COURSE TITLE (Failure Analysis (DEMR 2348 3A1 & 5A1)

CREDIT
3  Semester Credit Hours (3 hours lecture, 1 hour Lab)

MODE OF INSTRUCTION
Face to Face

PREREQUISITE/CO-REQUISITE:
None

COURSE DESCRIPTION
An advanced course designed for analysis of typical part failures on equipment use with Diesel Engines.

COURSE OBJECTIVES
Upon completion of this course, the student will be able to
1. Identify the type of part failure using visual and special testing equipment.
2. Explain nondestructive testing procedures to identify failures.
3. Identify wear type and reasons for wear or failure.
4. List coolant system major components and functions.
5. Describe the service of valves and related components.

INSTRUCTOR CONTACT INFORMATION
Instructor: Pete Matak III
Email: pmatak@lit.edu
Office Phone: 409 247 5058
Office Location: ITC-2 104
Office Hours: Monday / Wednesday 1:30 – 2:30 pm during semester

REQUIRED TEXTBOOK AND MATERIALS
1. Diesel Technology Fundamentals, Service, Repair
Author: Norman, Corinchock, Scharff
Publisher: Goodheart and Willcox Company, Inc.

Approved: PMIII / 1-12-2024
2. Diesel Technology Workbook  Fundamentals, Service, Repair  
Author: Norman, Corinchock, Scharff  
Publisher: Goodheart and Willcox Company, Inc  

4. Notebook and 8.5” x 11” notebook paper  
5. Blue and Black ink pens

**ATTENDANCE POLICY**  
1. Missing more than 20% of classes will result in an automatic “F” for the course.  
2. Absences are counted for unexcused, excused and coming to class late.  
3. Missing more than 20% of a class period will count as an absence.  
4. Being tardy 3 times equals 1 absence.

**DROP POLICY**  
If you wish to drop a course, you are responsible for initiating and completing the drop process. If you stop coming to class and fail to drop the course, you will earn an “F” in the course.

**COURSE EVALUATION**

Final grades will be calculated according to the following criteria:

- Daily work, quizzes, and homework assignment. 45%
- Test over Lecture and Chapters 30%
- Outside assignment or class presentation. 5%
- Final Exam 20%
- Total 100%
GRADE SCALE

- 90-100        A
- 80-89.9       B
- 70-79.9       C
- 60-69.9       D
- 0-59.9        F

TECHNICAL REQUIREMENTS
The latest technical requirements, including hardware, compatible browsers, operating systems, etc. can be online at https://lit.edu/online-learning/online-learning-minimum-computer-requirements. A functional broadband internet connection, such as DSL, cable, or WiFi is necessary to maximize the use of online technology and resources.

DISABILITIES STATEMENT
The Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973 are federal anti-discrimination statutes that provide comprehensive civil rights for persons with disabilities. LIT provides reasonable accommodations as defined in the Rehabilitation Act of 1973, Section 504 and the Americans with Disabilities Act of 1990, to students with a diagnosed disability. The Special Populations Office is located in the Eagles’ Nest Room 129 and helps foster a supportive and inclusive educational environment by maintaining partnerships with faculty and staff, as well as promoting awareness among all members of the Lamar Institute of Technology community. If you believe you have a disability requiring an accommodation, please contact the Special Populations Coordinator at (409)-951-5708 or email specialpopulations@lit.edu. You may also visit the online resource at Special Populations - Lamar Institute of Technology (lit.edu).

STUDENT CODE OF CONDUCT STATEMENT
It is the responsibility of all registered Lamar Institute of Technology students to access, read, understand and abide by all published policies, regulations, and procedures listed in the LIT Catalog and Student Handbook. The LIT Catalog and Student Handbook may be accessed at www.lit.edu. Please note that the online version of the LIT Catalog and Student Handbook supersedes all other versions of the same document.

STARFISH
LIT utilizes an early alert system called Starfish. Throughout the semester, you may receive emails from Starfish regarding your course grades, attendance, or academic performance. Faculty members record student attendance, raise flags and kudos to express concern or give praise, and you can make an appointment with faculty and staff all through the Starfish home page. You can also login to Blackboard or MyLIT and click on the Starfish link to view academic alerts and detailed information. It is the responsibility of the student to pay attention to these emails and information in Starfish and consider taking the recommended actions. Starfish is used to help you be a successful student at LIT.
ADDITIONAL COURSE POLICIES/INFORMATION

1. No Cell Phone or Electronic Devices allowed in class, unless it is known to the instructor, for a special reasoning.

   All cell phones must be put away in the classroom cell phone lock box.

2. No smoking or use of any tobacco products allowed

3. Do not bring any food or drinks in class

4. No visitor allowed in class including children

5. Do not disturb lecture for any reason. If you must leave class or come in late, do so without disturbing class.

6. DRESS CODE: Proper work attire only, NO Open shoes, Short pants, low riding, or sleeveless shirts, will be allowed in any program classrooms.

7. No grades will be dropped, No homework or assignments can be made up or accepted after instructor has taken up for grading.

8. Homework must be done in proper outline form, neat and legible, prepared on loose leaf (8.5” X 11”) note book paper, written only on one side.

9. Assignment must be turn in at the beginning of class

10. Any student caught cheating will be dropped from class and given an F for the semester grade.

11. Students are required to be present for all examinations and lectures.

12. Learning activities will be subjectively graded by the instructor. Students assigned to a group must be present at all times when the project is being worked on.

NOTE:

Students who violate any of these policies will be asked to leave class and given an absent for the class period. Students who are continuing disturbing classes will be suspended from class for the remainder of the semester and given an grade of F.

Students may vary in their competency levels on these abilities. You can expect to acquire these abilities only if you honor all course policies, attend classes regularly, complete all assigned work in good faith and on time, and meet all other course expectations of you as a student.

Course Outline

A.) Introduction
   1. Introduction of faculty and students
   2. Review Syllabus
   3. Review Class Policies
   4. Reviewing Student Enrollment

B.) Engine Reassembly and Installation
   1. Establishing Good Work Habits
   2. Inspection and reassembly of Cylinder Block, Sleeves, and Crankshaft Assembly
   3. Timing of Inline or Distributor Injection Pumps
4. Cylinder Head Reassembly and Installation
5. Unit Fuel Injectors
6. Rebuilt Engine Run-In Procedures
7. Engine Dynamometer Run-In and Chassis Dynamometer and Operation
8. Engine Installation into Vehicle

C.) Cylinder Heads and Related Components
   1. Cylinder Head and Proper Removal
   2. Cylinder Head Inspection and Service
   3. Valves Inspection, Service, and Identification
   4. Valve Guides, Springs, and Seats, Types, Inspection and Service

D.) Camshaft and Valve Train Components
   1. Valve Train Operating Mechanisms
   2. Inspecting and Servicing the Valve Train
   3. Assembling the Valve Train Components

E.) Cooling Systems
   1. Types of Cooling Systems, Coolants, Radiator Systems, Surge Tanks, Radiators, and Radiator Fan Shroud
   2. Hoses and Radiator Outlets
   3. Cleaning and Replacing Cooling System Components
   4. Water Manifolds, Water Pumps, and V-Belt Drives
   5. Suction Fans and Blower Fans
   6. Industrial Engine Cooling Systems
   7. Marine Engine Cooling System
