Orientation and Line Skills Fundamentals (LWK 1301)

Credit: 3 semester credit hours (3 hours lecture)

Prerequisite/Co-requisite: None

Course Description
Examination of utility company operations. Topics include company structure, safety and distribution standards handbook, linesman’s tools, vocabulary, and work procedures. Discussion of basic electrical systems, including the history of power generation and distribution, with emphasis on generating plants and substations.

Required Textbook and Materials
1. Electrical Essentials For Powerline Workers, Wayne Van Soelen
2. OSHA handouts
3. Handout literature

Course Objectives
Describe financial operations of a typical power company; explain customer relations; identify electrical systems, lineman’s tools, and work procedures; illustrate system operation and design; and list safe and proper handling of all equipment.

A. The students will explain customer relations
B. The student will be able to identify electrical systems, lineman’s tools and work procedures.
C. The student will describe financial operations of a typical power company
D. The student will demonstrate safe and proper handling of all equipment.
E. The student will learn to demonstrate the proper use of rigging, knots, and splices.
F. The student will be able to follow safe work procedures.
G. The student will illustrate system operation and design.

Course Outline
I. Personal protective equipment
   A. use, care, storage
   B. Inspection
II. Poles
   A. Setting
      1. Safety
      2. Rake
      3. Cant
      4. Tamping
      5. Setting depth
   B. Pole sizes, length and class
   C. Creosote, CCA hazards
III. Hand tools
   U. Use, care, storage
   B. Inspection
IV. Wire ties and armor rods
   A. Safe work procedures and PPE
   B. Assembly and installing armor rods
   P. Proper ties
   D. Pre-formed ties
V. Conductors
   A. AWG

Approved 12/2013
LNWK 1301
Course Syllabus

B. DC resistance
C. Ampacity
D. Types of conductor
E. Handling conductor
F. Connector types

VI. Rigging
A. Rope – types, strength, inspection, and storage
B. Slings
C. Knots
D. Plaiting
E. Rigging procedures

VII. System operation and design
A. Electric power systems
B. Customer relations

Grade Scale
90 – 100 A
80 – 89 B
70 – 79 C
60 – 69 D
0 – 59 F

Course Evaluation
Final grades will be calculated according to the following criteria:

<table>
<thead>
<tr>
<th>Activity</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Rigging Exam</td>
<td>20%</td>
</tr>
<tr>
<td>Tool and Material Exam</td>
<td>20%</td>
</tr>
<tr>
<td>Equipment operation</td>
<td>10%</td>
</tr>
<tr>
<td>Tie Practical</td>
<td>15%</td>
</tr>
<tr>
<td>Conductor Exam</td>
<td>20%</td>
</tr>
<tr>
<td>Daily Grades</td>
<td>15%</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>100%</strong></td>
</tr>
</tbody>
</table>

Grade points will be awarded in accordance with the college catalog

1. Assignments are due on the due date assigned. Late assignments are not accepted.

2. Tests must be taken on the announced date.

Course Requirements

1. Demonstrate proper use, care, and inspection on common tools and PPE
2. Explain proper pole setting techniques
3. Demonstrate and explain proper knots and rigging
4. Follow all safety rules
5. Properly clip in conductor
6. Identify conductor sizes and corresponding color codes
7. Explain typical power system operations and design

Attendance Policy

1. Class attendance is important to obtain the educational objectives of this course. Prospective employers may also review your attendance records. Regular
LNWK 1301
Course Syllabus

1. Attendance and being on time for classes will have a positive effect on your academics and employment opportunities.

2. Two absences will result 1 letter grade drop, three absences drop 2 letter grades.

3. **Four absences result in an F for the semester.**

**Course Policies**
1. No food, drinks in class.
2. Daily lab grades cannot be made up.
3. No make ups for lab tests.
4. Any written test retake has an 80 point maximum grade.
5. LIT is a tobacco free campus- no tobacco products allowed
6. Students must have and wear all required clothing, including climbing boots at all times, and have PPE and tools for participation in class, lab and on field.
7. Students must follow safety rules and procedures at all times. Failure to follow safety rules will require disciplinary action not limited to expulsion from LIT.
8. Turn off all Cell Phones during class, lab and when on the field. Unauthorized cell phone use will result in a 0 for the daily grade.
9. Do not bring children to class.
10. Cheating of any kind will not be tolerated. Students caught cheating or helping someone to cheat can and will be removed from the class for the semester. Cheating can result from expulsion from LIT.
11. If you wish to drop a course, the student is responsible for initiating and completing the drop process. If you stop coming to class and fail to drop the course, you will earn an ‘F’ in the course.
12. Internet Usage
   a. Classroom computers have access to the internet.
   b. Student usage of the internet will be monitored.
   c. Proper usage of the internet will be allowed. Used for classroom research or as directed.
   d. Any unauthorized use of the internet will not be tolerated.
   e. Improper usage of the internet, such as profanity, pornography, gambling, etc… will result in disciplinary action not limited to expulsion from LIT.

**Disabilities Statement**
The Americans with Disabilities Act of 1992 and Section 504 of the Rehabilitation Act of 1973 are federal anti-discrimination statutes that provide comprehensive civil rights for persons with disabilities. Among other things, these statutes require that all students with documented disabilities be guaranteed a learning environment that provides for reasonable accommodations for their disabilities. If you believe you have a disability requiring an accommodation, please contact the Special Populations Coordinator at (409) 880-1737 or visit the office in Student Services, Cecil Beeson Building.
