wish to drop the course, the student is responsible for initiating and completing the drop process. If you stop coming to class and fail to drop the course, you will earn an 'F' in the course.

NOTE: A grade of "C" or better must be earned in this course for credit toward degree requirements (Office Technology students).

Disabilities Statement

The Americans with Disabilities Act of 1992 and Section 504 of the Rehabilitation Act of 1973 are federal anti-discrimination statutes that provide comprehensive civil rights for persons with disabilities. Among other things, these statutes require that all students with documented disabilities be guaranteed a learning environment that provides for reasonable accommodations for their disabilities. If you believe you have a disability requiring an accommodation, please contact the Special Populations Coordinator at (409) 880-1737 or visit the office in Student Services, Cecil Beeson Building. You may also visit the online resource at <http://www.lit.edu/depts/stuserv/special/defaults.aspx>

Student Code of Conduct Statement

It is the responsibility of all registered Lamar Institute of Technology students to access, read, understand and abide by all published policies, regulations, and procedures listed in the LIT Catalog and Student Handbook. The LIT Catalog and Student Handbook may be accessed at www.lit.edu or obtained in print upon request at the Student Services Office. Please note that the online version of the LIT Catalog and Student Handbook supersedes all other versions of the same document
