Clinical – Emergency Medical Technology EMT - EMSP 1260

Credit
- 2 Credit Hours; 5 Externship Hours

Prerequisite
- AHA Basic Life Support

Co-requisite
- EMSP 1501

Course Description
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

Required Textbook and Materials
- EMS Program Student Handbook
- FISDAP
- LIT EMS Clinical Uniform
- LIT EMS Program Clinical ID
- Shot records for current immunization in MMR, Tetanus, Varicella, Influenza
- Drug urine analysis screen (10 panel or greater)
- Stethoscope
- Pen Light
- Trauma Shears

Course Objectives
Upon completion of this course, the student will be able to:

A. Psychomotor Skills
   1. The student must demonstrate the ability to safely administer medications.
      a. The student should safely, and while performing all steps of each procedure, properly administer medications via hand held nebulizer to live patients.
   2. The student must demonstrate the ability to effectively ventilate patients of all age groups.
      a. The student should effectively ventilate at least 5 live patients of various age groups.

B. Ages
   1. The student must demonstrate the ability to perform a comprehensive assessment on pediatric patients.

1 Curriculum based on the National EMS Education Standards set by the United States Department of Transportation (DOT).
a. The student should perform an assessment on at least 6 (including newborns, infants, toddlers, preschool, school age, and adolescent) pediatric patients.

2. The student must demonstrate the ability to perform a comprehensive assessment on at least 5 adult patients.

3. The student must demonstrate the ability to perform a comprehensive assessment on at least 5 geriatric patients.

C. Pathologies
1. The student must demonstrate the ability to perform a comprehensive assessment on at least 2 trauma patients.

2. The student must demonstrate the ability to perform a comprehensive assessment on at least 1 psychiatric patient.

D. Complaints
1. The student must demonstrate the ability to perform a comprehensive assessment for at least 2 patients with chest pain.

2. The student must demonstrate the ability to perform a comprehensive assessment for at least 2 patients with dyspnea/respiratory distress.

3. The student must demonstrate the ability to perform a comprehensive assessment for at least 2 patients with a change in level of responsiveness.

4. The student must demonstrate the ability to perform a comprehensive assessment for at least 2 patients with abdominal complaints.

5. The student must demonstrate the ability to perform a comprehensive assessment for at least 2 patients with altered mental status.

E. Affective Skills
1. While in the clinical setting, the student must demonstrate integrity.
   a. The student must demonstrate honesty and trustworthiness.
   b. The student must maintain confidentiality.
   c. The student must accurately complete documentation.

2. While in the clinical setting, the student must demonstrate empathy.
   a. The student will respond appropriately to the emotional needs of the patients/family members and the health care team.
   b. The student will demonstrate respect for others.
   c. The student will demonstrate a calm, compassionate, and helpful demeanor.

3. While in the clinical setting, the student must demonstrate self-motivation.
   a. The student will take initiative to complete assignments.
   b. The student will seek out learning experiences
   c. The student will take initiative to improve and/or correct behavior
   d. The student will take on/follow through on tasks with minimal supervision.
   e. The student will show enthusiasm for learning and improvement.
   f. The student will strive for excellence in all aspects of patient care and professional activities.
   g. The student will accept constructive feedback in a positive manner.
4. While in the clinical setting, the student will demonstrate proper appearance and personal hygiene.
   a. The student will wear neat, clean, well-maintained clothing and/or uniform.
   b. The student will demonstrate good personal hygiene and grooming.
   c. The student will wear proper uniform and identification.
5. While in the clinical setting, the student will demonstrate self-confidence.
   a. The student will demonstrate the ability to trust personal judgment.
   b. The student will demonstrate an awareness of strengths and limitations.
   c. The student will exercise good personal judgment.
6. While in the clinical setting, the student will demonstrate adequate communication skills.
   a. The student will speak clearly, write legibly, and listen actively.
   b. The student will document a complete and accurate patient care report.
   c. The student will communicate effectively with Medical Control
   d. The student will adjust communication strategies as needed.
7. While in the clinical setting, the student will demonstrate effective time management.
   a. The student will demonstrate consistent punctuality.
   b. The student will complete tasks and assignments on time.
8. While in the clinical setting, the student will demonstrate teamwork and diplomacy.
   a. The student will place the success of the team above self-interest.
   b. The student will help and support other team members.
   c. The student will show respect for all team members.
   d. The student will remain flexible and open to change.
   e. The student will communicate effectively with others to resolve problems.

**Course Outline**

A. Introduction
   1. Introduction of EMS Staff, Instructors and students
   2. EMS program policies

B. Clinical Orientation
   1. All immunization records, physical exam results, drug screen, criminal background check must be submitted.

C. Emergency Room
   Student will be scheduled for 24 contact hours.

Purpose:
It is the purpose of this rotation is to assess patients presenting with various medical problems in a medically supervised facility. It is at the preceptor’s
discretion which skills and medications the student may perform/administer during their clinical rotations.

