DMSO 2362 Clinical III

CREDIT

3 Semester Credit Hours (0 hours lecture, 24 hours lab)

MODE OF INSTRUCTION

Face to Face

PREREQUISITE/CO-REQUISITE:

Passed all previous sonography courses.

COURSE DESCRIPTION

A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

COURSE OBJECTIVES

- Upon completion of this course, the student will be able to
 - As outlined in the learning plan, apply the theory, concepts, and skills involving specialized materials, tools, equipment, procedures, regulations, laws, and interactions within and among political, economic, environmental, social, and legal systems associated with the occupation and the business/industry; and will demonstrate legal and ethical behavior, safety practices, interpersonal and teamwork skills, and appropriate written and verbal communication skills using the terminology of the occupation and the business/industry.

INSTRUCTOR CONTACT INFORMATION

Instructor: Tracy Ryals, RDMS (AB,OB), RVT

Email: taryals@lit.edu

Office Phone: 409-247-5130

Office Location: Gateway Room 115

Office Hours: Please see Starfish to schedule an appointment

REQUIRED TEXTBOOK AND MATERIALS

Small pocket notebook

ATTENDANCE POLICY

Clinical attendance is a vital component of the Diagnostic Medical Sonography Program, reflecting each student's professionalism, commitment, and readiness for the healthcare environment. The following policy outlines expectations and consequences related to clinical attendance, tardiness, and make-up time.

Attendance Requirements

- Attendance is mandatory. All absences, regardless of the reason, are treated the same. There is no distinction between excused and unexcused absences.
- Students are allowed a maximum of two (2) absences per semester (equivalent to 16 hours). Any time missed beyond this must be made up.

Approved: TR-8/2025

 Each absence beyond the allowable two will result in a full letter grade deduction from the final clinical grade.

Example: A student with an 'A' who accrues five absences will receive a final grade of 'D' and will be dismissed from the program.

Tardiness and Early Departure

- Two instances of tardiness exceeding 15 minutes will result in the student being marked absent for one full day.
- Leaving clinic early for any reason without prior approval from the Clinical Coordinator will result in the student being marked absent for the entire day.
- Leaving early without approval is not permitted under any circumstances and is treated the same as an absence.
- If an emergency arises during clinical hours, the student must contact the Clinical Coordinator before leaving the clinical site. Leaving without prior approval will result in disciplinary action.

Make-Up Time

- Any absence beyond the first two must be made up before the end of the semester.
- Make-up time must be pre-approved by both the Clinical Site and the Clinical Coordinator.
- Absences during the final week of clinic are not permitted under any circumstance. Any missed time during this period, regardless of reason, must be made up in full and will be reviewed on a case-by-case basis.

Missed Time Penalties (Not Made Up by Semester End)

Missed Time Point Deduction

0-2 hours 2 points

3 - 4 hours 4 points

5-6 hours 6 points

7 - 8 hours 8 points

Trajecsys Documentation

- Students must use Trajecsys to clock in and out only when physically present in the Ultrasound Department.
- All absences, tardies, early departures, and missed punches must be documented in Trajecsys with an appropriate explanation.
- Total required clinical hours per week: 24 hours. Any time missed (due to tardiness, early departure, or absence) will be deducted from this total and must be made up during the same week or counted toward the two allowed absences.
- **Time exceptions** in Trajecsys (e.g., manual edits to time entries) should be rare.
 - More than three time exceptions in a semester, excluding those related to internet connectivity issues, will result in disciplinary action and/or grade penalty.
- Under no circumstances are students allowed to clock-in/out another student or use another students device to clock in or out.

Communication of Absences

- Students are required to notify both the Clinical Site and the Clinical Coordinator immediately when absent from clinic.
- Failure to notify both parties will result in an automatic one-letter grade deduction.

Weather-Related Closures

- If LIT cancels classes due to inclement weather, all DMSO classes and clinical rotations are also cancelled.
- Students will receive notifications via LIT's messaging platform, email alerts, and recorded phone calls.

