

**LAMAR
INSTITUTE OF
TECHNOLOGY**

July 6, 2012

Members of the Board of Regents
The Texas State University System

Dear Regents:

Following is our recommendation for the annual budget of Lamar Institute of Technology for the fiscal year beginning September 1, 2012. The proposed budget includes all educational and general, designated, and auxiliary enterprise activities.

Highlights of the budget for the upcoming year include increases to Designated Tuition and Health Center Fee revenues, filling vacancies in critical need areas, increase in technology equipment purchases in academic and operational program areas, and a contingency for faculty and staff salary increases for FY2013.

Sincerely,

Paul J. Szach, Ed. D.
President

Jonathan C. Wolfe
Vice President for Finance & Operations

LAMAR INSTITUTE OF TECHNOLOGY

**Lamar Institute of Technology
Major Budget Initiatives
Fiscal Year 2013**

The Institute's budget was prepared assuming flat enrollment for FY 2013 compared to FY 2012.

Education and General Funds

State appropriations for FY2013 decreased by \$10,410 from FY2012 due to state-wide reductions in General Revenue Appropriations. Last year's headcount enrollment decreased 1% compared to the previous year. E & G tuition and fees budgeted were not increased for FY 2013.

Designated Funds

Designated tuition revenue funds increased by \$200,000. The entire \$200,000 increase was budgeted to support the Education and General Fund budgets.

Auxiliary Funds

Auxiliary fund budgets remained constant with the exception of adjustments in the fees transferred to Lamar University for auxiliary related activities.

Current Fiscal Condition

The overall fiscal condition of the Institute continues to be sound with a positive balance in each of the fund categories. Although the Institute has experienced a decrease in enrollment in the last year, the outlook is that credit enrollment will continue to increase slightly during the coming year. However Workforce Development enrollments will be more challenging due to market conditions. The Institute has launched several very promising initiatives to increase student enrollment. The approved increase in designated tuition has enabled the Institute to continue to offer a wide variety of Associate Degrees, Certificate programs, and expanded Dual Enrollment while remaining to be a very affordable and accessible educational option for many students. Should the state mandate further reductions in General Revenue in the coming year, it will be necessary to raise designated tuition and other associated fees.