During the clinical rotations in the ED, the student will:
1. Utilize appropriate universal precautions at all times.
2. Assist in the triage of patients.
3. Perform a patient assessment, including:
   a. Vital signs, pulse oximetry and glucose check
   b. Obtain chief complaint and history of present illness.
   c. Perform a physical exam.
   d. Obtain medical history.
4. Demonstrate proper airway management and oxygen therapy.
5. Discuss and demonstrate knowledge of medication prior to administration, including looking up the medication for the following: indications, contraindications, proper dosage, side effects, calculations of dosage and proper administration technique (nebulized or oral). Only administer the medication under direct supervision of the RN, MD, or LIT preceptor. Never administer a medication you have not looked up.
6. Assist with the following: hemorrhage control, splinting techniques and cardiac arrest patients (CPR and or BVM).

D. Ambulance Service
Students will be scheduled 72 contact hours

During the field rotations with an EMS Service, the student will:
1. Utilize appropriate universal precautions at all times.
2. Assist in the triage of patients.
3. Perform a patient assessment, including:
   a. Vital signs, pulse oximetry and glucose check
   b. Obtain chief complaint and history of present illness.
   c. Perform a physical exam.
   d. Obtain medical history.
4. Demonstrate proper airway management and oxygen therapy including.
5. Assist with the following: hemorrhage control, splinting techniques and cardiac arrest patients (CPR and or BVM).
6. Document all patient contacts for that ambulance rotation.
7. Preceptor shall document a student evaluation form.
8. Student shall document an ambulance rotation evaluation form.
E. Simulation

Simulation can be used to enhance or substitute for required clinical hours. Accrediting agencies at this time do not define an equivalence ratio between simulation and clinical hours for EMS education programs, however, evidence supports the use of a ratio of 2 clinical hours to 1 hour of simulation (Jimenez, 2017; Sullivan et al., 2019). This is due to the robust, compressed nature of simulation which enhances clinical reasoning by guiding students through purposeful, guaranteed learning experiences.

Allowable simulation contact hour substitutions by area:
1. Hospital / Emergency Room
   a. 6 hospital simulation contact hours can be substituted for 12 hospital / emergency room contact hours.
2. Ambulance Service
   a. 16 ambulance simulation contact hours can be substituted for 32 ambulance service contact hours.

F. Clinical Completion Paper

1. Clinical paper discussing the role you had in each of the clinical and field settings. Requirements for the clinical paper are as follows:
   a. 12 font, Times New Roman or Calibri
   b. Single spaced
   c. 750 minimum word count, 1000 + preferred.

Grade Scale

<table>
<thead>
<tr>
<th>Grade</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>90-100</td>
</tr>
<tr>
<td>B</td>
<td>84-89</td>
</tr>
<tr>
<td>C</td>
<td>75-84</td>
</tr>
<tr>
<td>D</td>
<td>70-74</td>
</tr>
<tr>
<td>F</td>
<td>0-69</td>
</tr>
</tbody>
</table>

Course Evaluation

Final grades will be calculated according to the following criteria:

- Evaluation Forms: 60%
- Affective: 20%
- Clinical Paper: 20%

Course Requirements

- All class hours must be attended or make up hours documented, as required by the Texas Department of State Health Services.
- Lab Skill are required to be passed the number of times assigned to each specific lab skill.
Course Policies

1. Patient Care Reports
   - Each patient care report will be completed in either black or blue ink. The report needs to be legible.
   - All patient care report blanks will be addressed.
   - The patient care report will be signed by the student as well as the preceptor upon completion.

2. FISDAP
   - FISDAP will be the official clinical scheduling calendar. All shifts will be assigned in the FISDAP Clinical scheduler.

3. Attendance
   - Attendance is mandatory in all assigned clinical rotations. If you are going to be unable to attend a scheduled clinical or field rotation then arrangements need to be made with the Clinical Coordinator.

Lab/Simulation Skills Required

1. All required lab/simulation skills must be checked off prior to any student performing that skill in a clinical/field setting.

2. A preceptor must be present and at the students side in order for a student to administer or help patient self-administer any medications.

Technical Requirements (for courses using Blackboard)
The latest technical requirements, including hardware, compatible browsers, operating systems, software, Java, etc. can be found online at:
A functional broadband internet connection, such as DSL, cable, or WiFi is necessary to maximize the use of the online technology and resources.

Disabilities Statement
The Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973 are federal anti-discrimination statutes that provide comprehensive civil rights for persons with disabilities. LIT provides reasonable accommodations as defined in the Rehabilitation Act of 1973, Section 504 and the Americans with Disabilities Act of 1990, to students with a diagnosed disability. The Special Populations Office is located in the Eagles’ Nest Room 129 and helps foster a supportive and inclusive educational environment by maintaining partnerships with faculty and staff, as well as promoting awareness among all members of the Lamar Institute of Technology community. If you believe you have a disability requiring an accommodation, please contact the Special Populations Coordinator at (409)839-2018. You may also visit the online resource at Special Populations - Lamar Institute of Technology (lit.edu)
Student Code of Conduct Statement

It is the responsibility of all registered Lamar Institute of Technology students to access, read, understand and abide by all published policies, regulations, and procedures listed in the LIT Catalog and Student Handbook. The LIT Catalog and Student Handbook may be accessed at www.lit.edu or obtained in print upon request at the Student Services Office. Please note that the online version of the LIT Catalog and Student Handbook supersedes all other versions of the same document.