Failure to adhere to the clinical attendance policy will result in academic penalties and may lead to dismissal from the program. This policy is designed to promote accountability, responsibility, and readiness for the professional expectations of the sonography field.

How Clinic Attendance Is Recorded:

- Total hours for the week are calculated (24 hours a week).
- When a student is tardy, absent, leaves early or is unaccounted for, that time is deducted from the 24 hours for that week and must be made-up or the missed time is counted toward the two allowed absences.

DROP POLICY

If you wish to drop a course, you are responsible for initiating and completing the drop process. If you stop coming to class and fail to drop the course, you will earn an "F" in the course.

COURSE CALENDAR

WEEK	TOPIC	ASSIGNMENTS (Due on this Date)
1	Practice Scanning Exams and Observing procedures	
2	Practice Scanning Exams and Observing procedures	
3	Practice Scanning Exams and Observing procedures	
4	Practice Scanning Exams and Observing procedures	
5	Practice Scanning Exams and Observing procedures	
6	Practice Scanning Exams and Observing procedures	
7	Practice Scanning Exams and Observing procedures	
8	Mid-Semester Clinical Evaluation of Student Due Practice Scanning Exams and Observing	October 15 th (half of remaining required comps due)
	procedures	
10	Practice Scanning Exams and Observing procedures	
11	Practice Scanning Exams and Observing procedures	
12	Practice Scanning Exams and Observing procedures	
13	Practice Scanning Exams and Observing procedures	
14	Practice Scanning Exams and Observing procedures	
15	SCAN BOOK Check #2 Clinical Evaluation of Student #2 Student Evaluation of clinical site	December 4 th (All remaining required comps due)

^{*}This schedule is subject to change at any time at the discretion of the instructor. *

COURSE EVALUATION

Semester grades will be calculated from the following criteria:

Clinical Evaluations
 Clinical Competencies
 65%

3. Exams Performed/Observed 5%

(Exams: A= 100-81; B=80-71; C=70-61; Failing less than 61)

GRADE SCALE

• 93-100 A

• 85-92 B

• 77-84 C

• 69-76 D

• 0-68 F

Course Outline

- A. Review of clinical forms (All located on Blackboard)
 - a. Time Sheets
 - b. Log forms
 - c. Calendars
 - d. Evaluations
 - e. Proficiencies (Already have from last semester)
- B. New procedures/equipment
 - a. Ultrasound equipment
 - b. PACS
 - c. Patient Worksheets
 - d. Protocols
 - e. Work Area
- C. Practice live patient scanning
 - a. Room set up
 - b. Equipment Selection
 - c. Clean linen
- D. Patient interaction
 - a. Explanation of procedure
 - b. Acquiring patient history
 - c. Patient Positioning
 - d. Image analysis
 - i. Diagnostic
 - ii. Annotation
 - iii. Anatomy
 - iv. Pathology seen
 - E. Paperwork
 - F. Discussion of findings
 - G. Scanning patients for grades:
 - a. Abdomen Complete #1
 - b. Abdomen Complete #2
 - c. Superficial
 - d. GYN or OB
 - e. Optional exam

TECHNICAL REQUIREMENTS

The latest technical requirements, including hardware, compatible browsers, operating systems, etc. can be online at https://lit.edu/online-learning/online-learning-minimum-computer-requirements. A functional broadband internet connection, such as DSL, cable, or WiFi is necessary to maximize the use of online technology and resources.

DISABILITIES STATEMENT

The Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973 are federal anti-discrimination statutes that provide comprehensive civil rights for persons with disabilities. LIT provides reasonable accommodations as defined in the Rehabilitation Act of 1973, Section 504 and the Americans with Disabilities Act of 1990, to students with a diagnosed disability. The Special Populations Office is located in the Eagles' Nest Room 129 and helps foster a supportive and inclusive educational environment by maintaining partnerships with faculty and staff, as well as promoting awareness among all members of the Lamar Institute of Technology community.

