ARTIFICIAL INTELLIGENCE STATEMENT

Lamar Institute of Technology (LIT) recognizes the recent advances in Artificial Intelligence (AI), such as ChatGPT, have changed the landscape of many career disciplines and will impact many students in and out of the classroom. To prepare students for their selected careers, LIT desires to guide students in the ethical use of these technologies and incorporate AI into classroom instruction and assignments appropriately. Appropriate use of these technologies is at the discretion of the instructor. Students are reminded that all submitted work must be their own original work unless otherwise specified. Students should contact their instructor with any questions as to the acceptable use of AI/ChatGPT in their courses

STARFISH

LIT utilizes an early alert system called Starfish. Throughout the semester, you may receive emails from Starfish regarding your course grades, attendance, or academic performance. Faculty members record student attendance, raise flags and kudos to express concern or give praise, and you can make an appointment with faculty and staff all through the Starfish home page. You can also login to Blackboard or MyLIT and click on the Starfish link to view academic alerts and detailed information. It is the responsibility of the student to pay attention to these emails and information in Starfish and consider taking the recommended actions. Starfish is used to help you be a successful student at LIT.

ADDITIONAL COURSE POLICIES/INFORMATIO

1. Student assignments are accepted solely on Blackboard. Work will not be accepted via email or in person. It is the student's responsibility to learn to use Blackboard appropriately. Blackboard training is offered to students at no cost.
2. Speech requirements are listed below. Failure to comply with all requirements on a speech assignment will result in a zero grade for that speech. You must include all four items for each speech.
 1. Students must meet all four requirements below to avoid receiving a zero.
 - i. Outlines
 - ii. Works Cited page
 - iii. Visual aid
 - iv. Speech video

2. Student speech videos must clearly show the front of the student. Failure to do so will result in a zero.
3. Videos must be unedited. Edited videos will result in a zero.
4. Students should have at least two (2) people in their audience when delivering a speech. For dual-credit students, your classroom is sufficient. If this is not possible, please let the instructor know as soon as possible.
5. Videos must be correctly uploaded to YouTube with an “unlisted” or “public” privacy setting. If you set it to “private” I will not be able to view it and therefore it is as if you didn’t turn it in. Videos not uploaded to YouTube will receive a zero.
6. Videos must be focused (not blurry, fuzzy, etc.) and must not have background noise such as babies, children, pets, TVs, cell phones, etc.
7. Speeches should not include media with other people talking; this does not count as a visual aid, and points will be deducted at a high manner for doing this.
8. Students are expected to dress appropriately for speeches. Sometimes in the online course people get “too comfortable” when speaking in their own homes. Wearing of ball caps, inappropriate clothing or chewing gum, not wearing shoes, etc. during a speech will result in a letter grade penalty. Remember this course is college course and you are giving professional/formal presentations. Think about the impression your dress might make on your audience.
9. You are expected to WATCH your videos. Watch them before you post to YouTube. Ask yourself “Is this my best work?” If not, you may have to record again. Do not let the first ‘take’ be the only time you do your speech. You should practice many times before you ever bring in the audience and the camera.
10. Speeches that are read will be penalized per the information in the rubric. The rubric can be found where you submit your speeches. The goal of this class is to speak extemporaneously; well-researched, well-rehearsed, effective use of notecards, and overall well-prepared speeches are the expectation. Reading is not effective or acceptable.
11. For each of your **four speeches and two written assignments**, the Library Assignment and Listening Report, there are instructions and requirements on Blackboard. See “Assignments” under “Course Content.” It is very important that you review these instructions BEFORE completing your work and that your work fulfills the requirements
12. After you have presented each of your speeches, complete a **self-evaluation** on Blackboard. Find these under “Assignments.” This is an opportunity for you to look back at your preparation and delivery. What went well? Where can you make improvements? The evaluation for your final speech, the group project, is different in that you will be evaluating not only yourself but also your group members. There’s a form for that attached to the assignment.
13. Your **Exam** contains 50 multiple-choice and true/false questions coming primarily from your textbook. This comprehensive test will be taken online via Blackboard. In advance of the test, I will supply a list of terms for review.
14. Academic dishonesty (cheating, plagiarism, etc.) will not be tolerated. On the first offense, you will fail the assignment. On the second offense, you will fail the class.

15. Incompletes in this course will only be allowed if ALL of the following conditions are met 75 percent of the coursework has been completed; a dire situation documented by evidence makes completion during the regular term impossible; and a student formally requests an incomplete.
16. Late work will only be accepted upon approval of the instructor within a reasonable amount of time. If you disappear during the semester, for whatever reason, you won't get to make up missed assignments when you reappear. It is vital that you communicate with me in a timely manner. Email is your best option.