If you believe you have a disability requiring an accommodation, please contact the Special Populations Coordinator at (409)-951-5708 or email specialpopulations@lit.edu. You may also visit the online resource at: Special Populations - Lamar Institute of Technology (lit.edu).

STUDENT CODE OF CONDUCT STATEMENT

It is the responsibility of all registered Lamar Institute of Technology students to access, read, understand and abide by all published policies, regulations, and procedures listed in the *LIT Catalog and Student Handbook*. The *LIT Catalog and Student Handbook* may be accessed at www.lit.edu. Please note that the online version of the *LIT Catalog and Student Handbook* supersedes all other versions of the same document.

ARTIFICIAL INTELLIGENCE STATEMENT

Lamar Institute of Technology (LIT) recognizes the recent advances in Artificial Intelligence (AI), such as ChatGPT, have changed the landscape of many career disciplines and will impact many students in and out of the classroom. To prepare students for their selected careers, LIT desires to guide students in the ethical use of these technologies and incorporate AI into classroom instruction and assignments appropriately. Appropriate use of these technologies is at the discretion of the instructor. Students are reminded that all submitted work must be their own original work unless otherwise specified. Students should contact their instructor with any questions as to the acceptable use of AI/ChatGPT in their courses

STARFISH

LIT utilizes an early alert system called Starfish. Throughout the semester, you may receive emails from Starfish regarding your course grades, attendance, or academic performance. Faculty members record student attendance, raise flags and kudos to express concern or give praise, and you can make an appointment with faculty and staff all through the Starfish home page. You can also login to Blackboard or MyLIT and click on the Starfish link to view academic alerts and detailed information. It is the responsibility of the student to pay attention to these emails and information in Starfish and consider taking the recommended actions. Starfish is used to help you be a successful student at LIT.

CLINICAL GRADING

- Clinical grades are based on Trajecsys documentation, timekeeping accuracy, competencies, clinical evaluations, and professionalism.
- Students must earn a passing grade according to the program grading scale:
 - o 93–100 = A
 - o 85–92 = B
 - o 77–84 = C
 - $_{\circ}$ 69–76 = D
 - o 68 and below = F
- Failure to meet minimum competency or clinical evaluation standards may result in probation, repeat requirements, or dismissal from the program.

NEW CLINICAL GRADING CRITERIA:

Weekly Exam Log & Time Accuracy Checks

WEEKLY LOG REVIEWS

Regular reviews of student clinical logs within the Trajecsys Clinical Tracking System will be done to ensure accurate and complete documentation of sonographic exams, patient encounters, and adherence to clinical objectives.

Sonography Clinical Weekly Log Grading Rubric (0–100 Points)

Requirement: Students are expected to log exams at least 3 days per week and ensure all logged exams are submitted and approved in Trajecsys by the end of each clinical week.

Points	Criteria
100	Exams were logged on 3 separate clinical days, with all entries approved in Trajecsys.
90–99	Exams were logged on 3 days, but 1–2 entries are pending approval OR minor errors (e.g., incomplete details).
80–89	Exams were logged on 2 days, all entries approved. OR 3 days logged but with multiple (3+) unapproved or inaccurate entries.
<i>70</i> –79	Exams were logged on 2 days, with some entries pending approval or incomplete.
60–69	Only 1 day of exams logged, with entries approved.
<i>50</i> – <i>59</i>	Only 1 day of exams logged, but entries are incomplete or not approved.
1–49	Minimal logging activity; no complete or approved logs for the week.
0	No exams logged and/or no approvals obtained for the entire week.

Additional Notes:

- Students are responsible for ensuring that all logs are accurate, complete, and submitted in a timely manner.
- Clinical Coordinators will assess both quantity and quality of entries.
- Consistent failure to meet the logging requirement may trigger a clinical performance review.

Weekly Timekeeping Accuracy Checks

Weekly audits of student time entries in Trajecsys will be conducted to verify accuracy, punctuality, and consistency with scheduled clinical hours. We will be monitoring time exceptions, which should be limited to no more than three per semester, in accordance with program policy. Students also must clock in no later than 7 minutes past their shift start without grade penalty.

Sonography Clinical Weekly Timekeeping Accuracy Grading Rubric (0-100 Points)

Requirement: Students are expected to attend clinicals 3 days per week, arrive on time, and accurately record clinical hours in Trajecsys. All entries must reflect punctuality and compliance with program policies. If absent, absences must be entered into Trajecsys.

Points Criteria

- All 3 clinical days attended on time, no time exceptions, and time accurately logged and approved in Trajecsys.
- **95–99** 1 instance of tardiness (≤7–15 minutes late) OR 1 minor timekeeping error (e.g., clockin/clock-out time discrepancy), corrected promptly. No time exceptions.
- **85–94** 1–2 days of tardiness (≤15 minutes late) or 1 time exception submitted and approved with valid justification. Timekeeping otherwise accurate.
- **75–84** 2 days tardy in the same week (including one >15 minutes late), OR excessive tardiness pattern beginning to emerge (e.g., 2 consecutive weeks with tardy entries), OR 2 time exceptions submitted in the week.
- **65–74** 3 days late (any severity), or 2+ consecutive days late in the same week, or repeated minor time discrepancies. Timekeeping is becoming inconsistent.
- **50–64** Frequent and/or unexcused tardiness (more than 15 minutes late, or multiple days with no justification), OR 3 or more time exceptions in the week.
- **25–49** Significant issues: missed clock-ins/outs, multiple unexcused time exceptions, or falsified entries (if verified).
 - **0** No time logged for the week, or entries grossly inaccurate and unapproved, or 3+ consecutive days tardy with no explanation and no time exception submitted.

Important Policies

- Tardiness = >7 minutes past scheduled start time.
- Time Exceptions must be submitted through Trajecsys and approved. More than 3 per semester may result in an academic penalty.
- Excessive Tardiness is defined as 2 or more consecutive days late or a pattern of lateness (of any time amount) over multiple weeks.
- All time entries must reflect true attendance and be entered promptly and accurately.

ADDITIONAL COURSE POLICIES

- Work Environment: Students must maintain a clean, safe, and professional work environment at all times.
- Competency Requirements:
 - Competencies must score a "3" or above on each line item to receive a passing grade. Students must successfully "check off" on all required competencies to graduate from the program.
- **Clinical Evaluations:** An unacceptable performance rating on the student clinical evaluation form may result in clinical probation or expulsion.
- Professional Behavior: Students are expected to consistently demonstrate concern for patient care, safety, and privacy, and to foster a positive, collaborative atmosphere with healthcare providers.
- Cell Phone/Social Media: Each infraction of the policy (as outlined in the Clinical Handbook) will result in a letter grade reduction and/or immediate dismissal from the program.

• Late Assignments: Assignments will be accepted late with a penalty of 10 points deducted for each late day.

GRADUATION: COURSEWORK, CLINICAL EXAM, AND PROFESSIONAL COMPETENCIES

To be eligible for graduation in the fall semester, students must meet the following criteria:

Passing Clinical Exam Competencies

 Students must prove they are competent in all areas of clinically required exam competencies with a minimum grade of "3" as specified in their course syllabus/competency paperwork as per the JRC/DMS requirements.

Demonstrating Professional Competencies

Students must prove they are competent in all areas of clinically required professional competencies with a minimum grade of "3" as specified in their course syllabus/competency paperwork as per the JRC/DMS requirements.

Evaluation Opportunities:

• Mid-Semester Evaluation:

O Students will have an opportunity to meet the criteria through a mid-semester evaluation to assess progress in both clinical exam competencies and professional competencies.

End-of-Semester Evaluation:

 A final evaluation will be conducted at the end of the semester to confirm that all requirements have been met.

Failure to meet either of these criteria by the end-of-semester evaluation will result in ineligibility for graduation.
